BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2019-0420]

Certificate of Alternative Compliance for the Cable Ferry TINA FALLON

AGENCY: Coast Guard, DHS.

ACTION: Notification of issuance of a certificate of alternative compliance.

SUMMARY: The Coast Guard announces that the Fifth District, Chief of Prevention Division has issued a certificate of alternative compliance from the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), for the cable ferry, TINA FALLON, Official Number (O.N.) 1206170, Chesapeake Shipbuilding Corporation Hull Number 89. We are issuing this notice because its publication is required by statute. Due to its construction, purpose and operation, the cable ferry, TINA FALLON cannot fully comply with the light, shape, or sound signal provisions of the 72 COLREGS without interfering with the vessel's design, operation and construction. This notification of issuance of a certificate of alternative compliance promotes the Coast Guard's marine safety mission.

DATES: The Certificate of Alternative Compliance was issued on July 2, 2019.

FOR FURTHER INFORMATION CONTACT: For information or questions about this notice call or email LCDR Ronaydee M. Marquez, District Five, Asst. Chief, Inspections and Investigations, U.S. Coast Guard; telephone: 757-398-6682, email: Ronaydee.M.Marquez@uscg.mil.

SUPPLEMENTARY INFORMATION: The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, or sound signal provisions of the 72 COLREGS. Under statutory law, however, specified 72 COLREGS provisions are not applicable to a vessel of special construction or purpose if the Coast Guard determines that the vessel cannot comply fully with those

requirements without interfering with the special function of the vessel.¹

The owner, builder, operator, or agent of a special construction or purpose vessel may apply to the Coast Guard District Office in which the vessel is being built or operated for a determination that compliance with alternative requirements is justified,² and the Chief of the Prevention Division would then issue the applicant a certificate of alternative compliance (COAC) if he or she determines that the vessel cannot comply fully with 72 COLREGS light, shape, and sound signal provisions without interference with the vessel's special function.³ If the Coast Guard issues a COAC, it must publish notice of this action in the **Federal Register**.⁴ Because TINA FALLON operates within Coast Guard Fifth District, this office is authorized to issue the COAC.

The Fifth District, Chief of Prevention Division, U.S. Coast Guard, certifies that the TINA FALLON, O.N. 1206170 is a vessel of special construction or purpose, and that, with respect to the requirement for sidelights and sternlights it is not possible to comply fully with the requirements enumerated in the 72 COLREGS, without interfering with the normal operations or design of the vessel. Installing navigation or running lights along the centerline would interfere with the open deck as the vessel has a pilot house superstructure set to one side of the vessel for loading and parking vehicles. Additionally, the installation of sidelights and sternlights on this vessel will be inconsequential as the vessel operates on a direct cable crossing on the Nanticoke River, Connecting Road 577 in Delaware on an unscheduled 600-foot route. While the vessel is underway, the cable is raised, and yellow flashing warning lights on the primary slip automatically actuate whenever the cable is raised, thereby warning up and down river traffic when the vessel is crossing. Due to the design and nature of the operation, it is impossible for any vessel traffic to cross the route due to the cable, therefore, the requirement for sidelights or sternlights have been omitted. Installation of these lights is inconsequential and would not pose a safety risk as no vessel traffic can cross or overtake. Additionally, due to the short nature of the trip, the requirement for sidelights and sternlights would interfere with the vessel's operations, and create a burden

¹ 33 U.S.C. 1605.

⁴ 33 U.S.C. 1605(c) and 33 CFR 81.18.

on the operator to continuously switch the navigation lights on and off after each 5 minute transit.

The vessel will install the mast lights and restricted in ability to maneuver lights (RAM) on the superstructure mast at proper height. The Fifth District, Chief of Prevention Division further finds and certifies that the mast light and RAM lights are in the closes possible compliance with the applicable provisions of the 72 COLREGS.⁵

This notice is issued under authority of 33 U.S.C. 1605(c) and 33 CFR 81.18.

J.A. Stockwell,

Acting Chief, CDR, U.S. Coast Guard, Prevention Division, Fifth Coast Guard District.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2019-0264]

Collection of Information Under Review by Office of Management and Budget; OMB Control Number: 1625-0105.

AGENCY: Coast Guard, DHS.

ACTION: Thirty-day notice requesting comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 the U.S. Coast Guard is forwarding an Information Collection Request (ICR), abstracted below, to the Office of Management and Budget (OMB), Office of Information and Regulatory Affairs (OIRA), requesting an extension of its approval for the following collection of information: 1625-0105, Regulated Navigation Area; Reporting Requirements for Barges Loaded with Certain Dangerous Cargoes, Inland Rivers, Eighth Coast Guard District and the Illinois Waterway, Ninth Coast Guard District; without change. Our ICR describes the information we seek to collect from the public. Review and comments by OIRA ensure we only impose paperwork burdens commensurate with our performance of duties.

DATES: Comments must reach the Coast Guard and OIRA on or before August 12, 2019.

ADDRESSES: You may submit comments identified by Coast Guard docket number [USCG-2019-0264] to the Coast

⁵ 33 U.S.C. 1605(a); 33 CFR 81.9.

Guard using the Federal eRulemaking Portal at <https://www.regulations.gov>. Alternatively, you may submit comments to OIRA using one of the following means:

(1) *Email*: OIRA-submission@omb.eop.gov.

(2) *Mail*: OIRA, 725 17th Street NW, Washington, DC 20503, attention Desk Officer for the Coast Guard.

(3) *Fax*: 202-395-6566. To ensure your comments are received in a timely manner, mark the fax, attention Desk Officer for the Coast Guard.

A copy of the ICR is available through the docket on the internet at <https://www.regulations.gov>. Additionally, copies are available from: Commandant (CG-612), Attn: Paperwork Reduction Act Manager, U.S. Coast Guard, 2703 Martin Luther King Jr. Ave. SE, Stop 7710, Washington, DC 20593-7710.

FOR FURTHER INFORMATION CONTACT: Mr. Anthony Smith, Office of Information Management, telephone 202-475-3532, or fax 202-372-8405, for questions on these documents.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection's purpose, the Collection's likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection. The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) The practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology. Consistent with the requirements of Executive Order 13771, Reducing Regulation and Controlling Regulatory Costs, and Executive Order 13777, Enforcing the Regulatory Reform Agenda, the Coast Guard is also requesting comments on the extent to which this request for

information could be modified to reduce the burden on respondents. These comments will help OIRA determine whether to approve the ICR referred to in this notice.

We encourage you to respond to this request by submitting comments and related materials. Comments to Coast Guard or OIRA must contain the OMB Control Number of the ICR. They must also contain the docket number of this request, [USCG-2019-0264], and must be received by August 12, 2019

Submitting Comments

We encourage you to submit comments through the Federal eRulemaking Portal at <https://www.regulations.gov>. If your material cannot be submitted using <https://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice, and all public comments, are in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

We accept anonymous comments. All comments received will be posted without change to <https://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

OIRA posts its decisions on ICRs online at <http://www.reginfo.gov/public/do/PRAMain> after the comment period for each ICR. An OMB notice of Action on each ICR will become available via a hyperlink in the OMB Control Number: 1625-0105.

Previous Request for Comments

This request provides a 30-day comment period required by OIRA. The Coast Guard has published the 60-day notice (84 FR 20645, May 10, 2019) required by 44 U.S.C. 3506(c)(2). That notice elicited no comments. Accordingly, no changes have been made to the Collection.

Information Collection Request

Title: Regulated Navigation Area; Reporting Requirements for Barges Loaded with Certain Dangerous Cargoes, Inland Rivers, Eighth Coast Guard District and the Illinois Waterway, Ninth Coast Guard District.

OMB Control Number: 1625-0105.

Summary: The Coast Guard requires position and intended movement reporting, and fleeting operations reporting, from barges carrying certain dangerous cargoes (CDCs) in the inland rivers within the Eighth and Ninth Coast Guard Districts. The reporting requirements are found in 33 CFR 165.830 and 165.921.

Need: This information is used to ensure port safety and security and to ensure the uninterrupted flow of commerce.

Forms: None.

Respondents: Owners, agents, masters, towing vessel operators, or persons in charge of barges loaded with CDCs or having CDC residue operating on the inland rivers located within the Eighth and Ninth Coast Guard Districts.

Frequency: On occasion.

Hour Burden Estimate: The estimated annual burden remains 4 hours a year.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended.

Dated: July 9, 2019.

James D. Roppel,

Chief, Office of Information Management, U.S. Coast Guard.
