

bladderpod was listed as endangered under the Act on August 1, 2014 (79 FR 44712). Approximately 373 hectares (ha) (925.5 acres (ac)), distributed among 20 units in Posey County, Indiana; Clark, Franklin, and Woodford Counties, Kentucky; and Cheatham, Davidson, Dickson, Jackson, Montgomery, Smith, and Trousdale Counties, Tennessee, were designated as critical habitat on August 26, 2014 (79 FR 50990).

Recovery Plan

Section 4(f) of the Act requires the development of recovery plans for listed species, unless such a plan would not promote the conservation of a particular species. Recovery plans describe actions considered necessary for conservation of the species, establish recovery criteria, and estimate time and cost for implementing recovery measures. Section 4(f) of the Act also requires us to provide public notice and an opportunity for public review and comment during recovery plan development. We will consider all information presented during a public comment period prior to approval of each new or revised recovery plan. We and other Federal agencies will take these comments into account in the course of implementing approved recovery plans.

The draft recovery plan describes actions necessary for the recovery of Short's bladderpod, establishes criteria for its delisting, and estimates the time and cost for implementing specific measures needed to recover the species. The ultimate goal of this draft recovery plan is to ensure the long-term viability of the Short's bladderpod in the wild to the point that it can be removed from the Federal List of Endangered and Threatened Plants in title 50 of the Code of Federal Regulations (50 CFR 17.12).

Recovery Criteria

The Short's bladderpod will be considered for delisting when:

(1) Agreements have been reached with key stakeholders to conserve, restore, and manage habitat to provide ecological conditions, as described in the Species Status Assessment for Short's bladderpod (SSA), that promote growth of individuals and support resilient populations. (Addresses Listing Factor A.)

(2) Monitoring demonstrates stable or increasing population growth rates or an average population size for at least 25 populations that is equal to or above the minimum viable size. Populations are protected by a conservation mechanism. A minimum of 6 of these populations must be located in the Kentucky River watershed and 15 populations in the

Cumberland River watershed, in addition to the population in the Wabash River watershed, in order to ensure adequate regional representation and intra-regional redundancy of resilient populations. (Addresses Listing Factors A and E.)

(3) In lieu of satisfying criteria 1 and 2, the species could be considered for delisting if 50 resilient occurrences (as described in the SSA) are distributed among the physiographic regions where the species occurs. (Addresses Factor A and E.)

Request for Public Comments

We request written comments on the draft recovery plan. We will consider all comments we receive by the date specified in **DATES** prior to final approval of the plan.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority

The authority for this action is section 4(f) of the Endangered Species Act, 16 U.S.C. 1533(f).

Dated: October 15, 2018.

Mike Oetker,

Acting Regional Director, Southeast Region.

Editorial Note: This document was received for publication by the Office of the Federal Register on July 11, 2019.

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX19NM00FU5010; OMB Control Number 1028-0094/Renewal]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; National Coal Resources Data System

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Geological Survey (USGS) are

proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before August 15, 2019.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to U.S. Geological Survey, Information Collections Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028-0094 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Joseph East, Eastern Energy Resources Science Center, by email at jeast@usgs.gov, or by telephone at 703-648-6450. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on May 8, 2019, 84 FR 20161. No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the USGS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address,

or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The primary objective of the U.S. Geological Survey (USGS) National Coal Resources Data System (NCRDS) is to advance the understanding of the energy endowment of the United States by gathering and organizing digital geologic information related to coal, coal bed gas, shale gas, conventional and unconventional oil and gas, geothermal, and other energy resources and related information regarding these resources, along with environmental impacts from using these resources. These data are needed to support regional or national assessments concerning energy resources. Requesting external cooperation is a way for NCRDS to collect energy data and perform research and analyses on the characterization of geologic material, and obtain other information (including geophysical or seismic data, sample collection for generation of thermal maturity data) that can be used in energy resource assessments and related studies.

The USGS will issue a call for proposals to support researchers from State Geological Surveys and associated accredited universities that can provide geologic data to support NCRDS and other energy assessment projects being conducted by the USGS.

Data submitted to NCRDS by external cooperators constitute more than two-thirds of the USGS point-source stratigraphic database (USTRAT) on coal occurrence. This program is conducted under various authorities, including 30 U.S.C. 208–1, 42 U.S.C. 15801, and 43 U.S.C. 31 *et seq.* This collection will consist of applications, proposals and reports (annual and final).

Title of Collection: National Coal Resources Data System (NCRDS).

OMB Control Number: 1028–0094.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Individuals; State, local and tribal governments; State Geological Surveys, universities, and businesses.

Total Estimated Number of Annual Respondents: 21.

Total Estimated Number of Annual Responses: 21.

Estimated Completion Time per Response: 25 hours.

Total Estimated Number of Annual Burden Hours: 525 Hours.

Respondent's Obligation: Required to Obtain or Retain a Benefit.

Frequency of Collection: Annually for progress reports.

Total Estimated Annual Nonhour Burden Cost: There are no “non-hour cost” burdens associated with this IC.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Margo Corum,

Associate Program Coordinator.

BILLING CODE 4338–11–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1149]

Certain Semiconductor Devices, Integrated Circuits, and Consumer Products Containing the Same; Commission Determination Not To Review an Initial Determination Granting a Motion To Amend the Complaint and Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 15) issued by the presiding administrative law judge (“ALJ”), granting a motion to amend the complaint and notice of investigation.

FOR FURTHER INFORMATION CONTACT: Robert Needham, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708–5468. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this investigation may be viewed on the Commission’s

electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on April 3, 2019, based on a complaint filed by Innovative Foundry Technologies LLC of Portsmouth, New Hampshire (“IFT”). 84 FR 13065. The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain semiconductor devices, integrated circuits, and consumer products containing the same by reason of infringement of certain claims of U.S. Patent Nos. 6,583,012 (“the ‘012 patent”); 6,797,572 (“the ‘572 patent”); 7,009,226; 7,880,236 (“the ‘236 patent”); and 9,373,548. *Id.* The Commission’s notice of investigation named as respondents BBK Communication Technology Co., Ltd., of Dongguan, China; Vivo Mobile Communication Co., Ltd., of Dongguan, China; OnePlus Technology (Shenzhen) Co., Ltd., of Shenzhen, China (“OnePlus”); Guangdong OPPO Mobile Telecommunications Co., Ltd., of Dongguan, China (“Guandong OPPO”); Hisense Electric Co., Ltd. of Qingdao, China; Hisense USA Corporation of Suwanee, Georgia; Hisense USA Multimedia R & D Center Inc. of Suwanee, Georgia; TCL Corporation of Huizhou City, China; TCL Communication, Inc. of Irvine, California; TTE Technology, Inc. (d/b/a TCL America) of Wilmington, Delaware; TCT Mobile (US) Inc. of Irvine, California; VIZIO, Inc. of Irvine, California (“Vizio”); MediaTek Inc. of Hsinchu City, Taiwan; MediaTek USA Inc. of San Jose, California; Mstar Semiconductor, Inc. of ChuPei City, Taiwan; Qualcomm Incorporated of San Diego, California and Qualcomm Technologies, Inc. of San Diego, California (collectively, “Qualcomm”); Taiwan Semiconductor Manufacturing Company Limited of Hsinchu City, Taiwan; TSMC North America of San Jose, California; and TSMC Technology, Inc. of San Jose, California. *Id.* at 13066. The Office of Unfair Import Investigations (“OUII”) is participating in this investigation. *Id.*

On May 27, 2019, IFT moved to amend the complaint and notice of investigation to correct information regarding OnePlus and Guandong OPPO, and to add as a respondent
