Self-Regulatory Organizations; NYSE American LLC: Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Commentary .02 to Rule 960NY in Order To Extend the Penny Pilot in Options Classes in Certain Issues

June 7, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”) and Rule 19b–4 thereunder, notice is hereby given that on May 30, 2019, NYSE American LLC (“NYSE American” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange hereby proposes to extend the Penny Pilot in Options Classes in certain issues (“Pilot Program”) previously approved by the Securities and Exchange Commission (the “Commission”) through December 31, 2019. The Pilot Program is currently scheduled to expire on June 30, 2019.

This filing does not propose any substantive changes to the Pilot Program: All classes currently participating will remain the same and all minimum increments will remain unchanged. The Exchange believes the benefits to public customers and other market participants who will be able to express their true prices to buy and sell options have been demonstrated to outweigh the increase in quote traffic.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)(5) of Act, in general, and furthers the objectives of Section 6(b)(5), in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system.

Accordingly, the Exchange believes that the proposal is consistent with the Act
