

additional 120 calendar days will provide Commission staff an opportunity to continue its review of the initial Form ATS–N disclosures and discussions with Magma ATS.

In the conversations between Magma ATS and Commission staff about the initial Form ATS–N disclosures and the ATS operations, Commission staff and Magma ATS have discussed a potential amendment to update Magma ATS's disclosures regarding the complexities of its operations. Extending the review period will enable the NMS Stock ATS to amend its disclosures, if appropriate, and allow Commission staff to conduct a thorough review of amendments to the initial disclosures provided on the initial Form ATS–N.

For the reasons given above, the Commission is extending the review period of the initial Form ATS–N submitted by Magma ATS. Accordingly, pursuant to Rule 304(a)(1)(iv)(B), October 6, 2019 is the date by which the Commission may declare the initial Form ATS–N submitted by Magma ATS ineffective.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–85972; File No. 013–00031]

Initial Form ATS–N Filing; Notice of Extension of Commission Review Period

May 31, 2019.

On February 1, 2019, BIDS ATS filed an initial Form ATS–N (“Form ATS–N”) with the Securities and Exchange Commission (“Commission”). Pursuant to Rule 304 under the Securities and Exchange Act of 1934 (“Act”), the Commission may, after notice and an opportunity for hearing, declare an initial Form ATS–N ineffective no later than 120 days from the date of filing with the Commission, or, if applicable, the extended review period. June 1, 2019 is 120 calendar days from the date of filing. Pursuant to Rule 304(a)(1)(iv)(B), the Commission may extend the initial Form ATS–N review period for up to an additional 120 calendar days if the initial Form ATS–N is unusually lengthy or raises novel or complex issues that require additional time for review.

BIDS ATS was operating pursuant to an initial operation report on Form ATS on file with the Commission as of

January 7, 2019.¹ BIDS ATS filed an initial Form ATS–N on February 1, 2019. During the initial 120 calendar day review period, the Commission staff has been reviewing the disclosures on BIDS ATS's initial Form ATS–N. In addition, the staff has been engaged in ongoing discussions with BIDS ATS about its disclosures and manner of operations, as well as the requirements of Form ATS–N, to facilitate complete and comprehensible disclosures that reflect the complexities of those operations.

Form ATS–N requires NMS Stock ATSs to file with the Commission, and disclose to the public for the first time, certain information, including descriptions by the NMS Stock ATSs of their fees, the trading activities by their broker-dealer operators and their affiliates in the NMS Stock ATSs, their use of market data, their written standards for granting access to trading on the NMS Stock ATSs, and their written safeguards and procedures for protecting their subscribers' confidential trading information required by revised Rule 301(b)(10) of Regulation ATS. The initial Form ATS–N disclosures and discussions with Commission staff have revealed complexities about the operations of Legacy NMS Stock ATSs including, among other things, matching functionalities, means of order entry, order interaction and execution procedures, conditional order processes, segmentation of orders, and counterparty selection protocols. The Commission staff needs additional time to review novel and complex issues such as these, which Commission staff has discussed with BIDS ATS. Extending the initial Form ATS–N Commission review period for an additional 120 calendar days will provide Commission staff an opportunity to continue its review of the initial Form ATS–N disclosures and discussions with BIDS ATS.

In the conversations between BIDS ATS and Commission staff about the initial Form ATS–N disclosures and the ATS operations, Commission staff and BIDS ATS have discussed a potential amendment to update BIDS ATS's disclosures regarding the complexities of its operations. Extending the review period will enable the NMS Stock ATS to amend its disclosures, if appropriate, and allow Commission staff to conduct a thorough review of amendments to the initial disclosures provided on the initial Form ATS–N.

¹ An NMS Stock ATS (as defined in Rule 300(k) of Regulation ATS) that was operating pursuant to an initial operation report on Form ATS on file with the Commission as of January 7, 2019 is a “Legacy NMS Stock ATS.” 17 CFR 242.301(b)(2)(viii).

For the reasons given above, the Commission is extending the review period of the initial Form ATS–N submitted by BIDS ATS. Accordingly, pursuant to Rule 304(a)(1)(iv)(B), September 29, 2019 is the date by which the Commission may declare the initial Form ATS–N submitted by BIDS ATS ineffective.

By the Commission.

Eduardo A. Aleman,

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–85985; File No. SR–CboeBZX–2019–046]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Amending Rule 21.7 Concerning Openings Following Trading Halts

May 31, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on May 22, 2019, Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b–4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (the “Exchange” or “BZX Options”) proposes to amend Rule 21.7. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

⁴ 17 CFR 240.19b–4(f)(6).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change harmonizes how the opening auction process will be used following all trading halts. Currently, the Exchange opens trading following a Regulatory Halt (as defined below) in a different manner than it opens trading following a non-Regulatory Halt. Specifically, current Rule 21.7(a) provides that the Exchange will accept market and limit orders and quotes for inclusion in the opening process (the "Opening Process") immediately upon trading being halted in an option series due to the primary listing market for the applicable underlying security declaring a regulatory trading halt, suspension, or pause with respect to such security (a "Regulatory Halt"), with respect to equity options. For equity options, where a User has entered instructions not to cancel its open orders upon a halt pursuant to Rule 20.3(b), such orders will be queued for participation in the Opening Process for a Regulatory Halt or will be cancelled for a halt that is not a Regulatory Halt. Where trading is halted pursuant to Rule 20.3, but it is not due to a Regulatory Halt, there will be no Order Entry Period and trading shall be resumed upon the determination by the Exchange that the conditions which led to the halt are no longer present or that the interests of a fair and orderly market are best served by a resumption of trading.

The Exchange has determined to eliminate the distinction between how the opening auction process applies following a Regulatory Halt and a non-Regulatory Halt. The proposed rule change provides that the opening auction process following any trading halt will apply in the manner it currently applies following a Regulatory Halt. In other words, following a non-

Regulatory Halt, there will be an Order Entry Period that begins immediately when the Exchange halts trading in a class. Additionally, in the event of a non-Regulatory Halt, the System will queue a User's orders and quotes resting on the book at the time of the trading halt for participation in the Opening Process following the trading halt, unless the User entered instructions to cancel its resting orders and quotes. This will provide Users with the ability to decide how its resting orders and quotes should be handled in the event of a non-Regulatory Halt, as they are currently able to do in the event of a Regulatory Halt. The Exchange also believes elimination of this distinction will eliminate potential investor confusion regarding how the System will handle orders and quotes in the event of a trading halt.⁵

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. In particular, the proposed rule change will protect investors by eliminating potential confusion regarding how the Exchange will open series following trading halts, and by providing Users with flexibility regarding how the System will handle their orders and quotes following a non-Regulatory Halt

(as they currently have following a Regulatory Halt).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will not impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. All Users will have the same flexibility regarding how the System will handle their orders and quotes following non-Regulatory Halts, which is the same flexibility currently available to Users following Regulatory Halts. If a User wants its orders and quotes to be handled following a non-Regulatory Halt in the manner they are today, that User can instruct the Exchange to do so. The proposed rule change will not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change only impacts how the Exchange will open series following a non-Regulatory Halt. The proposed change is not intended to be a competitive change, but rather to provide Users with flexibility with respect to the handling of their orders and quotes following a non-Regulatory Halt.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰

⁵ 15 U.S.C. 78s(b)(3)(A)(iii).

⁶ The proposed rule change also makes conforming changes throughout Rule 21.7, and other nonsubstantive changes to Rule 21.7.

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

⁹ *Id.*

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing

If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Relocate the Order Audit Trail System Rules

May 31, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 23, 2019, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to (a) rename the title of Equity 5 "Order Audit Trail Services" under the Exchange's rulebook ("Rulebook") shell structure³ to Equity 5 "Order Audit Trail System"; (b) relocate its current Rule 7000A Series concerning the Order Audit Trail System ("OATS") to Equity 5 "Order Audit Trail System" (as renamed by this proposal); and (c) make conforming

¹¹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ In 2017, the Exchange added a shell structure to its Rulebook with the purpose of improving efficiency and readability and to align its rules closer to those of its five sister exchanges, Nasdaq BX, Inc. ("BX"); Nasdaq PHLX LLC ("Phlx"); Nasdaq ISE, LLC; Nasdaq GEMX, LLC; and Nasdaq MRX, LLC ("Affiliated Exchanges"). See Securities Exchange Act Release No. 82175 (November 29, 2017), 82 FR 57494 (December 5, 2017) (SR-NASDAQ-2017-125). This proposed change is the first of a total of three, which will move the OATS rules of Nasdaq, BX, and Phlx to their respective shell structures.

cross-reference changes in Rules 5320A and IM-9216.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to (a) rename the title of Equity 5 "Order Audit Trail Services" under the Rulebook shell structure to Equity 5 "Order Audit Trail System"; (b) relocate its current Rule 7000A Series concerning OATS to Equity 5 "Order Audit Trail System" (as renamed by this proposal); and (c) make conforming cross-reference changes in Rules 5320A and IM-9216, as detailed below.

1. Rename the Title of Equity 5

The title of Equity 5 is currently "Order Audit Trail Services." The word "Services" was erroneously inserted when adopting the shell. The accurate word is "System," which reflects the name of the FINRA Order Audit Trail System to which the rules thereunder apply. Consequently, the Exchange is making a corrective change to the name of the rule.

2. Relocation of the OATS Rules

The Exchange, as part of its continued effort to promote efficiency and the conformity of its rule structure with those of the Affiliated Exchanges,⁴ and the goal of harmonizing and making its rule structure uniform, proposes to relocate the OATS rules, currently under the Rule 7000A Series, into Equity 5 "Order Audit Trail System" of the shell structure. Specifically, the Exchange will add the word "Section"
