

IV. Request for Interim Waiver

Anker requests an interim waiver for its testing and rating of the models in Appendix I. The petition for waiver is likely to be granted, as evidenced by its merits. Without waiver relief, Anker would be subject to requirements that clearly should not apply to such products. And without such relief, Sales [sic] of EPS will be inhibited, to the detriment of Anker and to users and distributors of adaptive EPS and the products that use EPS.

Conclusion

DOE should grant Anker the requested waiver and interim waiver for the models listed in Appendix I hereto. Respectfully submitted,
Compliance Engineer: Eric Pan
/s/
