SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the regulations.gov docket for this notice as "other" documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the regulations.gov portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we will post on regulations.gov a "Consolidated Reply" summarizing the comments, responding to them, and noting any changes we have made to the proposed records schedule. We will then send the schedule for final approval by the Archivist of the United States. You may elect at regulations.gov to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. You may request additional information about the

disposition process through the contact information listed above.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist's consideration process.

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Antarctic Conservation Act Application Permit Form

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to renew this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting Office of Management and Budget (OMB) clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by August 26, 2019 to be assured consideration. Comments received after that date will be considered to the extent practicable. Send comments to address below.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance

Officer, National Science Foundation, 2415 Eisenhower Avenue, Suite W18200, Alexandria, Virginia 22314; telephone (703) 292-7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: Antarctic Conservation Act Application Permit Form.

OMB Number: 3145-0034.

Expiration Date of Approval: October 31, 2019.

Type of Request: Intent to seek approval to renew an information collection.

Proposed Project: The current Antarctic Conservation Act Application Permit Form (NSF 1078) has been in use for several years. The form requests general information, such as name, affiliation, location, etc., and more specific information as to the type of object to be taken (plant, native mammal, or native bird).

Use of the Information: The purpose of the regulations (45 CFR 670) is to conserve and protect the native mammals, birds, plants, and invertebrates of Antarctica and the ecosystem upon which they depend and to implement the Antarctic Conservation Act of 1978, Public Law 95-541, as amended by the Antarctic Science, Tourism, and Conservation Act of 1996, Public Law 104-227.

Burden on the Public: The Foundation estimates about 25 responses annually at 45 minutes per response; this computes to approximately 19 hours annually.

Dated: June 21, 2019.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-219; NRC-2018-0237]

Holtec Decommissioning International, LLC; Oyster Creek Nuclear Generating Station

AGENCY: Nuclear Regulatory Commission.

ACTION: Exemption; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing

exemptions in response to a November 30, 2018, request from Holtec Decommissioning International, LLC (HDI). The exemptions permit HDI to use the Oyster Creek Nuclear Generating Station (Oyster Creek) Decommissioning Trust Fund (DTF) for irradiated fuel management and site restoration activities based on the Oyster Creek Decommissioning Cost Estimate (DCE). The exemptions also permit HDI to make withdrawals from the DTF for irradiated fuel management and site restoration activities without prior notification of the NRC. By Order dated June 20, 2019, the NRC approved the request for the direct transfer of the Oyster Creek Renewed Facility Operating License No. DPR-16 and the Oyster Creek Independent Spent Fuel Storage Installation (ISFSI) general license from Exelon Generating Company, LLC (Exelon) to HDI and Oyster Creek Environmental Protection, LLC (OCEP). These exemptions are being issued simultaneously with the license transfer Order and will be effective upon the NRC's issuance of a conforming license amendment reflecting HDI and OCEP as the licensees for Oyster Creek, following consummation of the license transfer transaction.

DATES: The approval of the exemption takes effect on June 26, 2019.

ADDRESSES: Please refer to Docket ID NRC-2018-0237 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

SUPPLEMENTARY INFORMATION:

I. Background

By letter dated February 14, 2018 (ADAMS Accession No. ML18045A084), Exelon, the owner of Oyster Creek, submitted to the NRC a certification in accordance with section 50.82(a)(1)(i) of title 10 of the *Code of Federal Regulations* (10 CFR), stating its determination to permanently cease operations at Oyster Creek no later than October 31, 2018. By letter dated September 25, 2018 (ADAMS Accession No. ML18268A258), Exelon submitted to the NRC a certification in accordance with 10 CFR 50.82(a)(1)(ii), stating that Oyster Creek permanently ceased power operations on September 17, 2018, and that, as of September 25, 2018, all fuel had been permanently removed from the Oyster Creek reactor vessel. By letter dated December 30, 2014 (ADAMS Accession No. ML14365A067), Exelon submitted the Oyster Creek Irradiated Fuel Management Plan (IFMP) pursuant to 10 CFR 50.54(bb) and Preliminary Decommissioning Cost Estimate (DCE). The DCE was updated by letter dated March 30, 2016 (ADAMS Accession No. ML16090A067). By letter dated May 21, 2018 (ADAMS Accession No. ML18141A775), Exelon submitted a Post-Shutdown Decommissioning Activities Report (2018 PSDAR) and site-specific DCE for Oyster Creek.

On August 31, 2018, Exelon, Oyster Creek Environmental Protection, LLC (OCEP) and Holtec Decommissioning International, LLC (HDI) submitted a License Transfer Application (LTA) requesting NRC approval to transfer the Oyster Creek Renewed Facility Operating License No. DPR-16 and the general license for the Oyster Creek independent spent fuel storage installation (ISFSI). Following the license transfer, the new licensees would be OCEP and HDI, with OCEP as the licensed owner and HDI as the licensed operator. In accordance with 10 CFR 50.82(a)(7), by letter dated September 28, 2018 (ADAMS Accession No. ML18275A116), HDI submitted a
