(j) Parts Installation Prohibition

As of the effective date of this AD, do not install on any airplane an EMA having part number (P/N) C99144–004 or C99144–005.

(k) Credit for Previous Actions

This paragraph provides credit for the action specified in paragraph (i)(2) of this AD, if those actions were performed before the effective date of this AD using Boeing Service Bulletin B787–81205–SB270030–00, Issue 001, dated October 22, 2015.

(l) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Seattle ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (m)(1) of this AD. Information may be emailed to: 9-ANM-Seattle-ACO-AMOC-Requests@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by The Boeing Company Organization Designation Authorization (ODA) that has been authorized by the Manager, Seattle ACO Branch, FAA, to make those findings. To be approved, the repair method, modification deviation, or alteration deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

(4) AMOCs approved previously for AD 2017–15–04 are approved as AMOCs for the corresponding provisions of paragraph (g) of this AD.

(5) For service information that contains steps that are labeled as Required for Compliance (RC), the provisions of paragraphs (l)(5)(i) and (l)(5)(ii) of this AD apply.

(i) The steps labeled as RC, including substeps under an RC step and any figures identified in an RC step, must be done to comply with the AD. If a step or substep is labeled “RC Exempt,” then the RC requirement is removed from that step or substep. An AMOC is required for any deviations to RC steps, including substeps and identified figures.

(ii) Steps not labeled as RC may be deviated from using accepted methods in accordance with the operator’s maintenance or inspection program without obtaining approval of an AMOC, provided the RC steps, including substeps and identified figures, can still be done as specified, and the airplane can be put back in an airworthy condition.

Tribal Energy Resource Agreements

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Proposed rule.

SUMMARY: The Bureau of Indian Affairs (BIA) proposes to amend its regulations governing Tribal Energy Resource Agreements (TERAs) between the Secretary of the Interior (Secretary) and Indian Tribes. Tribes, at their discretion, may apply for TERAs. TERAs allow Tribes to enter into leases, business agreements, and rights-of-way for energy resource development on Tribal land without the Secretary’s review and approval. This proposed rule would update the regulations to incorporate changes recently made by Congress to the Act authorizing TERAs. This proposed rule would also establish how Tribal Energy Development Organizations (TEDOs) may obtain certification, as an alternative to a TERA.

DATES: Please submit comments by September 3, 2019. Please see “III. Tribal Consultation” of this preamble for dates of Tribal consultation sessions on this proposed rule.

ADDRESSES: You may send comments, identified by number 1076–AF47, by any of the following methods:

I. Background

The Secretary is issuing these regulations under the authority of the Indian Tribal Energy Development and Self-Determination Act of 2005 as amended by the Indian Tribal Energy Development and Self-Determination Act Amendments of 2017, 25 U.S.C. 3501–3504, Public Law 115–325, and 25 U.S.C. 2 and 9.

In 2005, Congress passed a law authorizing Tribes, at their discretion, to apply for and enter into TERAs with the Secretary. *See* the Indian Tribal Energy Development and Self-Determination Act of 2005, Title XXVI, Section 2604 of the Energy Policy Act (Pub. L. 109–58). Upon Secretarial approval of a TERA, the Tribe may enter into energy-related leases, business agreements, and rights-of-way on Tribal lands without the Secretary's review and approval. The BIA finalized regulations to implement this authority in 2008. *See* 73 FR 12807 (March 10, 2008).

TERAs further the Federal Government's policy of providing enhanced self-determination and economic development opportunities for Indian Tribes by promoting Tribal oversight and management of energy resource development on tribal lands. TERAs provide another avenue, in addition to the Indian Minerals Development Act and the Indian Mineral Leasing Act, under which Tribes may develop their mineral resources. TERAs also support the national energy policy of increasing utilization of domestic energy resources.

Congress updated provisions authorizing TERAs in the Indian Tribal Energy Development and Self-Determination Act Amendments of 2017. The Act's amendments update the procedures and conditions for the Secretary's approval of TERAs, authorize Tribes to enter into leases and business agreements that pool a tribe's energy resources with other energy resources and, among other things, establishes that energy-related leases, business agreements, and rights-of-way between a Tribe and certified TEDO do not require the Secretary's approval.

II. Summary of This Proposed Rule

This proposed rule would address the requirements of the Indian Tribal Energy Development and Self-Determination Act Amendments of 2017

(2017 Amendments). Wherever possible, BIA has attempted to interpret these statutory changes in a manner that will impose the least burden on Tribes. As described in more detail, below, the proposed rule would: (1) Reduce the information Tribes must provide in TERA applications; (2) impose timelines on the Secretary for review and approval of TERAs; (3) limit the grounds on which the Secretary may disapprove a TERA and require an explanation of each of the grounds; (4) establish a process for amending a TERA; (5) narrow who may be considered an interested party and procedures for petitioning and for the Secretary's handling of interested party petitions; (6) address how BIA will provide unexpended funds to Tribes; (7) establish a process and criteria for certifying TEDOs; and (8) make various technical nomenclature and other technical edits.

A. Information Required in Applications for TERAs

The 2017 Amendments deleted a requirement for the Secretary to consider the capacity (experience in managing natural, financial and administrative resources) of a Tribal applicant to carry out a TERA. *See* Section 103(a) of the 2017 Amendments. To reflect this deletion, the proposed rule would delete several TERA application items and several required TERA provisions.

B. Timelines

The proposed rule would incorporate timelines established by the 2017 Amendments to ensure that the TERA application process moves forward in a timely manner. Specifically, the proposed rule would:

- Require the Secretary to do the following within 30 days of a Tribe submitting a TERA:
 - Notify the Indian tribe as to whether the agreement is complete or incomplete;
 - If the agreement is incomplete, notify the Indian tribe of what information or documentation is needed to complete the submission; and
 - Identify and notify the Indian tribe of the financial assistance, if any, to be provided by the Secretary to the Indian tribe to assist in the implementation of the tribal energy resource agreement, including the environmental review of individual projects.
- Establish that a TERA takes effect 271 days after the Secretary receives the TERA, unless the Secretary disapproves it.
- Establish that a revised TERA takes effect 91 days after the Secretary

receives the TERA, unless the Secretary disapproves it.

The proposed rule would also incorporate statutory requirements that the TERA remains in effect to the extent any provision is consistent with applicable Federal law (including regulations), unless the Secretary reassumes the authority by necessity to protect the physical trust asset or the Tribe voluntarily rescinds the TERA pursuant to the regulations.

C. Grounds for Disapproval of a TERA

The proposed rule would promote certainty in the TERA application process by limiting the grounds upon which the Secretary may disapprove a TERA. Specifically, the proposed rule would establish that the Secretary may disapprove a TERA only if:

- The Tribe does not meet the definition of a "qualified Tribe;"
- A provision of the TERA violates applicable Federal law, regulations, or a treaty; or
- The TERA fails to include certain provisions.

In addition, the proposed rule would provide that, where the Secretary does disapprove a TERA application, the Secretary must provide the Tribe with a detailed, written explanation of each reason for a disapproval, specify the revisions or changes to the TERA necessary to address each reason, and offer the Tribe an opportunity to revise and resubmit the TERA.

D. Amendments to TERAs

The proposed rule provides more flexibility to the Tribe, in that it would establish a process to amend an approved TERA to assume authority for approving leases, business agreements, or rights-of-way for development of another energy resource that is not already covered, without requiring the Tribe to apply for a new TERA.

E. Petitions by Interested Parties

The proposed rule would update the existing current regulatory process for ensuring that the public is informed of, and has reasonable opportunity to comment on, environmental impacts by:

- Limiting who is considered an interested party to those able to demonstrate their interest with substantial evidence;
- Requiring exhaustion of any remedies provided under Tribal law before an interested party may submit to the Secretary a petition to review Tribal compliance with the TERA;
- Requiring the Secretary to determine whether the petitioner is an interested party and whether the Tribe

is not in compliance with the TERA as alleged in the petition;

- Limiting the Secretary to taking only such action as the Secretary determines is necessary to address the noncompliance claims; and
- Requiring the Secretary to dismiss a petition if the Tribe and interested party who filed the petition reach a resolution of the petition’s claims.

F. Unexpended Amounts

The proposed rule would broadly set out the manner in which the Secretary will provide to a requesting Tribe the amounts that the Secretary would have spent carrying out activities the Tribe carries out in the TERA (unexpended amounts), and will provide the Tribe with an accounting of those unexpended amounts.

G. Certification of TEDOs

The proposed rule would establish a process for the Tribal Energy Development Organizations (TEDOs) to obtain certification from the Secretary so that they may enter into leases, business agreements, and rights-of-way with Tribes on Tribal land without Secretarial approval. See Section 103(b) of the 2017 Amendments.

H. Nomenclature and Technical Changes

The proposed rule would also make changes to:

- Capitalize “Tribe” consistent with the Government Printing Office Manual;
- Add reference to the annual list of federally recognized Tribes in the definition of “Tribe;”
- Replace “Director” of the Office of Indian Energy & Economic Development

(IEED) with “Secretary” to indicate the Secretary of the Interior and maintain delegation flexibility, except where necessary to provide for administrative appeal options;

- Add an address for receipt of TERA applications and requests for TEDO certifications.

I. Table of Proposed Changes

IV. Procedural Requirements**A. Regulatory Planning and Review**
(E.O. 12866, 13563, and 13771)

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs (OIRA) at the Office of Management and Budget (OMB) will review all significant rules. OIRA has determined that this rule is not significant.

E.O. 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the Nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The E.O. directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements. This rule is also part of the Department's commitment under the Executive Order to reduce the number and burden of regulations.

E.O. 13771 of January 30, 2017, directs Federal agencies to reduce the regulatory burden on regulated entities and control regulatory costs. OIRA has determined that this rule is deregulatory because the updates will reduce the requirements and annual burden hours imposed on Tribes seeking to enter into a TERA.

B. Regulatory Flexibility Act

The Department of the Interior certifies that this rule will not have a significant economic effect on a

substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

C. Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule:

(a) Does not have an annual effect on the economy of \$100 million or more because it merely codifies eligibility requirements that were already established by past practice and a Federal District Court ruling.

(b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions because this rule affects only individuals' eligibility for certain education contracts.

(c) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises because this rule affects agreements between Tribes and the Department to allow Tribes to authorize individual leases, business agreements, and rights-of-way on Tribal land

D. Unfunded Mandates Reform Act

This rule does not impose an unfunded mandate on State, local, or Tribal governments or the private sector of more than \$100 million per year. The rule does not have a monetarily significant or unique effect on State, local, or Tribal governments or the private sector. A statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

E. Takings (E.O. 12630)

This rule does not affect a taking of private property or otherwise have

taking implications under Executive Order 12630 because this rule does not affect individual property rights protected by the Fifth Amendment or involve a compensable "taking." A takings implication assessment is not required.

F. Federalism (E.O. 13132)

Under the criteria in section 1 of Executive Order 13132, this rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement because the rule affects only agreements entered into by Tribes and the Department. A federalism summary impact statement is not required.

G. Civil Justice Reform (E.O. 12988)

This rule complies with the requirements of Executive Order 12988. Specifically, this rule: (a) Meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and (b) Meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

H. Consultation With Indian Tribes (E.O. 13175)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian Tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and Tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in Executive Order 13175 and have determined that it has substantial direct effects on federally recognized Indian Tribes because the rule affects the criteria, process, and effectiveness of agreements Tribes may

enter into with the Department of the Interior to develop energy resources. The Department is hosting consultation sessions with Tribes (see “III. Tribal Consultation” above) and will be individually notifying each federally recognized Tribe of these opportunities to consult.

I. Paperwork Reduction Act

OMB Control No. 1076–0167 currently authorizes the collections of information contained in 25 CFR part 224, with an expiration of January 31, 2020. With this rulemaking, we are seeking to renew this information collection. The current authorization totaling an estimated 3,968 annual burden hours. If this proposed rule is finalized, the annual burden hours will decrease by an estimated 900 hours. This decrease is due to: (1) A decrease in the information requested as part of the TERA application process in §§ 224.53 and 224.63; and (2) the streamlined process for seeking an expansion of the scope of an existing TERA to cover additional Tribal land, energy resources, or categories of energy-related leases, business agreements, or rights-of-way in § 224.64. This change would require a revision to an approved information collection under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.* for which the Department is requesting OMB approval.

OMB Control Number: 1076–0167.

Title: Tribal Energy Resource Agreements, 25 CFR 224.

Brief Description of Collection: Submission of this information is required for Federally Recognized Indian Tribes to apply for, implement, reassume, or rescind a TERA that has been entered into in accordance with 25 U.S.C. 3501 *et seq.*, and 25 CFR 224. This collection also requires the Tribe to notify the public of certain actions and allows a petition from the public to be submitted to the Secretary of the Interior to inform of possible noncompliance with a TERA.

Type of Review: Revision of a currently approved collection.

Respondents: Federally recognized Indian Tribes and the public.

Number of Respondents: 1 on average (each year).

Number of Responses: 11 on average (each year).

Frequency of Response: On occasion.

Estimated Time per Response: Varies from 32 hours to 540 hours.

Estimated Total Annual Hour Burden: 3,068 hours.

Estimated Total Non-Hour Cost: \$18,100

J. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because this is an administrative and procedural regulation. (For further information see 43 CFR 46.210(i)). We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

K. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

L. Clarity of This Regulation

We are required by Executive Orders 12866 (section 1(b)(12)), and 12988 (section 3(b)(1)(B)), and 13563 (section 1(a)), and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule we publish must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use clear language rather than jargon;
- (d) Be divided into short sections and sentences; and,
- (e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send us comments by one of the methods listed in the **ADDRESSES** section. To better help us revise the rule, your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that are unclearly written, which sections or sentences are too long, the sections where you believe lists or tables would be useful, etc.

M. Public Availability of Comments
