SUPPLEMENTARY INFORMATION: This Order follows the recommendations made in the Bureau of Land Management’s 2007 East Alaska RMP. The Environmental Impact Statement accompanying the East Alaska RMP serves as the detailed statement required under section 102(2)(C) of the National Environmental Policy Act. PLO No. 5176, as amended, modified, or corrected, withdraws land for selection by Alaska Native Claims Settlement Act (ANCSA) village and regional corporations in the Chugach Region, and for classification. The selection period expired in 1974 making it possible for revocation of this withdrawal on any segregated land still under selection. PLO No. 5179, as amended, modified, or corrected, withdrew lands in aid of legislation concerning addition to or creation of units of the National Park, National Forest, Wildlife Refuge, and Wild and Scenic Rivers Systems, and to allow for classification of the lands. Any additions to or creation of new units of National Parks, National Forests, Wildlife Refuges or Wild and Scenic Rivers from the land withdrawn by PLO No. 5179 were accomplished by the Alaska National Interest Lands Conservation Act of 1980. The classification of the lands withdrawn by PLO No. 5176 and 5179 were satisfied by the analysis conducted during the development of the East Alaska RMP.

Public Land Order No. 7879: Partial Revocation of Public Land Orders Nos. 5173, 5178, 5179, 5180, 5184, 5186 and 5187, Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This Order partially revokes seven Public Land Orders (PLOs) to as far as they affect 1,151,877.36 acres of public lands reserved for study and classification as appropriate by the Department of the Interior. The purposes for which these lands were withdrawn no longer exist as described in the analysis and decisions made through the Eastern Interior Fortymile Resource Management Plan (RMP).

DATES: This PLO takes effect on July 10, 2019.

FOR FURTHER INFORMATION CONTACT:
David V. Mushovic, Bureau of Land Management Alaska State Office, 222 West Seventh Avenue, Mailstop #13, Anchorage, AK 99513–7504, 907–271–4682, or dmushovic@blm.gov. People who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This Order follows the recommendations made in the Bureau of Land Management’s 2016 Eastern Interior Fortymile RMP. The Environmental Impact Statement accompanying the Fortymile RMP serves as the detailed statement required under section 102(2)(C) of the National Environmental Policy Act. PLOs 5173 and 5178, as amended, modified, or corrected, withdrew lands for selection by Village and Regional Corporations under Sec. 11(a)(3) of Alaska Native Claims Settlement Act (ANCSA) and for classification. Sec. 22(h)(4) of ANCSA states “the Secretary is authorized to terminate any withdrawal... whenever he determines the withdrawal is no longer necessary.” The purposes for which these lands were withdrawn were satisfied by the analysis conducted during the development of the Bureau of Land Management’s 2016 Eastern Interior Fortymile RMP. PLO No. 5179, as amended, modified, or corrected, withdrew lands in aid of legislation concerning addition to or creation of units of the National Park, National Forest, Wildlife Refuge, and Wild and Scenic Rivers Systems, and to allow for classification of the lands. Any additions to or creation of new units of National Parks, National Forests, Wildlife Refuges and Wild and Scenic Rivers from the land withdrawn by PLO No. 5179 were accomplished by the Alaska National Interest Lands Conservation Act (ANILCA). The classification of the lands withdrawn by PLO No. 5179 has been satisfied by the analysis conducted during the development of the Fortymile RMP. PLO No. 5180, as amended, modified, or corrected, withdrew lands for classification and for the protection of the public interest in these lands. The classification and protection of the public interest in the lands withdrawn by PLO No. 5180 has been satisfied by the analysis conducted during the development of the Fortymile RMP.

Upon revocation, the lands in this Order will not be subject to the terms and conditions of PLO No. 5187, which amended PLO No. 5180, but will continue to be subject to the terms and conditions of any other withdrawal, application, or segregation of record. Some lands covered by the revocation of the above listed withdrawals have been top-filed by the State of Alaska per the Alaska Statehood Act. Upon revocation of the above listed withdrawals, the top filings will convert to selections, subject to valid existing rights. Lands validly selected by or conveyed to the State of Alaska are not subject to the subsistence management provisions of Title VIII of the ANILCA as they no longer meet the definition of public lands. The Sec. 810 analysis for the approved Fortymile RMP found no significant restriction on subsistence uses due to this action.
