information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9089, Washington, DC 20202–0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Kashka Kubzdela, 202–245–7377 or email NCES.Information.Collections@ed.gov.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2019–20 National Postsecondary Student Aid Study (NPSAS:20) Institution Collection. OMB Control Number: 1850–0666.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Respondents/Affected Public: 6,073.

Total Estimated Number of Annual Burden Hours: 13,577.

Abstract: The 2019–20 National Postsecondary Student Aid Study (NPSAS:20) is a nationally representative cross-sectional study of how students and their families finance education beyond high school in a given academic year. NPSAS is conducted by the National Center for Education Statistics (NCES) and was first implemented by NCES during the 1986–87 academic year and has been fielded every 2 to 4 years since. This request is to conduct the 11th cycle in the NPSAS series that will be conducted during the 2019–20 academic year. NPSAS:20 will be both nationally- and state-representative. NPSAS:20 also will serve as the base year data collection for the 2020 cohort of the Beginning Postsecondary Students Longitudinal Study (BPS:20), a study of first-time beginning postsecondary students that will be conducted three years (BPS:20/22) and six years (BPS:20/25) after beginning their postsecondary education. NPSAS:20 will consist of nationally-representative sample undergraduate and graduate students, and a nationally-representative sample of first-time beginning students (FTBs). Subsets of questions in the student interview will focus on describing aspects of the experience of beginning students in their first year of postsecondary education, including student debt and education experiences. This submission covers materials and procedures related to institution sampling, institution contacting, enrollment list collection, and matching to administrative data files as part of the NPSAS:20 data collection. NCES will submit a separate clearance package covering the NPSAS:20 student data collection, including student record data abstraction and student interviews, in the summer of 2019. The materials and procedures are based on those developed for previous institution-based data collections, including NPSAS:16, BPS:12 student record collection, and the 2018 NPSAS Administrative Collection (NPSAS:18–AC). The NPSAS:20 enrollment list collection from institutions will take place from October 2019 through July 2020, the student records collection will take place from February through November 2020, and the student survey data collection will take place from January through November 2020.

Dated: June 6, 2019.

Stephanie Valentine, PRA Coordinator, Information Collection Clearance Program, Information Management Branch, Office of the Chief Information Officer.

Notice of Request for Information (RFI) on Marine Sciences Laboratory

ACTION: Request for information (RFI).

SUMMARY: The U.S. Department of Energy (DOE) invites public comment on the Marine Sciences Laboratory Request for Information (RFI). This RFI is seeking feedback addressing the growing Research and Development (R&D) interest in the use of the Department of Energy’s Pacific Northwest National Laboratory (PNNL) Marine Sciences Laboratory (MSL) facilities for renewable energy, maritime markets, and energy storage research, technology development and testing. This information will help DOE and PNNL prioritize resources and investments at the MSL.

DATES: Responses to the RFI must be received by no later than 5:00 p.m. (ET) on July 31, 2019.

ADDRESSES: Interested parties should submit comments electronically to WPTORFI@ee.doe.gov. Include Marine Sciences Laboratory Request for Information in the subject line. Responses must be provided as attachments to an email. It is recommended that attachments with file size exceeding 25 MB be compressed (i.e., zipped) to ensure message delivery. The complete RFI document is located at https://eere-exchange.energy.gov/.

FOR FURTHER INFORMATION CONTACT: Questions may be addressed to WPTORFI@ee.doe.gov or Carrie Noonan, Technical Project Officer, 240–562–1644. Further instruction can be found in the RFI document posted on EERE Exchange at https://eere-exchange.energy.gov/ under DE–FOA–0002123.

SUPPLEMENTARY INFORMATION: Pacific Northwest National Laboratory’s (PNNL) Marine Sciences Laboratory (MSL), located in Washington State, is the U.S. Department of Energy’s (DOE) only marine research facility. The laboratory helps the Nation achieve sustainable energy, a healthy environment, and robust security in coastal settings. The purpose of this request for information is to solicit feedback from industry, academia, other national laboratories, government agencies, and private entities regarding the use of this unique DOE marine laboratory as a research, development, testing, and validation venue supporting multiple DOE mission as they relate to the coastal and ocean environment.
Confidential Business Information

Pursuant to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email two well marked copies: One copy of the document marked “confidential” including all the information believed to be confidential, and one copy of the document marked “non-confidential” with the information believed to be confidential deleted. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

Factors of interest to DOE when evaluating requests to treat submitted information as confidential include: (1) A description of the items, (2) whether and why such items are customarily treated as confidential within the industry, (3) whether the information is generally known by or available from other sources, (4) whether the information has previously been made available to others without obligation concerning its confidentiality, (5) an explanation of the competitive injury to the submitting person that would result from public disclosure, (6) when such information might lose its confidential character due to the passage of time, and (7) why disclosure of the information would be contrary to the public interest.
