SUPPLEMENTARY INFORMATION:**I. Notice of the Application for Expansion**

The Occupational Safety and Health Administration is providing notice that TUV SUD America, Inc. (TUVAM), is applying for expansion of current recognition as a NRTL. TUVAM requests the addition of one recognized testing and certification site to its NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the

NRTL may test, with each type specified by the applicable test standard and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including TUVAM, which details the NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpc/nrtl/index.html>.

TUVAM currently has six facilities (sites) recognized by OSHA for product testing and certification, with headquarters located at: TUV SUD America, Inc., 10 Technology Drive, Peabody, Massachusetts 01960. A complete list of TUVAM sites recognized by OSHA is available at <https://www.osha.gov/dts/otpc/nrtl/tuvam.html>.

II. General Background on the Application

TUVAM submitted an application, dated June 29, 2018 (OSHA–2007–0043–0027) to expand recognition to include the addition of one recognized testing and certification site located at: TUV SUD Certification and Testing (China) Co. Ltd. Shanghai Branch 3–13, No. 151 Heng Tong Road, Shanghai 200070, P.R. China. OSHA staff performed an on-site review of TUVAM's testing facilities on April 19–20, 2018 at TUV SUD Shanghai in which the assessors found some nonconformances with the requirements of 29 CFR 1910.7. TUVAM addressed these nonconformances satisfactorily, and OSHA has made a preliminary decision to approve the application.

III. Preliminary Finding on the Application

TUVAM submitted an acceptable application for expansion of its scope of recognition. OSHA's review of the application files and detailed on-site assessments indicate that TUVAM can meet the requirements prescribed by 29 CFR 1910.7 for expanding recognition to include the addition of one recognized testing and certification site. This preliminary finding does not constitute an interim or temporary approval of TUVAM's application.

OSHA welcomes public comment as to whether TUVAM meets the requirements of 29 CFR 1910.7 for expansion of its recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, listed in **ADDRESSES**. These materials also are available online at <https://www.regulations.gov> under Docket No. OSHA-2007-0043.

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will make a recommendation to the Assistant Secretary for Occupational Safety and Health on whether to grant TUVAM's application for expansion of its scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of this final decision in the **Federal Register**.
