more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a temporary fixed security zone while LNGC CORCOVADO is moored at the receiving facility mooring basin bound by 27°52′33.38″ N, 097°16′20.66″ W on the northern shoreline; thence to 27°52′45.58″ N, 097°16′19.60″ W; thence to 27°52′38.55″ N, 097°15′45.56″ W; thence to 27°52′49.30″ N, 097°15′45.44″ W; thence west along the shoreline to 27°52′53.38″ N, 097°16′20.66″ W, and a temporary moving security zone while the vessel transits with cargo within the La Quinta Channel and Corpus Christi Ship Channel, that will prohibit entry within 500-yard radius of LNGC CORCOVADO. It is categorically within 500-yard radius of LNGC Ship Channel, that will prohibit entry the vessel transits with cargo within the temporary moving security zone while the vessel transits with cargo within the La Quinta Channel and Corpus Christi Ship Channel.

II. Regulatory Background

This rule is effective without actual notice on June 19, 2019. For the purposes of enforcement, actual notice will be used from June 15, 2019 until June 18, 2019.

3. Period of enforcement. This section will be enforced from the time LNGC CORCOVADO moors and while the vessel is transiting outbound through the La Quinta Channel and Corpus Christi Ship Channel from June 15, 2019 through June 19, 2019.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2019–0440]

RIN 1625–AA00

Safety Zone; Lower Mississippi River, Port Gibson, MS

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing an emergency temporary safety zone for all navigable waters of the Lower Mississippi River, extending the entire width of the river, from mile marker (MM) 405 to MM 408. This emergency safety zone is necessary to protect persons, property, and infrastructure from potential damage and safety hazards associated with vessels transiting this area during high water. This rule prohibits persons and vessels from entering the safety zone area unless specifically authorized by the Captain of the Port Sector Lower Mississippi River (COTP) or a designated representative.

DATES: This rule is effective without actual notice from June 20, 2019 through June 30, 2019, or until the high water event ceases, whichever occurs first. For the purposes of enforcement, actual notice will be used from June 7, 2019 through June 20, 2019.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type USCG–2019–0440 in the “SEARCH” box and click “SEARCH.” Click on “Open Docket Folder” on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Chief Petty Officer Todd Manow, Sector Lower Mississippi River Prevention Department, U.S. Coast Guard; telephone 901–521–4813, email Todd.M.Manow@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

| CFR Code of Federal Regulations |
| COTP Captain of the Port Sector Lower Mississippi River |
II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. Increasing high water in this area requires immediate action to protect persons, property and power plant infrastructure from the potential safety hazards associated with vessels transiting this area during high water. This safety zone must be established immediately to protect people and vessels associated with and resulting from the high water and we lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be contrary to public interest because immediate action is needed to protect personnel, vessels, and the marine environment from potential hazards created by the increasing high water.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port Sector Lower Mississippi River (COTP) has determined that there are potential hazards associated with increasing high water, including possible emergency operations to repair damage to power distribution infrastructure taking place on the left descending bank of the Lower Mississippi River between Mile Marker (MM) 405 and 408 in the vicinity of the Entergy Grand Gulf Nuclear Power Facility, in Port Gibson, MS. Loss of the power distribution lines system would be catastrophic to large areas of Louisiana and Mississippi. This rule is needed to protect persons, property, and infrastructure from potential damage and safety hazards associated with vessels transiting this safety zone during high water.

IV. Discussion of the Rule

The Coast Guard is establishing a temporary safety zone for all navigable waters of the Lower Mississippi River, extending the entire width of the river, from MM 405 to MM 408. Transit into and through this area is prohibited for all traffic beginning on June 7, 2019 to continue through June 30, 2019. The COTP will terminate the enforcement of this safety zone before June 30, 2019, if the high water event ceases. Entry into this safety zone is prohibited unless specifically authorized by the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector Lower Mississippi River.

Requests for entry will be considered and reviewed on a case-by-case basis. The COTP may be contacted by telephone at 1-866-777-2784 or can be reached by VHF–FM channel 16. Persons and vessels permitted to transit this safety zone shall not meet, pass, or overtake any vessel currently transiting, shall maintain lowest speed for safe navigation, and shall comply with all lawful directions issued by the COTP or the designated representative. This safety zone may include closures and/or navigation restrictions and requirements that are vital to maintaining safe navigation on the Lower Mississippi River during the high water. More importantly, the Coast Guard will issue Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the safety zone. This emergency safety zone will restrict vessel traffic from entering or transiting through a three-mile section of the navigable waterways of the Lower Mississippi River from MM 405 to MM 408, in the vicinity of Port Gibson, MS, from May 31, 2019 through June 30, 2019.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the temporary safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.
C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves an emergency safety zone lasting approximately one month that will prohibit entry into a three-mile stretch of the Lower Mississippi River during a hazardous high-water event. It is categorically excluded from further review under paragraph L60(d) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration (REC) supporting this determination will be made available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so your message can be received without jeopardizing the safety or security of people, places, or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

§ 165.35T08–0440 Safety Zone; Lower Mississippi River; Port Gibson, MS.

(a) Location. The following area is a safety zone: All navigable waters of the Lower Mississippi River, extending the entire width of the river, from mile marker (MM) 405 to MM 408, in the vicinity of Port Gibson, MS.

(b) Period of enforcement. This section is effective without actual notice from June 20, 2019 through June 30, 2019, or until the high water event ceases, whichever occurs first. For the purposes of enforcement, actual notice will be used from June 7, 2019 through June 20, 2019.

(c) Regulations. (1) In accordance with the general regulations in § 165.23 of this part, entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector Lower Mississippi River (COTP) or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector Lower Mississippi River.

(2) Vessels requiring entry into this safety zone must request permission from the COTP or a designated representative. To seek entry into the safety zone, contact the COTP or the COTP’s representative by telephone at 1–866–777–2784 or on VHF–FM channel 16.

(3) Persons and vessels permitted to enter this safety zone shall not meet, pass, or overtake any vessel currently transiting, shall maintain slowest speed for safe navigation, and shall comply with all lawful directions issued by the COTP or the designated representative.

(d) Informational broadcasts. This safety zone may include closures and/or navigation restrictions and requirements that are vital to maintaining safe navigation on this section of the Lower Mississippi River during the high water. The COTP or a designated representative will inform the public through broadcast notices to mariners of any changes in the enforcement period for the safety zone.

Dated: June 7, 2019.

R. Tamez,
Captain, U. S. Coast Guard, Captain of the Port Sector Lower Mississippi River.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2019–0334]

RIN 1625–AA00

Safety Zone; Upper Mississippi River, Miles 109.9 to 647.8, Chester, IL to Guttenberg, IA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is extending a temporary safety zone on the navigable waters of the Upper Mississippi River from mile marker (MM) 109.9 to MM 647.8 between Chester, IL and Guttenberg, IA. This action is necessary to provide for the safety of persons, vessels, and the marine environment on these navigable waters as a result of increasing flood conditions on the river that threaten to overtop levees. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector Upper Mississippi River.
