ACTION: Notice of decision on domestic interested party petition.

SUMMARY: This document provides notice of U.S. Customs and Border Protection's (CBP) decision regarding the tariff classification of certain steel special profiles for the manufacture of forklift truck masts and carriages. GRI 1 requires that classification be determined first according to the terms of the headings of the tariff schedule and any relative section or chapter notes and, provided such headings or notes do not otherwise require, then according to the other GRIs. *See* GRI 1, HTSUS (2019). GRI 6 prescribes that, for legal purposes, the classification of goods in the subheadings of a heading shall be determined according to the terms of
