Please do not contact these venues directly with questions. Any questions regarding the public comment sessions should be directed to the FERC at: (866) 208–3372.

The public’s review of a draft Environmental Impact Statement is an important part of the Commission’s environmental review process. Although not required, the Commission is holding these public comment sessions, so that interested parties can provide their specific comments on the analyses and findings of the draft Environmental Impact Statement for the Jordan Cove Energy Project (draft EIS), which was issued on March 29, 2019. These comment sessions have been purposefully designed to efficiently and effectively allow for the greatest number of individuals to provide comments on the draft EIS.

Recognizing significant public interest for this project and in anticipation of a large turnout, FERC staff has chosen to allot more time for the public comment sessions than is typical. As described in the table above, the public comment sessions will be held between 1:00 and 8:00 p.m. You may arrive at any time after 1:00 p.m. Individuals arriving before 1:00 p.m. will not be permitted in the venue and should expect to wait.
