Please contact Connie Boley-Lilly, Airports Program Specialist, Beckley Airports Field Office, location listed above. (304) 252-6216 ext. 125 for more information.

SUPPLEMENTARY INFORMATION: In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106-181 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the **Federal Register** 30 days before the Secretary may waive any condition imposed on a federally obligated airport by grant agreement. The following is a brief overview of the request: The Benedum Airport Authority has submitted a land release request seeking FAA approval for the release of approximately 4.09 acres of federally obligated airport property for non-aeronautical use. The purpose of the release is to enable the airport to earn revenue from airport property that does not have an aeronautical use by allowing it to be used for non-aeronautical purposes. The airport will retain ownership of the property and lease it out. The property will be turned into a logistics and storage park that will house up to 4 buildings, parking, and an entrance road off of Route 50. The airport has received a United States Economic Development Authority (USEDA) grant to construct the logistics and storage facilities. The total project cost is \$2,124,000 with the USED A contributing \$1,704,000 and a local match of \$420,000.

The 4.09 acres of land to be released from aeronautical use, was originally purchased with federal financial assistance through the AIP program under Grant Agreement 3-54-0005-16-1996 as part of a larger purchase totaling approximately 120 acres. The purchase of the entire 120 acres was performed to accommodate a proposed runway extension. The subject area to be released is located off the south east corner of the runway and is well below the elevation of the movement area of the airport. It is also completely segregated from the terminal area and the facilities that serve airport users,

such as Terminal Parking and Fixed Base Operator (FBO) services. Therefore, the elevation difference and location of the property make it unusable for aeronautical purposes. Furthermore, the property is not located within the RPZ, will not result in any obstructions to part 77 surfaces, and has not been identified as needed for current or future airport development in the current Airport Master Plan or ALP. The rental income will be devoted to airport operations and capital projects. The proposed use of the property will not interfere with the airport or its operation; and will thereby, serve the interests of civil aviation.

Issued in Beaver, West Virginia.

Manager, Beckley Airports Field Office.
