

tables using a suggested format through the HRSA EHBs. This financial information is collected in the same location to streamline the process for the grant recipients. The UOB and rebate addendum data tables will be collected in the HRSA EHBs below the FFR SF-425 control number and the Paperwork Burden Statement.

Need and Proposed Use of the Information: RWHAP Part A and Part B recipients currently complete the UOB and rebate addendum tables in a non-electronic form and upload them as attachments as a part of their FFR SF-425 submission. This new process will decrease administrative burden,

increase transparency, and improve the quality of the data submitted to HRSA. UOB and rebate addendum tables are essential for allowing HRSA to ensure that RWHAP recipients are meeting the goal of accountability to Congress, clients, advocacy groups, and the general public. Information provided in the UOB and rebate addendum tables is critical for HRSA, states and territories, local clinics, and individual providers to evaluate the effectiveness of these programs.

Likely Respondents: HRSA RWHAP Parts A and B Recipients.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain,
