Title: Recreation Economy Project.
OMB Number: 0596-NEW.
Type of Request: New.
Abstract: The Monongahela National Forest (MNF) in partnership with West Virginia University (WVU), and USDA Rural Development is bringing diverse stakeholders together to create a shared recreation vision for each county and the greater region surrounding the MNF.
 The recreation economy project that involves 13 MNF gateway communities can be complemented with information collected from a recreation economy survey. The data will be used to guide decisions to support the development of recreation economies and incorporated into a graduate thesis in the Recreation, Parks, and Tourism Resources program at WVU.
 The survey “Monongahela National Forest Recreation Economies Survey” is one page long with 13 questions that ask about visitors’ background information, their spending in the 13 individual communities, and their perceptions of these communities. This survey will be placed at the Cranberry Mountain Nature Center and Seneca Rocks Visitor Center and will be filled out by visitors (self-administered).

Overall, this survey will add information on visitors’ spatial movements in the 13 MNF gateway communities, their overall experience of communities visited, and spending in communities visited. This information will provide a valuable baseline for gateway community planning and economic development.
Estimate of Annual Burden: 3-5 minutes.
Type of Respondents: Individuals.
