SUPPLEMENTARY INFORMATION:

A. Proceedings in the Investigation

In a notice published on April 12, 2019 (84 FR 15028), the U.S. Trade Representative announced the initiation of an investigation to enforce U.S. rights in the WTO dispute against the EU and certain EU member States addressed to EU subsidies on large civil aircraft. The April 12 notice, among other things, sought public comment on a preliminary list of EU products (the April 12 list) to be considered for inclusion on a final list of products that would be subject to additional ad valorem duties of up to 100 percent. As announced in the April 12 notice, the Section 301 Committee held a public hearing on May 15-16, 2019, and received testimony from over 40 individuals. Interested persons filed over 600 written submissions, including post-hearing comments.

A number of public comments submitted in response to the April 12 notice requested that the U.S. Trade Representative consider additional

products that were not included in the April 12 list for possible inclusion on the final list of products to be subject to additional duties.

B. Consideration of Additional Products

The U.S. Trade Representative has decided to consider an additional list of products set out in the Annex to this notice, which may be included on a final list of products subject to additional ad valorem duties of up to 100 percent. The additional list takes into account public comments requesting the consideration of additional products not included on the April 12 list.

The additional list in the Annex to this notice contains 89 tariff subheadings. These subheadings are valued at approximately \$4 billion in terms of the estimated import trade value for calendar year 2018. If the U.S. Trade Representative determines to take action in this investigation, a final list of products to be subject to additional duties may be drawn from both this and the April 12 lists. As stated in the April 12 notice, the final list will take into account the report of the WTO Arbitrator on the appropriate level of countermeasures to be authorized by the WTO.

C. Request for Public Comments

USTR invites comments from interested persons with respect to the possible inclusion of products from the additional list in the Annex to this notice on the final list of products subject to additional duties. In particular, USTR invites comments with respect to:

- The specific products in the additional list to be subject to increased duties;
- the level of the increase, if any, in the rate of duty; and
- whether increased duties on particular products on the additional list might have an adverse effect upon U.S. stakeholders, including small businesses and consumers.

D. Hearing Participation

The Section 301 Committee will convene a public hearing in the Main Hearing Room of the U.S. International Trade Commission, 500 E Street SW, Washington DC 20436 beginning at 9:30 a.m. on August 5, 2019. You must submit requests to appear at the hearing by July 24, 2019. The request to appear should include a written version of the testimony you expect to give. Remarks at the hearing may be no longer than five minutes to allow time for questions from the Section 301 Committee.
