SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a draft guidance for industry entitled “Drug Abuse and Dependence Section of Labeling for Human Prescription Drug and Biological Products—Content and Format.” This draft guidance provides recommendations on the general principles to consider when drafting the DRUG ABUSE AND DEPENDENCE section of the labeling, and how to write, organize, and format the information within the DRUG ABUSE AND DEPENDENCE section of the labeling. The draft guidance provides recommendations on what information to include in the DRUG ABUSE AND DEPENDENCE section, including common terminology and definitions related to abuse and dependence, and how information related to topics presented in the DRUG ABUSE AND DEPENDENCE section should be distributed elsewhere in labeling.

This draft guidance is one in a series of guidances FDA is developing or has developed to assist applicants with the content and format of labeling for

human prescription drug and biological products. In the **Federal Register** of January 24, 2006 (71 FR 3922), FDA published a final rule on labeling for human prescription drug and biological products. The final rule and additional guidances on labeling can be accessed at <https://www.fda.gov/Drugs/GuidanceComplianceRegulatoryInformation/LawsActsandRules/ucm084159.htm>. The labeling requirements and these guidances are intended to make information in prescription drug labeling easier for health care practitioners to access, read, and use.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on “Drug Abuse and Dependence Section of Labeling for Human Prescription Drug and Biological Products—Content and Format.” It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations. This guidance is not subject to Executive Order 12866.

II. The Paperwork Reduction Act of 1995

This draft guidance refers to previously approved collections of information found in FDA regulations. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collections of information in 21 CFR 201.56 and 201.57 have been approved under OMB control number 0910-0572; the collections of information in 21 CFR 312.41 have been approved under OMB control number 0910-0014; the collections of information in 21 CFR 314.126(c), 314.70, and 314.97 have been approved under OMB control number 0910-0001; and the collections of information in 21 CFR 601.12 have been approved under OMB control number 0910-0338.
