Agency Information Collection Activities; Reporting and Recordkeeping for Snowcoaches and Snowmobiles, Yellowstone National Park

AGENCY: National Park Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the National Park Service (NPS, we) are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before August 5, 2019.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to Phadrea Ponds, Acting NPS Information Collection Clearance Officer, 1201 Oakridge Drive, Fort Collins, CO 80525; or by email at phadrea_ponds@nps.gov; or by telephone at 970-267-7231. Please reference OMB Control Number 1024-0266 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR by mail, contact Willie Burkhardt, Concessions Management Specialist, P.O. Box 168, Mammoth Hot Springs Yellowstone National Park, WY 82190-0168; or by email at willie_burkhardt@nps.gov; or by telephone at 307-344-2272. Please reference OMB Control Number 1024-0266 in the subject line of your comments.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to

comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The NPS authorized by the regulations in 36 CFR 7.13(l) to establish a management framework that allows the public to experience the unique winter resources and values at Yellowstone National Park. The final rule includes provisions that allow greater flexibility for commercial tour operators, provide mechanisms to make the park cleaner and quieter during the winter seasons, reward over-snow vehicle innovations and technologies, and allow increases in visitation. It also requires all over-snow vehicles (OSV) operating in the park to meet air and sound emission requirements and be accompanied by a guide. This rule also requires that commercial OSV operators provide the following in a monthly use report and maintain certain records relating to:

Emission and Sound Standards (§ 7.13(l)(4)(vii) and (5)). Only OSVs that meet NPS emission and sound standards may operate in the park. Before the start of each winter season:

(a) Snowcoach manufacturers or commercial tour operators must demonstrate,

by means acceptable to the Superintendent, that their snowcoaches meet the standards.

(b) Snowmobile manufacturers must demonstrate, by means acceptable to the Superintendent, that their snowmobiles meet the standards.

Transportation Events (§ 7.13(l)(11)(i)-(iii)). So that we can monitor compliance with the required average and maximum size of transportation events, as of December 15, 2014, each commercial tour operator must:

(a) Maintain accurate and complete records on the number of snowmobiles and snowcoaches he or she brings into the park on a daily basis. These records must be made available for inspection by the park upon request.

(b) Provide a monthly use report on their activities. Form 10-650, "Concessioner Monthly Use Report", available on the park website, is used to collect information for transportation events.

Enhanced Emission Standards (§ 7.13(l)(11)(iv)). To qualify for the increased average size of snowmobile transportation events or increased maximum size of snowcoach transportation events, each commercial tour operator must:

(a) Before the start of each winter season, demonstrate, by means acceptable to the Superintendent, that his or her snowmobiles or snowcoaches meet the enhanced emission standards; and

(b) Maintain separate records for snowmobiles and snowcoaches that meet enhanced emission standards and those that do not.

We will use the information collected to: (1) Ensure that OSVs meet NPS emission standards to operate in the park; (2) evaluate commercial tour operators' compliance with allocated transportation events and daily and seasonal OSV group size limits; (3) ensure that established daily transportation event limits for the park are not exceeded, (4) confirm that commercial tour operators do not run out of authorizations before the end of the season and create a gap when prospective visitors cannot be accommodated, and (5) guarantee compliance with applicable laws and regulations.

Title of Collection: Reporting and Recordkeeping for Snowcoaches and Snowmobiles, Yellowstone National Park, 36 CFR 7.13(l).

OMB Control Number: 1024-0266.

Form Number: NPS Form 10-650.

Type of Review: Extension of a currently approved collection.

Description of Respondents: Businesses desiring to operate snowcoaches and snowmobiles in Yellowstone National Park.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: None.

Activity	Estimated annual respondents	Estimated annual responses	Average completion time per response (hours)	Estimated annual burden hours *
Transportation Events—Reporting and Recordkeeping for Snowcoaches and Snowmobiles				
Reporting	15	45	1.5	67.5
Recordkeeping5	22.5
Meet Emission/Sound Standards				
Private Sector	14	14	.5	7
Meet Enhanced Emission Standards				
Reporting	5	5	.25	1.25
Recordkeeping25	1.25
Totals	34	64	100

* Rounded.

While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Gathering and removing plants or plant parts is currently prohibited in National Park System areas unless specifically authorized by Federal statute or treaty rights or conducted under the limited circumstances authorized by an existing regulation codified in 36 CFR 2.1(c). Regulations codified in 36 CFR part 2 allow the gathering and removal of plants or plant parts by enrolled members of federally recognized tribes for traditional purposes. The regulations authorize agreements between the NPS and federally recognized tribes to facilitate the continuation of tribal cultural practices on lands within areas of the National Park System where those practices traditionally occurred, without causing a significant adverse impact to park resources or values. The regulations:

- Respect tribal sovereignty and cultural practices,
- further the government-to-government relationship between the United States and the Indian Tribes,
- provide system-wide consistency for this aspect of NPS-Tribal relations.
