

Scope of the Orders

The products covered by this order are certain flexible magnets regardless of shape,⁷ color, or packaging.⁸ Subject flexible magnets are bonded magnets composed (not necessarily exclusively) of (i) any one or combination of various flexible binders (such as polymers or copolymers, or rubber) and (ii) a magnetic element, which may consist of a ferrite permanent magnet material (commonly, strontium or barium ferrite, or a combination of the two), a metal alloy (such as NdFeB or Alnico), any combination of the foregoing with each other or any other material, or any other material capable of being permanently magnetized. Subject flexible magnets may be in either magnetized or unmagnetized (including demagnetized) condition, and may or may not be fully or partially laminated or fully or partially bonded with paper, plastic, or other material, of any composition and/or color. Subject flexible magnets may be uncoated or may be coated with an adhesive or any other coating or combination of coatings.

Specifically excluded from the scope of this order are printed flexible magnets, defined as flexible magnets (including individual magnets) that are laminated or bonded with paper, plastic, or other material if such paper, plastic, or other material bears printed text and/or images, including but not limited to business cards, calendars, poetry, sports event schedules, business promotions, decorative motifs, and the like. This exclusion does not apply to such printed flexible magnets if the printing concerned consists of only the following: A trade mark or trade name; country of origin; border, stripes, or lines; any printing that is removed in the course of cutting and/or printing magnets for retail sale or other disposition from the flexible magnet; manufacturing or use instructions (e.g., “print this side up,” “this side up,” “laminated here”); printing on adhesive backing (that is, material to be removed in order to expose adhesive for use such as application of laminate) or on any other covering that is removed from the flexible magnet prior or subsequent to final printing and before use; non-permanent printing (that is, printing in a medium that facilitates easy removal, permitting the flexible magnet to be re-printed); printing on the back (magnetic side); or any combination of the above.

⁷ The term “shape” includes, but is not limited to profiles, which are flexible magnets with a non-rectangular cross-section.

⁸ Packaging includes retail or specialty packaging such as digital printer cartridges.

All products meeting the physical description of subject merchandise that are not specifically excluded are within the scope of this order. The products subject to the order are currently classifiable principally under subheadings 8505.19.10 and 8505.19.20 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided only for convenience and customs purposes; the written description of the scope of the order is dispositive. A full description of the scope of the order is contained in the Issues and Decision Memorandum.⁹

Analysis of Comments Received

All issues raised in this sunset review, specifically the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the *Orders* were to be revoked, are addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>.

Final Results of Reviews

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the AD orders on raw flexible magnets from China and Taiwan would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the margin of dumping likely to prevail if the AD *Orders* are revoked would be up to the following percentages:¹⁰

Country	Weighted-average margin (percent)
China	185.28
Taiwan	38.03

Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that Husteel Co., Ltd. (Husteel) and Hyundai Steel Company (Hyundai), producers/exporters of circular welded non-alloy steel pipe (CWP) from the Republic of Korea (Korea), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) November 1, 2016, through October 31, 2017.

DATES: Applicable June 6, 2019.

SUPPLEMENTARY INFORMATION:

Background

On December 3, 2018, Commerce published the *Preliminary Results* of the administrative review.¹ We invited

¹ See *Circular Welded Non-Alloy Steel Pipe from the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2016–*

interested parties to comment on the *Preliminary Results* and received case and rebuttal briefs from interested parties.² At the request of Husteel and Hyundai, Commerce held a public hearing on the *Preliminary Results* on February 26, 2019.³

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.⁴ On May 13, 2019, we extended the deadline for the final results.⁵ The revised deadline for the final results is now May 30, 2019.

These final results cover 25 companies. Based on an analysis of the comments received, we have made changes to the weighted-average dumping margins determined for the respondents. The weighted-average dumping margins are listed in the “Final Results of Review” section, below. Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is circular welded non-alloy steel pipe and tube. Imports of the product are currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings

¹ 2017, 83 FR 63619 (December 11, 2018) (*Preliminary Results*).

A full description of the scope of the order is contained in the Issues and Decision Memorandum.⁶

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice. The issues are identified at the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we made certain changes to the margin calculations for Husteel and Hyundai. For a discussion of these changes, see the “Margin Calculations” section of the Issues and Decision Memorandum.

Rate for Non-Examined Companies

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual review in an administrative

⁶ See Memorandum, “Issues and Decision Memorandum for the Final Results of the 2016–2017 Administrative Review of the Antidumping Order on Circular Welded Non-Alloy Steel Pipe from the Republic of Korea,” dated concurrently with and hereby adopted by this notice (Issues and Decision Memorandum).

review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}.”

For these final results, we calculated a weighted-average dumping margin that is not zero, *de minimis*, or determined entirely on the basis of facts available for Husteel and Hyundai. Accordingly, Commerce has assigned to the companies not individually examined the average of Husteel and Hyundai’s calculated weighted-average dumping margins for these final results.⁷

Final Results of the Administrative Review

We determine that the following weighted-average dumping margins exist for the period November 1, 2016, through October 31, 2017.

Disclosure

Commerce intends to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the

⁷ See Memorandum, “Circular Welded Non-Alloy Steel Pipe from the Republic of Korea: Calculation of the Final Margin for Respondents Not Selected for Individual Examination,” dated concurrently with and hereby adopted by this notice.

Federal Register, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this administrative review in the **Federal Register**.

Where the respondent reported reliable entered values, we calculated importer- (or customer-) specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer).⁸ Where Commerce calculated a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, Commerce will direct CBP to assess importer- (or customer-) specific assessment rates based on the resulting per-unit rates.⁹ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is greater than *de minimis* (i.e., 0.50 percent), Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁰ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹¹

For the companies which were not selected for individual review, we will assign an assessment rate based on the methodology described in the “Rates for Non-Examined Companies” section, above.

Consistent with Commerce’s assessment practice, for entries of subject merchandise during the POR produced by Husteel, Hyundai, or the non-examined companies for which the producer did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹²

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed in these final results will be equal to the weighted-average dumping margins established in the final results of this review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment in which the company was reviewed; (3) if the exporter is not a firm covered in this review or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 4.80 percent,¹³ the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the

Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Raw Flexible Magnets From the People’s Republic of China: Final Results of the Expedited Second Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this second sunset review, the Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on raw flexible magnets from the People’s Republic of China (China) would be likely to lead to the continuation or recurrence of a countervailable subsidy at the levels indicated in the “Final Results of Review” section of this notice.
