I. Background

II. Basis and Purpose of the Final Rule

I. Background

On May 8, 2019, the Commission proposed changes to 39 CFR 3020.111(a) to include the requirement that the Postal Service describe how a proposed

update to a size or weight limitation would impact competitors and users of the product(s). The Commission also proposed a requirement that the Postal Service explain how a size and weight limitation change is in accordance with the policies and applicable criteria of chapter 36 of title 39 of the United States Code. After consideration of the comments submitted, the Commission adopts final rules.

II. Basis and Purpose of the Final Rule

The Commission initiated this proceeding to evaluate whether changes to Mail Classification Schedule provisions that, in effect, add products to, remove products from, or transfer products between product lists are changes that implicate the requirements of 39 U.S.C. 3642. The Commission sought comments from interested parties on whether it should update its regulations to require information pursuant to section 3642 when changes to the size and weight limitations appear to modify the product lists.

After consideration of the comments submitted, the Commission finds that the amendments to 39 CFR 3020.111(a) strike the appropriate balance between requiring additional information to adequately assess the potential effects of a size and weight limitation change, without being unduly burdensome to the Postal Service. Moreover, the Commission finds that the proposed amendments are sufficient for the Commission to analyze whether a proposed size and weight limitation change would involve unreasonable price increases, unreasonable discrimination, or any other material harm to users and competitors. Although both the Greeting Card Association and the Association for Postal Commerce expressed concern regarding the scope of the rules and possible impacts on volume, both commenters noted that the Commission could address those concerns via proposed sections 3020.111(a)(2) and (3). Accordingly, the Commission adopts the revisions to 39 CFR 3020.111(a).

Final Rules

The Commission amends the rules for updating size and weight limitations in 39 CFR part 3020.
