SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This consultation helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Section 116 of WIOA requires States that operate core programs of the publicly-funded workforce system to comply with common performance accountability requirements. As such, States that operate core programs must submit common performance data to

demonstrate that specified performance levels are achieved.

The data collections in this ICR fulfill requirements in WIOA Sec. 116(d)(1), which mandates that the Secretaries of Labor and Education develop a template for the annual performance reports to be used by States, local boards, and eligible providers of training services for reporting on outcomes achieved by the WIOA core programs. Pursuant to WIOA sec. 116(d)(2), required annual data for the core programs include, among others, those related to primary performance indicators, participant counts and costs, and barriers to employment. These data collections also assist DOL in carrying out its mission under the National Apprenticeship Act. DOL proposes to amend the DOL-only information collection by making changes to the Participant Individual Record Layout (ETA-9172), and the (Program) Performance Report (ETA-9173-APPSHP) to facilitate State and grantee quarterly performance reporting. DOL is also adding a new information collection requirement to this ICR, the Apprenticeship Employer Record Layout. Particularly, as part of its effort to streamline program performance reporting, DOL is adding the performance information collection requirements for ETA grants with significant apprenticeship components as a primary goal of the program (Apprenticeship Grants).

This notice includes the ETA (Program) Performance Report specifically for Apprenticeship Grants, the Participant Individual Record Layout (PIRL), and the Apprenticeship Employer Record Layout. The DOL requires States and grantees to certify and submit the ETA (Program) Performance Report to ETA on a quarterly basis. ETA will aggregate the information the States and grantees submit through the PIRL to populate the ETA (Program) Performance Report. In addition, DOL is seeking approval to require grantees to certify and submit the Apprenticeship Employer Record Layout to ETA on a quarterly basis.

The ETA (Program) Performance Report has been designed to maximize the value of the reports for workers, jobseekers, employers, local elected officials, State officials, Federal policymakers, and other key stakeholders. The PIRL has been designed to reflect the specific requirements of the annual reports as described in WIOA section 116(d)(2) through (4).

ETA will use the data to track total participants, characteristics, services, training strategies and outcomes for employed, unemployed and long-term
