

activities to prevent or reduce damage; and

6. Coordinate with Canada and Mexico to establish a collaborative plan to address the feral swine threat along the common borders.

The NRCS actions under section 2408 of the 2018 Farm Bill are narrower than the scope of the larger APHIS effort defined in the FEIS and are limited to providing financial assistance specifically for outreach, training, equipment, and operations for feral swine trapping, consistent with APHIS technical standards. Subsequent actions, including disposal, are the responsibility of those carrying out the trapping activities, and must occur consistent with all associated federal, state, and local laws. These actions are fully covered by the FEIS Alternative 2, which was considered by APHIS to be the environmentally preferable and preferred alternative. NRCS has determined that these actions are substantially the same those analyzed in the 2015 Feral Swine Damage Management: A National Approach—Final Environmental Impact Statement, and is circulating the statement in Final form. For its proposed action, NRCS also has determined that Alternative 2 would be environmentally preferable and preferred.

Section 2408 of the 2018 Farm Bill requires that NRCS establish this effort as a pilot program. The specific locations chosen by NRCS for this pilot are based on the severity of damage. NRCS has determined that 11 states, where APHIS has determined feral swine population densities and corresponding associated damages are highest, will be the target of the initial NRCS pilot effort. These 11 states are: Alabama, Arkansas, California,<sup>1</sup> Florida, Georgia, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, and Texas. NRCS may consider expanding beyond these 11 pilot states, consistent with the nationwide scope of the FEIS. NRCS and APHIS will collaborate through State technical committees to identify projects under the pilot program and will do so in a way that places a priority where feral swine are a significant threat to agriculture, native ecosystems, or human or animal health.

Prior to recommending adoption, NRCS completed an internal checklist, titled “NEPA Supplementation Review and Documentation Checklist,” as required by its National Environmental Compliance Handbook. It was determined that the FEIS does not need to be supplemented prior to adoption.

<sup>1</sup> California chose not to participate at this time.

Further, the FEIS evaluated five alternatives, incorporated mitigation into those alternatives, and included a comprehensive evaluation of environmental impacts. Given this, NRCS has determined the FEIS adequately covers NRCS’ proposed action, as encompassed by section 2408 of the 2018 Farm Bill, and has, therefore, proposed its adoption. An associated decision will not be made earlier than 30 days following the publication of this notice in the **Federal Register**.

NRCS requests feedback from the public, other agencies, tribes, and other interested parties on the proposal to adopt the APHIS FEIS, the FEIS itself, and any associated issues and concerns.

**Methodology**

Commerce is conducting this review in accordance with section 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and it is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://enforcement.trade.gov/frn/index.htm>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an Appendix to this notice.

**Preliminary Results of the Review**

As a result of this review, Commerce preliminarily determines that the following weighted-average dumping margin exists for the period November 14, 2016 through April 30, 2018:<sup>7</sup>

entirety by ACCESS by 5 p.m. Eastern Time on the established deadline.

Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless otherwise extended.<sup>17</sup>

**Assessment Rates**

Upon publication of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.<sup>18</sup>

Pursuant to 19 CFR 351.212(b)(1), where the respondents reported the entered value of its U.S. sales, we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of such sales. Where the respondent did not report entered value, we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total quantity of those sales, in accordance with 19 CFR 351.212(b)(1).<sup>19</sup> We will also calculate (estimated) *ad valorem* importer-specific assessment rates with which to assess whether the per-unit assessment rate is *de minimis*. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate calculated in the final results of this review is not zero or *de minimis*. Where either the respondent's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*,<sup>20</sup> we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. We intend to instruct CBP to take into account the "provisional measures deposit cap," in accordance with 19 CFR 351.212(d).

For the companies which were not selected for individual review, we will assign an assessment rate based on the weighted-average dumping margin calculated for the POSCO single entity.

<sup>17</sup> See section 751(a)(3)(A) of the Act.

<sup>18</sup> See 19 CFR 351.212(b)(1).

<sup>19</sup> In these preliminary results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

<sup>20</sup> See 19 CFR 351.106(c)(2).

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Commerce's "reseller policy" will apply to entries of subject merchandise during the POR produced by the POSCO single entity for which the POSCO single entity did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.<sup>21</sup>

We intend to issue instructions to CBP 15 days after the date of publication of the final results of this review.

### Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the POSCO single entity and all other companies subject to this review will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for companies not participating in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 7.39 percent, the all-others rate established in the LTFV investigation.<sup>22</sup>

<sup>21</sup> For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

These deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 10, 2019.

### SUPPLEMENTARY INFORMATION:

#### Background

On July 12, 2018, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review on certain carbon and alloy steel cut-to-length plate from Italy.<sup>2</sup> This review covers 10 producers and exporters of the subject merchandise.
