eligibility systems or gathered by conducting additional case review surveys.

Based upon FNS’ experience over the last two years, out of 53 State agencies this data collection impacts, FNS estimates only 10 States to submit major changes annually. The total estimated burden hours associated with the Major Change requirements since the final rule are being revised from 9,663.75 to 2,160. While the number of expected major changes States are expected to report annually is revised from 22.5 to 20, most of the decrease is based due to the initial overestimated need for additional reporting beyond the “automatic” provisions of the rule. The final rule estimated that 6.75 States would be required to gather and report additional data, while to date FNS has not required this of any State so the estimate has been revised to one (1) State annually will gather and report additional data to FNS. This correction accounts for a decrease in hours from 7,377 in the final rule to 896 in this notice.

Affected Public: State, Local and Tribal governments.

Estimated Number of Respondents: 10 States per year.

Estimated Number of Responses per Respondent: 5.

BILLING CODE 3410–30–P
Social Science Research at the Forest Service, kenli.kim@usda.gov

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 twenty-four hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for Survey Improvement Projects.
OMB Number: 0596–NEW.
Expiration Date of Approval: NEW.
Type of Request: NEW.

Abstract: The USDA Forest Service has broad responsibilities for caring for the forests and grasslands of the nation. In order to fulfill this mission, the Agency needs an accurate understanding of the range of views and preferences held by stakeholders regarding the management and conservation of forests and other natural resources. We do so through various information collections of social and economic data. The Forest Service requests approval from the Office of Management and Budget (OMB) for this generic clearance to allow the Forest Service to rigorously develop, test, and evaluate its survey instruments and other data collection instruments.

The Forest Service has instituted state-of-the-art techniques to improve the quality and timeliness of surveys and related data collection and analyses, while simultaneously reducing respondents’ workload and burden. The purpose of this generic clearance is to allow the Forest Service to evaluate, adopt, and use these state-of-the-art techniques to improve its current data collections on forest and natural land management. This clearance will also be used to aid in the development of new surveys and data collection methods. Additionally, the Forest Service anticipates the benefit of increased response rates through improved survey design, a goal tied directly to improving response rates and reducing non-response bias.

Estimate of Annual Burden on Respondents: 900 hours per year (2,700 hours for the 3 year period).

Type of Respondents: Individuals and households, state & local government representatives, tribal representatives, private sector businesses, and non-profit organizations.

Estimated Annual Number of Respondents: 2,500 per year.
Estimated Annual Number of Responses per Respondent: 1 response/respondent.

Comment is Invited: Comment is invited on: (1) Whether this collection of information is necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency’s estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. The Forest Service will consider the comments received and amend the information collection request as appropriate. The final information collection request package will then be submitted to OMB for review and approval.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request for final Office of Management and Budget approval.

Dated: June 17, 2019.
Alexander L. Friend,
Deputy Chief, Research & Development.

BILLING CODE 3411–15–P

DEPARTMENT OF COMMERCE

[Docket Number: 190703544–9544–01]

Comment Request: Report on the State of Counterfeit and Pirated Goods Trafficking and Recommendations

ACTION: Notice; request for comments.

SUMMARY: The Department of Commerce is seeking comments from intellectual property rights holders, online third-party marketplaces and other third-party intermediaries, and other private-sector stakeholders on the state of counterfeit and pirated goods trafficking through online third-party marketplaces and recommendations for curbing the trafficking in such counterfeit and pirated goods. All responses to this notice will be shared with interagency teams, and specifically the Department of Homeland Security (DHS), for use in preparing a report for the President as directed by the April 3, 2019 Presidential Memorandum on “Combating Trafficking in Counterfeit and Pirated Goods” (Presidential Memorandum).

DATES: Comments must be received by 5:00 p.m. Eastern time on Monday, July 29, 2019.

ADDRESSES: You may submit comments and responses to the questions below by one of the following methods. All comments must be submitted through the Federal eRulemaking Portal at http://www.regulations.gov. Docket No. DOC–2019–0003, unless the commenter does not have access to the internet. Commenters who do not have access to the internet may submit the original and one copy of each set of comments by mail or hand delivery/courier as noted in option (b) below.

(a) Electronic Submission: Submit all electronic comments via the Federal e-Rulemaking Portal at http://www.regulations.gov. In the “Search” box, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments. The materials in the docket will not be edited to remove identifying or contact information, and the Department cautions against including any information in an electronic submission that the submitter does not want publicly disclosed. Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF formats only. Comments containing references to studies, research, and other empirical data that are not widely published should include copies of the referenced materials. If you want to submit a comment with business confidential information that you do not wish to be made public, submit the comment in the manner detailed below.

Submissions of “Business Confidential Information”: For any comments submitted electronically containing business confidential information, the file name of the business confidential version should begin with the characters “BC”. Any page containing business confidential information must be clearly marked “BUSINESS CONFIDENTIAL” on the top of that page and the submission should clearly indicate, via brackets, highlighting, or other means, the specific information that is business confidential. If you request business confidential treatment, you must certify that the information is business confidential and would not customarily be released to the public. Filers of submissions containing business confidential information also must submit a public version of their comments. The file name of the public version should begin with the character “P”. The “BC” should be followed by the name of the person or entity submitting the comments or
