Certain Fabricated Structural Steel From Canada, Mexico, and the People’s Republic of China: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable July 1, 2019.

FOR FURTHER INFORMATION CONTACT: David Goldberger at (202) 482–4136 (Canada); Andrew Medley at (202) 482–4987 (the People’s Republic of China (China)); and Krisha Hill at (202) 482–4037 (Mexico), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On February 25, 2019, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of certain fabricated structural steel from Canada, China, and Mexico.1 Currently, the preliminary determinations are due no later than July 15, 2019.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Pursuant to 19 CFR 351.205(e), the petitioner must submit a request to postpone 25 days or more before the scheduled date of the preliminary determination and must state the reasons for postponement. Commerce will grant the request unless it finds compelling reasons to deny the request.

On June 19, 2019, the petitioner 2 submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations.3 The petitioner stated that the purpose of its request is to provide Commerce with adequate time to solicit information from the respondents and to allow Commerce and the petitioner sufficient time to analyze the respondents’ questionnaire responses.4

For the reasons stated above, and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the preliminary determinations in these LTFV investigations by 50 days (i.e., 190 days after the date on which these investigations were initiated). Accordingly, Commerce will issue its preliminary determinations in these investigations no later than September 3, 2019. Pursuant to section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed. This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Assistant Secretary for Enforcement and Compliance.

Polyester Textured Yarn From India: Preliminary Affirmative Determination of Sales at Less Than Fair Value and Postponement of Final Determination and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that polyester textured yarn (yarn) from India is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is October 1, 2017 through September 30, 2018. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable July 1, 2019.

FOR FURTHER INFORMATION CONTACT: Katherine Johnson or Michael Bowen, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4929 or (202) 482–0768, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on November 19, 2018. Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018 through the resumption of operations on January 29, 2019. The revised tolled deadline for this preliminary determination was May 6, 2019. In response to the petitioners’ request, Commerce postponed the preliminary determination of this investigation and the revised deadline is now June 25, 2019.

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.4 A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary

All deadlines in this segment of the proceeding have been extended by 40 days.

Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov, and to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

**Scope of the Investigation**

The product covered by this investigation is polyester textured yarn from India. For a complete description of this investigation, see Appendix I and “Scope Comments” section below.

**Scope Comments**

In accordance with the preamble to Commerce’s regulations, the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (scope). Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum. Commerce preliminarily modified the scope language as it appeared in the *Initiation Notice* to exclude bulk continuous filament yarn.

On May 2, 2019, the petitioners requested that Commerce include an additional Harmonized Tariff Schedule of the United States (HTSUS) subheading in the scope language. We intend to address this request in the final determinations of this and the concurrent AD and CVD investigations of yarn from India and the People’s Republic of China (China).

**Methodology**

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act and normal values in accordance with section 773 of the Act. Furthermore, pursuant to sections 776(a) and (b) of the Act, Commerce has preliminarily relied upon facts otherwise available with adverse inferences for JBF Industries Limited. For a full description of the methodology underlying Commerce’s preliminary determination, see the Preliminary Decision Memorandum.

**All-Others Rate**

Sections 733(d)(1)(A)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act. In this investigation, Commerce preliminarily assigned a rate based entirely on facts available to JBF Industries Limited. Therefore, the only rate that is not zero, *de minimis* or based entirely on facts otherwise available is the rate calculated for Reliance Industries Limited (Reliance). Consequently, the rate calculated for Reliance is also assigned as the rate for all other producers and exporters.

**Preliminary Determination**

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist:

<table>
<thead>
<tr>
<th>Exporter/producer</th>
<th>Estimated weighted-average dumping margin (percent)</th>
<th>Cash deposit rate (adjusted for subsidy offset(s)) (percent)</th>
</tr>

**Suspension of Liquidation**

In accordance with section 733(d)(2) of the Act, Commerce will direct CBP to suspend liquidation of entries of subject merchandise, as described in Appendix I, entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin or the estimated all-others rate, adjusted for export subsidies, as follows: (1) The cash deposit rate for each of the respondents listed above will be equal to the company-specific estimated weighted-average dumping margins as determined in this preliminary determination, adjusted for export subsidies; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin for that producer of the subject merchandise, adjusted for export subsidies; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin, adjusted for export subsidies.

Commerce normally adjusts cash deposits for estimated antidumping duties by the amount of export subsidies countervailed in a companion CVD proceeding, when CVD provisional measures are in effect. Accordingly, where Commerce preliminarily made an affirmative determination for countervailable export subsidies, Commerce has offset the estimated weighted-average dumping margin by the appropriate CVD rate. Any such adjusted cash deposit rate may be found in the Preliminary Determination section above.

Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, Commerce will direct CBP to begin collecting estimated antidumping duty cash deposits unadjusted for countervailed export subsidies at the time that the provisional CVD measures expire. These suspension of liquidation instructions will remain in effect until further notice.

**Disclosure**

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

**Verification**

As provided in section 782(i)(1) of the Act, Commerce intends to verify the

Public Comment

As stated in the Preliminary Scope Decision Memorandum, all interested parties will have the opportunity to submit case and rebuttal briefs on the preliminary scope determination.9 Case briefs regarding scope issues may be submitted within 10 days after the date of publication of this notice in the Federal Register. Rebuttal briefs regarding scope issues, limited to those issues which are raised in the scope case briefs, may be submitted no later than five days after the deadline date for scope case briefs. All scope case and rebuttal briefs must be filed identically on the records of this investigation and the concurrent AD and CVD investigations of yarn from India and China.

Case briefs or other written comments regarding non-scope issues may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.10 Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party’s name, address, and telephone number, the number of participants, whether any participants wish to sign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce’s regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On June 13, 2019, pursuant to 19 CFR 351.210(e), Reliance requested in the event of an affirmative preliminary determination, that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.11 On June 18, 2019, the petitioners also filed a request to postpone the final determination in the event of a negative preliminary determination.12 In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) and (e)(2), because: (1) The preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: June 25, 2019.

Jeffrey I. Kessler
Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation, polyester textured yarn, is synthetic multifilament yarn that is manufactured from polyester (polyethylene terephthalate). Polyester textured yarn is produced through a texturing process, which imparts special properties to the filaments of the yarn, including stretch, bulk, strength, moisture absorption, insulation, and the appearance of a natural fiber. This scope includes all forms of polyester textured yarn, regardless of surface texture or appearance, yarn density and thickness (as measured in denier), number of filaments, number of plies, finish (luster), cross section, color, dye method, texturing method, or packing method (such as spindles, tubes, or beams). Excluded from the scope of the investigation is bulk continuous filament yarn that: (a) Is polyester synthetic multifilament yarn; (b) has denier size ranges of 900 and above; (c) has turns per meter of 40 and above; and (d) has a maximum shrinkage of 2.5 percent.

The merchandise subject to this investigation is properly classified under subheadings 5402.33.3000 and 5402.33.6000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.
