Background

Section 9 of the Endangered Species Act (ESA) and Federal regulations prohibit the “taking” of a species listed as endangered or threatened. The term “take” is defined under the ESA to mean harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. NMFS may make exceptions to the take prohibitions in section 9 of the ESA for programs that are approved by NMFS under section 4(d) of the ESA (50 CFR 223.203(b)).

On Friday, June 28, 2019, NMFS published notice of the availability and opportunity to comment on a draft EA, three PEPDs, and four HGMPs on the proposed hatchery programs that are intended to contribute to the survival and recovery of Snake River Spring/summer Chinook salmon and Snake River steelhead in the Snake River Basin, and enhance fishing opportunity.

NMFS provided notice to advise other agencies and the public of the availability of these documents (84 FR 31049, June 28, 2019) and requested comments be received by July 29, 2019. In response, NMFS received requests from 5 entities for additional time to submit comments on the documents. NMFS has decided to extend the public comment period on the notice of review by 30 days to Wednesday, August 28, 2019, to allow opportunity for the public to review additional information on this project, available on the NMFS West Coast Region website: http://www.westcoast.fisheries.noaa.gov/fisheries/salmon_steelhead/puget_sound_fisheries.html.

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities: Notice of Intent To Renew Collection 3038–0099, Process for a Swap Execution Facility or Designated Contract Market To Make a Swap Available To Trade

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission (“Commission” or “CFTC”) is announcing an opportunity for public comment on the proposed renewal of a collection of certain information by the agency. Under the Paperwork Reduction Act (“PRA”), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed extension of a collection of information and to allow 60 days for public comment. This notice solicits comments on the process for a designated contract market (DCM) or a swap execution facility (SEF) to make a swap available to trade and therefore subject to the trade execution requirement pursuant to the Commodity Exchange Act (“CEA”). This process imposes rule filing requirements on a DCM or a SEF that wishes to submit a swap as available to trade.

DATES: Comments must be submitted on or before September 20, 2019.

ADDRESSES: You may submit comments, identified by “Renewal of Collection Pertaining to Process for a Swap Execution Facility or Designated Contract Market to Make a Swap Available to Trade,” “OMB Control No. 3038–0099” by any of the following methods:

• The Agency’s website, at <http://comments.cftc.gov/>. Follow the instructions for submitting comments through the website.

• **Mail:** Christopher Kirkpatrick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581.

• **Hand Delivery/Courier:** Same as Mail above.

Please submit your comments using only one method.

FOR FURTHER INFORMATION CONTACT: Roger Smith, Special Counsel, Division of Market Oversight, Commodity Futures Trading Commission, (202) 418–5344; email: rsmith@cftc.gov, and refer to OMB Control No. 3038–0099.

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal

agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed extension of the collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Process for a Swap Execution Facility or Designated Contract Market to Make a Swap Available to Trade (OMB Control No. 3038–0099). This is a request for extension of a currently approved information collection.

Abstract: The collection of information is needed to help determine which swaps should be subject to the trade execution requirement under section 2(h)(8) of the Commodity Exchange Act pursuant to Section 723 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. A SEF or DCM that submits a determination that a swap is available to trade must address at least one of several factors to demonstrate that the swap is suitable for trading pursuant to the trade execution requirement. The Commission uses the collection of information to facilitate the application of the trade execution requirement and the requirements associated with methods of execution under parts 37 and 38 of the Commission’s regulations.

With respect to the collection of information, the CFTC invites comments on:

• Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

• The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

• Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
