National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Partial Deletion of the Townsend Saw Chain Co. Superfund Site

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; notice of intent.

SUMMARY: The Environmental Protection Agency (EPA) Region 4 is issuing a Notice of Intent to Delete the soil, sediment, surface water, surficial aquifer, and the intermediate aquifer of this Site with the exception of a limited area (5,000-8,000 square feet) of the intermediate aquifer below the 1C clay in the vicinity of monitoring wells IMW-01B, MW-128, and OW-143 of the Townsend Saw Chain Co. Superfund Site (Site) located in Pontiac, South Carolina, from the National Priorities List (NPL) and requests public comments on this proposed action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of South Carolina, through the South Carolina Department of Health and Environmental Control (SC DHEC), have determined that all appropriate response actions at these identified media and/or parcels under CERCLA except for five-year reviews, operations and maintenance and monitoring have been completed. However, this deletion does not preclude future actions under Superfund. All Site areas and media will be included in this partial deletion except for the groundwater in the intermediate aquifer as specified above which will remain on the NPL and are not being considered for deletion as part of this action.

DATES: Comments must be received by August 21, 2019.
