14 CFR Part 71

[Docket No. FAA-2019-0206; Airspace Docket No. 19-ASO-6]

RIN 2120-AA66

Amendment of Class E Airspace; Monroe, GA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule, correction.

SUMMARY: This action corrects a final rule published in the **Federal Register** on June 7, 2019, amending Class E airspace extending upward from 700 feet or more above the surface in Monroe, GA. The legal description listed the airport name as Monroe-County Airport. The correct name is Monroe-Walton County Airport.

DATES: Effective 0901 UTC, August 15, 2019. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Ave., College Park, GA 30337; telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:

History

The FAA published a final rule in the **Federal Register** (84 FR 26558, June 7, 2019) for Docket No. FAA-2019-0206 amending Class E airspace extending upward from 700 feet above the surface for Monroe-Walton County Airport, Monroe, GA, due to the decommissioning of the Monroe NDB and cancellation of the NDB approach.

Subsequent to publication, the FAA found that the legal description listed the airport name as Monroe-County Airport. This action corrects the error.

Class E airspace designations are published in paragraph 6005, of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Correction to Final Rule

■ Accordingly, pursuant to the authority delegated to me, in the **Federal Register** of June 7, 2019 (84 FR 26558) FR Doc. 2019-0206, Amendment of Class E Airspace; Monroe, GA, is corrected as follows:

§ 71.1 [Amended]

* * * * *

ASO GA E5 Monroe, GA [Corrected]

On page 26559, column 2, line 58, remove “Monroe-County Airport”, and add in its place, “Monroe-Walton County Airport”

Issued in College Park, Georgia, on June 12, 2019.

Matthew Cathcart,

Acting Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

RIN 0694-AH83

Addition of Entities to the Entity List and Revision of an Entry on the Entity List

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: In this rule, the Bureau of Industry and Security (BIS) amends the Export Administration Regulations (EAR) by adding five entities to the Entity List. These five entities have been determined by the U.S. Government to be acting contrary to the national

security or foreign policy interests of the United States. These entities will be listed on the Entity List under the destination of China. This rule also modifies one entry on the Entity List under the destination of China.

DATES: This rule is effective June 24, 2019.

FOR FURTHER INFORMATION CONTACT:

Chair, End-User Review Committee, Office of the Assistant Secretary, Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Fax: (202) 482-3911, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (Supplement No. 4 to part 744 of the Export Administration Regulations (EAR)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States. The EAR (15 CFR, subchapter C, parts 730-774) imposes additional license requirements on, and limits the availability of most license exceptions for, exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the “License review policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** notice adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decision*Additions to the Entity List*

Under § 744.11(b) (Criteria for revising the Entity List) of the EAR, entities for which there is reasonable cause to believe, based on specific and articulable facts, have been involved, are involved, or pose a significant risk of being or becoming involved in activities that are contrary to the national security or foreign policy interests of the United States, and those acting on behalf of such persons, may be added to the Entity List.

Pursuant to § 744.11(b) of the EAR, the ERC determined that Chinese entities Sugon and the Wuxi Jiangnan Institute of Computing Technology are involved in activities determined to be contrary to the national security and foreign policy interests of the United States. Sugon also is, as further described below, the majority owner of Higon, and Higon has ownership interests in Chengdu Haiguang Integrated Circuit and Chengdu Haiguang Microelectronics Technology. Accordingly, the ERC has also determined that Higon, Chengdu Haiguang Integrated Circuit, and Chengdu Haiguang Microelectronics Technology pose a significant risk of being or becoming involved in activities contrary to the national security and foreign policy interests of the United States.

Sugon, the Wuxi Jiangnan Institute of Computing Technology, and the National University of Defense Technology (NUDT) are the three entities leading China's development of exascale high performance computing. Sugon has publicly acknowledged a variety of military end uses and end users of its high-performance computers. Wuxi Jiangnan Institute of Computing Technology is owned by the 56th Research Institute of the General Staff of China's People's Liberation Army. Its mission is to support China's military modernization. NUDT was added to the Entity List in February 2015, because of its use of U.S.-origin multicores, boards, and (co)processors to power supercomputers believed to support nuclear explosive simulation and military simulation activities. Since then, NUDT has procured items under the name Hunan Guofang Keji University using four separate, additional addresses not already listed on the Entity List.

Sugon is the majority owner of Higon, as noted above. Higon's business activities include integrated circuits, electronic information systems, software development, and computer system integration. Chengdu Haiguang

Integrated Circuit is majority owned by Higon, and designs X86 architecture computer chips for network information servers. Chengdu Haiguang Microelectronics Technology is engaged in integrated circuit production (including design and/or manufacturing) and has a substantial ownership share by Higon through a second joint venture.

The ERC determined that the activities of Sugon, the Wuxi Jiangnan Institute of Computing Technology, the NUDT under its alias Hunan Guofang Keji University, as well as Sugon's majority ownership of Higon and Higon's ownership interests in Chengdu Haiguang Integrated Circuit and Chengdu Haiguang Microelectronics Technology, raise sufficient concern that prior review of exports, reexports, or transfers (in-country) of items subject to the EAR involving these entities, and the possible imposition of license conditions or license denials on shipments to these entities, will enhance BIS's ability to prevent activities contrary to the national security and foreign policy interests of the United States.

For the five entities added to the Entity List in this final rule, BIS imposes a license requirement for all items subject to the EAR and a license review policy of presumption of denial. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the persons being added to the Entity List by this rule. The acronym "a.k.a." (also known as) is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters, and transferors in identifying entities on the Entity List.

This final rule adds the following five entities to the Entity List in China:

- Chengdu Haiguang Integrated Circuit, including two aliases (Hygon and Chengdu Haiguang Jincheng Dianlu Sheji);
- Chengdu Haiguang Microelectronics Technology, including two aliases (HMC and Chengdu Haiguang Wei Dianzi Jishu);
- Higon, including five aliases (Higon Information Technology, Haiguang Xinxi Jishu Youxian Gongsi, THATIC, Tianjing Haiguang Advanced Technology Investment, and Tianjing Haiguang Xianjin Jishu Touzi Youxian Gongsi);
- Sugon, including nine aliases (Dawning, Dawning Information Industry, Sugon Information Industry, Shuguang, Shuguang Information Industry, Zhongke Dawn, Zhongke Shuguang, Dawning Company, and Tianjin Shuguang Computer Industry);

- Wuxi Jiangnan Institute of Computing Technology, including two aliases (Jiangnan Institute of Computing Technology and JICT).

Modification to the Entity List

This final rule implements the decision of the ERC to modify one existing entry, NUDT, which was added to the Entity List under the destination of China on February 18, 2015 (80 FR 8527). BIS is modifying the existing entry National University of Defense Technology (NUDT) to add one alias (Hunan Guofang Keji University) and four locations.

Savings Clause

Shipments of items removed from eligibility for a License Exception or export or reexport without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export or reexport, on June 24, 2019, pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801–4852), which provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule. As set forth in sec. 1768 of ECRA, all delegations, rules, regulations, orders, determinations, licenses, or other forms of administrative action that have been made, issued, conducted, or allowed to become effective under the Export Administration Act of 1979 (50 U.S.C. 4601 *et seq.*) (as in effect prior to August 13, 2018 and as continued in effect pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) and Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as amended by Executive Order 13637 of March 8, 2013, 78 FR 16129 (March 13, 2013), and as extended by the Notice of August 8, 2018, 83 FR 39871 (August 13, 2018)), or the Export Administration Regulations, and were in effect as of August 13, 2018, shall continue in effect according to their terms until modified, superseded, set aside, or revoked under the authority of ECRA.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866. This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications and carries a burden estimate of 42.5 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not

expected to increase as a result of this rule. You may send comments regarding the collection of information associated with this rule, including suggestions for reducing the burden, to Jasmeet K. Seehra, Office of Management and Budget (OMB), by email to *Jasmeet.K.Seehra@omb.eop.gov*, or by fax to (202) 395–7285.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to sec. 1762 of the Export Control Reform Act of 2018 (Title XVII, Subtitle B of Pub. L. 115–232), which was included in the John S. McCain National Defense Authorization Act for Fiscal Year 2019, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

RIN 0790-AK55

Availability to the Public of Defense Nuclear Agency (DNA) Instructions and Changes Thereto

AGENCY: Defense Threat Reduction Agency (DTRA), Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: This final rule removes an obsolete DoD regulation (last updated on December 10, 1991) which provides information related to public requests for Defense Nuclear Agency (DNA) records. DNA is an obsolete predecessor organization of DTRA. As a result, this part should be removed.

DATES: This rule is effective on June 24, 2019.

FOR FURTHER INFORMATION CONTACT: Todd A. Cimbura at 571-616-5941.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this rule for public comment is impracticable, unnecessary, and contrary to public interest since it is based on the removal of obsolete information. Due to the disestablishment of the DNA and the eventual incorporation of its successor organization into DTRA, 32 CFR part 338 (last updated on December 10, 1991 at 56 FR 64482) is obsolete. Additionally, the public retains the ability to obtain information using established DoD Freedom of Information Act procedures outlined in 32 CFR part 286, "DoD Freedom of Information Act (FOIA) Program," by submitting a request to DTRA's FOIA Office at <http://www.dtra.mil/Home/Freedom-of-Information-Act-and-Privacy-Act/>.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review," therefore E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" does not apply.

Coast Guard

33 CFR Part 100

[Docket No. USCG-2019-0457]

Special Local Regulations; Seattle Seafair Unlimited Hydroplane Race, Lake Washington, WA

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: This year the Seattle Seafair Unlimited Hydroplane Race Special Local Regulation on Lake Washington, WA will be subject to enforcement from 7 a.m. until 7 p.m. daily, from August 1 through August 4. This action is necessary to ensure public safety from the inherent dangers associated with high-speed, hydroplane races, while allowing race area access for rescue personnel in the event of an emergency. While these regulations are subject to enforcement, no person or vessel will be allowed to enter Zone 1 of the regulated area without the permission of the Captain of the Port, on-scene Patrol Commander, or her Designated Representative.

DATES: The regulations in 33 CFR 100.1301 will be subject to enforcement from 7 a.m. until 7 p.m. on August 1, 2019, through August 4, 2019.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email Lieutenant Ellie Wu, Sector Puget Sound Waterways Management Division, Coast Guard; telephone 206-217-6051, email SectorPugetSound@uscg.mil.

SUPPLEMENTARY INFORMATION: The Seattle Seafair Unlimited Hydroplane Race special local regulations in 33 CFR 100.1301 will be subject to enforcement daily, from 7 a.m. until 7 p.m., from August 1, 2019, through August 4, 2019. Hydroplane races are scheduled to take place within these time periods.

Under the provisions of 33 CFR 100.1301, the Coast Guard will restrict

general navigation in the following area: All waters of Lake Washington bounded by the Interstate 90 (Mercer Island/Lacey V. Murrow) Bridge, the western shore of Lake Washington, and the east/west line drawn tangent to Bailey Peninsula and along the shoreline of Mercer Island.

The regulated area has been divided into two zones. The zones are separated by a line perpendicular from the I-90 Bridge to the northwest corner of the East log boom and a line extending from the southeast corner of the East log boom to the southeast corner of the hydroplane race course and then to the northerly tip of Ohlers Island in Andrews Bay. The western zone is designated Zone I, the eastern zone, Zone II. (Refer to NOAA Chart 18447).

The Coast Guard will maintain a patrol consisting of Coast Guard vessels, assisted by Coast Guard Auxiliary vessels, in Zone II. The Coast Guard patrol of this area is under the direction of the Coast Guard Patrol Commander (the "Patrol Commander"). The Patrol Commander is empowered to control the movement of vessels on the race course and in the adjoining waters during the periods this regulation is subject to enforcement. The Patrol Commander may be assisted by other federal, state and local law enforcement agencies.

Only vessels authorized by the Patrol Commander may be allowed to enter Zone I during the hours this regulation is subject to enforcement. Vessels in the vicinity of Zone I shall maneuver and anchor as directed by the Patrol Commander.

During the times in which the regulation is subject to enforcement, the following rules will apply:

(1) Swimming, wading, or otherwise entering the water in Zone I by any person is prohibited while hydroplane boats are on the race course. At other times in Zone I, any person entering the water from the shoreline shall remain west of the swim line, denoted by buoys, and any person entering the water from the log boom shall remain within 10 feet of the log boom.

(2) Any person swimming or otherwise entering the water in Zone II shall remain within 10 feet of a vessel.

(3) Rafting to a log boom will be limited to groups of three vessels.

(4) Up to six vessels may raft together in Zone II if none of the vessels are secured to a log boom. Only vessels authorized by the Patrol Commander, other law enforcement agencies or event sponsors shall be permitted to tow other watercraft or inflatable devices.

(5) Vessels proceeding in either Zone I or Zone II during the hours this
