National Institute of Food and Agriculture

Title: Expanded Food and Nutrition Education Program (EFNEP).

OMB Control Number: 0524-0044.

Summary of Collection: The Department of Agriculture's National Institute of Food and Agriculture (NIFA), Expanded Food and Nutrition Education Program (EFNEP) is a unique program that began in 1969 and is designed to reach limited resource audiences, especially youth and families with young children. EFNEP operates in all 50 states, the District of Columbia and in American Samoa, Guam, Micronesia, Northern Marianas, Puerto Rico, and the Virgin Islands. The objectives of EFNEP are to assist families and youth with limited resources in acquiring the knowledge, skills, attitudes, and changed behaviors necessary for nutritionally sound diets, and to contribute to their personal development and the improvement of the total family diet and nutritional well-being.

Need and Use of the Information: NIFA will collect information using Web-Based Nutrition Education Evaluation and Reporting System (WebNEERS), which is an integrated database system that stores information on: (1) Programmatic results: (A) Adult program participants, their family structure and dietary practices; (B) youth group participants; and (C) staff; and (2) programmatic plans (D) annual budget; and (E) annual program plans. Without the information it would be extremely difficult for the national office to compare, assess, and analyze the effectiveness and the impact of EFNEP without the annual collection of data.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 75.

Frequency of Responses: Recordkeeping; Reporting: Annually.

Total Burden Hours: 15,440.

SUPPLEMENTARY INFORMATION:

Title: Performance Reporting System, Management Evaluation.

OMB Number: 0584-0010.

Expiration Date: October 31, 2022.

Type of Request: Extension, without change, of a currently approved collection.

Abstract: The purpose of the Performance Reporting System (PRS) is to ensure that each State agency and project area is operating the Supplemental Nutrition Assistance Program (SNAP) in accordance with the requirements of the Food and Nutrition Act of 2008 (the Act) (7 U.S.C. 2011, *et seq.*), as amended, and corresponding program regulations. Under Section 11 of the Act (7 U.S.C. 2020), State agencies must maintain necessary records to ascertain that SNAP is operating in compliance with the Act and regulations and must make these records available to the Food and Nutrition Service (FNS) for inspection and audit.

Per Code of Federal Regulations (CFR) Part 275, each State agency is required to submit one Management Evaluation (ME) review schedule every one, two, or three years, depending on the project area make-up of the State, unless the State receives approval for an alternative Management Evaluation review schedule.

Under 7 CFR part 275, each State must establish a system for analysis and evaluation of all data available to the State. Data analysis and evaluation is an ongoing process that facilitates the development of effective and prompt corrective action.

Under 7 CFR part 275, State agencies must prepare a corrective action plan (CAP) addressing identified deficiencies. The State agencies must develop a system for monitoring and evaluating corrective action and submit CAP updates, as necessary.

Affected Public: State, Local and Tribal Government; Respondent Type: SNAP State and local agencies.

Estimated Number of Respondents: 53 State agencies.

Estimated Number of Responses per Respondent: State agencies will submit one review schedule and one corrective action plan per year, and will conduct and document ME reviews for an average total of 27 project areas, totaling 29 responses per State agency.

Estimated Total Annual Responses: 1,537 (53 State agencies * 29 estimated responses per State Agency).

Estimated Time per Response: FNS estimates that it takes 4 hours to prepare a review schedule, and that each of the 53 State agencies will submit one review schedule per year resulting in a total burden of 212 hours (53 State

agencies * 1 review schedule * 4 hours). FNS estimates that it takes on average approximately 80 hours to develop a comprehensive State and local corrective action plan, resulting in a total of 4,240 hours (80 hours * 53 State plans). FNS estimates that it takes an average of 340 hours to conduct a review. It is estimated that ME reviews are conducted for one-half of the total

number of project areas (1,430). Therefore, FNS estimates that it takes approximately 486,200 hours annually for State agencies to conduct their reviews (340 hours x 1,430 ME reviews). FNS also estimates that the time necessary for recordkeeping, that is, the time required for State agencies to document and maintain the findings of an ME review for internal purposes is

0.1169 hours, or 7 minutes, per State record. If State agencies each maintain approximately 29 records, then the total amount of time for recordkeeping required is 180 hours (1,537 records * 0.1169 hours).

See the table below for estimated total annual burden for each type of respondent.

Section of CFR	Respondent	Estimated # respondent	Responses annually per respondent/ reviews	Total annual responses (Col. b x c)	Estimated avg. # of hours per response	Estimated total hours (Col. d x e)
Reporting Burden						
7 CFR 275.20	State and local agencies review schedule.	53	1	53	4	212
7 CFR 275.16–18	State and Local corrective action plan development.	53	1	53	80	4,240
7 CFR 275.19	State and Local agencies conducting reviews.	53	27	1,430	340	486,200
Total Reporting Burden.	53	29	1,537	490,652
Recordkeeping Burden						
7 CFR 275.4	State and local agencies	53	29	1,537	.1169	179.68
Total Record-keeping Burden.	53	1,537	180

The total estimated annual reporting burden is as follows:
 Prepare Review Schedules: 4 x 53 = 212 hours
 Prepare Corrective Action Plans: 80 x 53 = 4,240 hours
 Conduct ME Reviews: 340 x 1,430 = 486,200 hours
 Record Keeping: .1169 x 1,537 = 180 hours
 Estimated Total Annual Reporting and Recordkeeping Burden: 490,832 hours
 Estimated Total Annual Burden on Respondents: 29,449,920 minutes (490,832 hours).

Dated: June 19, 2019.

 Administrator, Food and Nutrition Service.
