SUPPLEMENTARY INFORMATION:
Correction
In the Federal Register of July 10, 2019, in FR Doc. 2019–14653, on page 32964 in the first column, correct the SUMMARY and SUPPLEMENTARY INFORMATION to read as follows:

SUMMARY: The many hundreds of U.S. institutions of higher education and other organizations that receive NASA funds are required to fully investigate complaints and for compliance with federal nondiscrimination laws, regulations, and executive orders. The implementation of new reporting requirements is necessary as NASA seeks to help ensure research environments to which the Agency provides funding are free from sexual harassment, other forms of harassment, and sexual assault. Additionally, NASA is taking this action to bolster our policies, guidelines, and communications. The intended effect of this action is, first, to better ensure that organizations funded by NASA clearly understand expectations and requirements. In addition, NASA seeks to ensure that recipients of grants and cooperative agreements respond promptly and appropriately to instances of sexual harassment, other forms of harassment, and sexual assault.

SUPPLEMENTARY INFORMATION: As a U.S. funding Agency of scientific research and development, and the primary funding Agency for aeronautics and space research and technology, NASA is committed to promoting safe, productive research and education environments for current and future scientists and engineers. We consider the Principal Investigator (PI) and any Co-Investigator(s) (Co-I) identified on a NASA award and all personnel supported by a NASA award must not engage in harassing behavior during the award period of performance whether at the recipient’s institution, on-line, or outside the organization, such as at field sites, facilities, or during conferences and workshops.

Upon implementation, the new term and condition will require recipient organizations to report to NASA any findings/determinations of sexual harassment, other forms of harassment, or sexual assault regarding a NASA funded PI or Co-I. The new term and condition will also require the recipient to report to NASA if the PI or Co-I is placed on administrative leave or if the recipient has imposed any administrative action on the PI or Co-I, or any determination or investigation of an alleged violation of the recipient’s policies or codes of conduct, statutes, regulations, or executive orders relating to sexual harassment, other forms of harassment, or sexual assault. Finally, the award term and condition specifies the procedures that will be followed by NASA upon receipt of a report.

The full text of the new term and condition is provided below:

Reporting Requirements Regarding Sexual Harassment, Other Forms of Harassment, or Sexual Assault

(a) The Principal Investigator (PI) and any Co-Investigator(s) (Co-I) identified on an NASA award are in a position of trust. These individuals must comport themselves in a responsible and accountable manner during the award period of performance, whether at the recipient’s institution, on-line, or at locales such as field sites, facilities, or conferences/workshops. Above all, NASA wishes to assure the safety, integrity, and excellence of the programs and activities it funds.

(b) For purposes of this term and condition, the following definitions apply:

1. Administrative Leave/ Administrative Action: Any temporary/ interim suspension or permanent removal of the PI or Co-I, or any administrative action imposed on the PI or Co-I by the recipient under organizational policies or codes of conduct, statutes, regulations, or executive orders, relating to activities, including but not limited to the following: teaching, advising, mentoring, research, management/ administrative duties, or presence on campus.

2. Finding/Determination: The final disposition of a matter involving sexual harassment or other form of harassment under organizational policies and processes, to include the exhaustion of permissible appeals exercised by the PI or Co-I, or a conviction of a sexual offense in a criminal court of law.

3. Other Forms of Harassment: Non-gender or non-sex-based harassment of individuals protected under federal civil rights laws, as set forth in organizational policies or codes of conduct, statutes, regulations, or executive orders.

4. Sexual harassment: May include but is not limited to gender or sex-based harassment, unwelcome sexual attention, sexual coercion, or creating a hostile environment, as set forth in organizational policies or codes of conduct, statutes, regulations, or executive orders.

(c) The recipient is required to report to NASA: (1) Any finding/determination regarding the PI or Co-I that demonstrates a violation of the recipient’s policies or codes of conduct, statutes, regulations, or executive orders relating to sexual harassment, other forms of harassment, or sexual assault; and/or (2) if the PI or any Co-I is placed on administrative leave or if any administrative action has been imposed on the PI or any Co-I by the recipient relating to finding/determination or an investigation of an alleged violation of the recipient’s policies or codes of conduct, statutes, regulations, or executive orders relating to sexual harassment, other forms of harassment, or sexual assault. Such reporting must be submitted by the Authorized Organizational Representative (AOR) to NASA’s Office of Diversity and Equal Opportunity at civilrightsinfo@nasa.gov within seven business days from the date of the finding/determination, or the date of the placement of a PI or Co-I by the recipient on administrative leave or the imposition of an administrative action.

(d) Recipient agrees to insert the substance of this term and condition in any subaward/subcontract involving a co-investigator. Recipient will be responsible for ensuring that all reports, including those related to co-investigators, comply with this term and condition.

(e) Each report must include the following information:

- NASA Award Number;
- Name of PI or Co-I being reported; ¹
- Type of Report: Select one of the following:
  - Finding/Determination: that the reported individual has been found to have violated the recipient’s policies or codes of conduct, statutes, regulations, or executive orders relating to sexual harassment, other forms of harassment, or sexual assault; or
  - Placement by the recipient of the reported individual on administrative leave or the imposition of any administrative action on the PI or any Co-I by the recipient relating to any finding/determination, or an investigation of an alleged violation of the recipient’s policies or codes of

¹ Recipient findings/determinations and placement of a PI or Co-I on administrative leave or the imposition of an administrative action must be conducted in accordance with organizational policies and processes. They also must be conducted in accordance with federal laws, regulations, and executive orders.
² Such report must be provided regardless of whether the behavior leading to the finding/ determination, or placement on administrative leave, or the imposition of an administrative action occurred while the PI or Co-I was carrying out award activities.
³ Only the identification of the PI or Co-I is required. Personally identifiable information regarding any complainants or other individuals involved in the matter must not be included in the report.
conduct, statutes, regulations, or
executive orders relating to sexual
harassment, other forms of harassment,
or sexual assault.

The recipient must also provide:
• A description of the finding/
determination and action(s) taken, if
any; and/or
• The reason(s) for, and conditions of
placement of the PI or any Co-I on
administrative action or administrative
leave.

The recipient, at any time, may
propose a substitute investigator if it
determines the PI or any Co-I may not
be able to carry out the funded project
or activity and/or abide by the award
terms and conditions.

In reviewing the report, NASA will
consider, at a minimum, the following
factors:
a. The safety and security of
personnel supported by the NASA
award;
b. The overall impact to the NASA-
funded activity;
c. The continued advancement of
taxpayer-funded investments in science
and scientists; and
d. Whether the recipient has taken
appropriate action(s) to ensure the
continuity of science and that continued
progress under the funded project can
be made.

(l) Upon receipt and review of the
information provided in the report,
NASA will consult with the AOR, or
designee. Based on the results of this
review and consultation, the Agency
may, if necessary and in accordance
with 2 CFR 200.338, assert its
programmatic stewardship
responsibilities and oversight authority
to initiate the substitution or removal
of the PI or any Co-I, reduce the award
funding amount, or where neither of
those previous options is available or
adequate, to suspend or terminate the
award. Other personnel supported by
a NASA award must likewise remain in
full compliance with the recipient’s
policies or codes of conduct, statutes,
regulations, or executive orders relating
to sexual harassment, other forms of
harassment, or sexual assault. With
regard to any personnel not in
compliance, the recipient must make
appropriate arrangements to ensure the
safety and security of other award
personnel and the continued progress
of the funded project. Notification of these
actions is not required under this term
and condition.

End of Proposed Term and Condition

Implementation: Upon receipt and
resolution of all comments, it is NASA’s
tention to implement the new term
through revision of the NASA Agency
Specific Requirements to the Research
Terms and Conditions, the Grant
General Conditions, and the Cooperative
Agreement—Financial and
Administrative Terms and Conditions.
These revised terms and conditions will
become effective thirty days from the
date of publication in the Federal
Register and will be available in the
NASA Grants and Cooperative
Agreement Manual (GCAM).

The new term and condition will be
applied to all new NASA awards and
funding amendments to existing awards
made on or after the effective date. This
new reporting requirement will apply to
all findings/determinations that occur
on or after the effective date of the terms
and conditions. With regard to
notification of placement on
administrative leave, the recipient must
notify NASA within seven business
days from the date the recipient
determines that placement on
administrative leave is necessary.

Recipients are strongly encouraged to
conduct a thorough review of the term
and condition to determine whether the
new reporting requirements necessitate
any changes to the institution’s policies
and procedures. The new term and
condition will be effective for any new
award, or funding amendment to an
existing award, made on or after the
effective date. For these purposes, this
means that any finding/determination,
placement on administrative leave or
the imposition of any administrative
action by the institution made on or
after the start date of an award or
funding amendment subject to the new
term will invoke the new reporting
requirements.

NASA Federal Register Liaison Officer.
