SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This proposed information collection was previously published in the **Federal Register** (84 FR 6156) on February 26, 2019, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: Holders or Containers which Enter the United States Duty Free.

OMB Number: 1651-0035.

Current Action: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the information collected.

Type of Review: Extension (with no change).

Affected Public: Businesses.

Abstract: Subheading 9803.00.50 of the Harmonized Tariff Schedule of the United States (HTSUS), codified as 19 U.S.C. 1202, provide for the release without entry of the payment of duty of certain substantial holders or containers pursuant to the provisions of 19 CFR 10.41b.

Section 19 CFR 10.41b eliminates the need for an importer to file entry documents by instead requiring, among other things, the marking of the containers or holders to indicate the HTSUS numbers that provide for duty-free treatment of the containers or holders.

For U.S. manufactured serially numbered holders or containers which may be released without entry or the payment of duty under 9801.00.10 HTSUS, 19 CFR 10.41b requires the owner to place the following markings on the holder or container: 9801.00.10, HTSUS (unless the holder or container has a permanently attached metal tag or plate showing, among other things, the name and address of the U.S. manufacturer); the name of the owner; and the serial number assigned by the owner. For serially numbered holders or containers of foreign manufacture for which may be released without entry or payment of duty under 9803.00.50 HTSUS, 19 CFR 10.41b requires the owner to place markings containing the following information: 9803.00.50 HTSUS; the district and port code numbers of the port of entry; the entry number; the last two digits of the fiscal year of entry covering the importation of the holders and containers on which duty was paid; the name of the owner; and the serial number assigned by the owner.

Estimated Number of Respondents: 20.

Estimated Number of Responses per Respondent: 18.

Estimated Number of Total Annual Responses: 360.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 90.

Dated: June 21, 2019.

SUPPLEMENTARY INFORMATION: The Critical Infrastructure Protection Act of 2001, 42 U.S.C. 5195c, states that any physical or virtual disruption of the operation of the critical infrastructures of the United States be rare, brief, geographically limited in effect, manageable, and minimally detrimental to the economy, human and government services, and national security of the

United States; and that actions necessary to achieve the policy stated be carried out in a public-private partnership involving corporate and non-governmental organizations. On behalf of the DHS, CISA ISD manages the Department's program to protect the Nation's 16 critical infrastructure sectors by implementing the National Infrastructure Protection Plan (NIPP) 2013, Partnering for Critical Infrastructure Security and Resilience. Pursuant to Presidential Policy Directive 21 on Critical Infrastructure Security and Resilience (February 2013), each sector is assigned a Sector-Specific Agency (SSA) to oversee Federal interaction with the array of sector security partners, both public and private. An SSA is responsible for leading a unified public-private sector effort to develop, coordinate, and implement a comprehensive physical, human, and cyber security strategy for its assigned sector. CISA ISD Sector Outreach and Programs (SOP) executes the SSA responsibilities for the six critical infrastructure sectors assigned to ISD: Chemical, Commercial Facilities, Critical Manufacturing, Dams, Emergency Services, and Nuclear Reactors, Materials and Waste (Nuclear).

The mission of SOP is to enhance the resiliency of the Nation by leading the unified public-private sector effort to ensure its assigned critical infrastructure are prepared, more secure, and safer from terrorist attacks, natural disasters, and other incidents. To achieve this mission, SOP leverages the resources and knowledge of its critical infrastructure sectors to develop and apply security initiatives that result in significant, measurable benefits to the Nation.

Each SOP branch builds sustainable partnerships with its public and private sector stakeholders to enable more effective sector coordination, information sharing, and program development and implementation. These partnerships are sustained through the Sector Partnership Model, described in the 2013 NIPP pages 10-12.

Information sharing is a key component of the NIPP Partnership Model, and DHS sponsored conferences are one mechanism for information sharing. To facilitate conference planning and organization, SOP has established an online event registration tool for use by all of its branches. The information collection is voluntary and is used by the SSAs within SOP. The six SSAs within SOP uses this information to register public and private sector stakeholders for meetings hosted by the SSA. The SOP uses the information collected to reserve space at a meeting
