

interest, and bonding filed in response to the Commission Notice, the Commission has determined that the appropriate form of relief in this investigation is: (1) An LEO prohibiting the unlicensed entry of infringing road-milling machines and components thereof covered by one or more of claim 29 of the '309 patent or claims 2, 5, 16, or 23 of the '530 patent that are manufactured abroad for or on behalf of, or imported by or on behalf of, any of the Respondents or any of their affiliated companies, parents, subsidiaries, or other related business entities, or their successors or assigns; and (2) a CDO directed against Caterpillar Paving Products, Inc. and Caterpillar Inc., and their affiliated companies, parents, subsidiaries, or other related business entities, or their successors or assigns.

The Commission has further determined that the public interest factors enumerated in subsections (d)(1) and (f)(1) (19 U.S.C. 1337(d)(1), (f)(1)) do not preclude issuance of the above-referenced remedial orders. Additionally, the Commission has determined to impose a bond of fourteen (14) percent of entered value of the covered products during the period of Presidential review (19 U.S.C. 1337(j)). The investigation is terminated.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.
