Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995

(44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Under Exchange Act Rule 14f–1 (17 CFR 240.14f–1), if a person or persons have acquired securities of an issuer in a transaction subject to Sections 13(d) or 14(d) of the Exchange Act, and changes a majority of the directors of the issuer otherwise than at a meeting of security holders, then the issuer must file with the Commission and transmit to security holders information related to the change in directors within 10 days prior to the date the new majority takes office as directors. The information filed under Rule 14f–1 must be filed with the Commission and is publicly available. We estimate that it takes approximately 18 burden hours to provide the information required under Rule 14f–1 and that the information is filed by approximately 64 respondents for a total annual reporting burden of 1,152 hours (18 hours per response × 64 responses).

*Written comments are invited on:* (a) Whether this proposed collection of information is necessary for the performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.
