

transparent” and “specify clear and direct lines of responsibility.” The proposed amendments would ensure that it is clear that material breaches and unapproved deviations from the Treasury Documents would need to be reported to certain senior leaders and that those individuals would determine whether issues should be further escalated. The amendments therefore enhance the governance arrangements relating to breaches of the Treasury Documents.

(B) Clearing Agency’s Statement on Burden on Competition

ICE Clear Europe does not believe the proposed amendments would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The amendments would apply uniformly to all CMs, are being adopted to strengthen and clarify the Clearing House’s liquidity risk management processes and should not affect the rights or obligations of CMs. Further, the amendments are generally intended to simplify and streamline documentation and reflect current practices, rather than substantially alter existing practices. As a result, ICE Clear Europe does not believe the amendments would affect the cost of clearing for CMs or other market participants, the market for cleared services generally or access to clearing by CMs or other market participants, or otherwise affect competition among CMs or market participants in a manner not necessary or appropriate in furtherance of the purposes of the Act.

(C) Clearing Agency’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any written comments received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission and Advance Notice and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove the proposed rule change or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

The proposal shall not take effect until all regulatory actions required with respect to the proposal are completed.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, security-based swap submission or advance notice is consistent with the Act. Comments may be submitted by any of the following methods:

[Release No. 34-86418; File No. SR-ICEEU-2019-016]

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing and Immediate Effectiveness of Proposed Rule Change, Security-Based Swap Submission or Advance Notice Relating to Amendments to the ICE Clear Europe Delivery Procedures

July 19, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 11, 2019, ICE Clear Europe Limited (“ICE Clear Europe” or the “Clearing House”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule changes described in Items I, II and III below, which Items have been prepared by ICE Clear Europe. ICE Clear Europe filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(4)(ii) thereunder,⁴ such that the proposed rule change was immediately effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice

The principal purpose of the proposed amendments is for ICE Clear Europe to amend its Delivery Procedures (the “Delivery Procedures”) to add delivery terms relating to the ICE

Futures Europe New York Harbour Ultra Low Sulphur Diesel Futures Contracts (the “ICE NYH ULSD Futures Contracts”) and the ICE Futures Europe New York Harbour Ultra Low Sulphur Heating Oil Futures Contracts (the “NYH ULSHO Futures Contracts”, and collectively, the “Contracts”).⁵

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission or Advance Notice

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change, Security-Based Swap Submission or Advance Notice

(a) Purpose

ICE Clear Europe is proposing to amend its Delivery Procedures to add a new Section 11 and Part FF regarding delivery procedures relating to the Contracts, which will be traded on ICE Futures Europe and cleared by ICE Clear Europe.

Proposed Part FF would set out the delivery specifications and procedures for deliveries of fungible 15 ppm ultra low sulphur diesel fuel in respect of the ICE NYH ULSD Futures Contract, and fungible 15 ppm ultra low sulphur heating oil in respect of the ICE NYH ULSHO Futures Contract. The amended Delivery Procedures would specify the Buyer’s delivery options (delivery into Buyer’s barge, into Buyer’s tanker, by inter-tank transfer (where certain conditions are satisfied) or by in-tank transfer at the relevant terminal (subject to the terms of business of the terminal)). Consistent with the exchange rules for the Contracts, delivery will take place on a business day nominated by the Buyer (pursuant to a specified delivery nomination form), subject to approval or rejection by the Seller, within a five-day delivery range agreed by the Seller and Buyer. Proposed Part FF would also establish certain timing requirements for exchange of futures for physical and swap transactions under exchange rules.

⁵ Capitalized terms used but not defined herein have the meanings specified in the ICE Clear Europe Clearing Rules (the “Rules”).

Proposed Part FF would provide a detailed delivery timetable, from the last trading day of the Contracts through final settlement, including procedures, deadlines and requirements for nominations of delivery range and delivery day, delivery confirmations, invoicing, provision of Buyer’s and Seller’s security, release of security following completion of delivery and other matters. The procedures would address invoice calculation with respect to the Contracts and delivery tolerances. Proposed Part FF would also specify the delivery documentation required of Buyers and Sellers.

Proposed new Section 11 of the Delivery Procedures would further specify the alternative delivery procedure for the Contracts if the Buyer and Seller agree to undertake delivery outside the ICE Futures Europe Rules.

(b) Statutory Basis

Section 17A(b)(3)(F) of the Act⁶ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of the clearing agency or for which it is responsible, and the protection of investors and the public interest. The proposed amendments are designed to facilitate the clearing of a new physically settled ultra low sulphur diesel futures contract and a new ultra low sulphur heating oil futures contract that are being launched for trading by the ICE Futures Europe exchange and that will be cleared by ICE Clear Europe. The amendments would set out the obligations and roles of the Clearing House and the relevant parties for delivery under the Contracts, supplementing the existing provisions of the Rules. ICE Clear Europe believes that its financial resources, risk management, systems and operational arrangements are sufficient to support clearing of such Contracts (and to address physical delivery under such Contracts) and to manage the risks associated with such Contracts. As a result, in ICE Clear Europe’s view, the amendments would be consistent with the prompt and accurate clearance and settlement of the Contracts as set out in the proposed Delivery Procedures amendments, and the protection of investors and the public interest consistent with the requirements of Section 17A(b)(3)(F) of the Act.⁷ (In ICE

⁶ 15 U.S.C. 78q–1(b)(3)(F).

⁷ 15 U.S.C. 78q–1(b)(3)(F).

Clear Europe’s view, the amendments would not adversely affect the safeguarding of funds or securities in the custody or control of the clearing agency or for which it is responsible, within the meaning of Section 17A(b)(3)(F).⁸

In addition, Rule 17Ad–22(e)(10)⁹ requires that each covered clearing agency establish and maintain transparent written standards that state its obligations with respect to the delivery of physical instruments, and establish and maintain operational practices that identify, monitor and manage the risks associated with such physical deliveries. As discussed above, the amendments to the Delivery Procedures relating to the delivery and settlement under the Contracts and ICE Futures Europe exchange rules would set out the obligations and roles of Clearing Members and the Clearing House. The amendments would also adopt relevant procedures for such deliveries, which would facilitate identifying, monitoring and managing risks associated with delivery.

(B) Clearing Agency’s Statement on Burden on Competition

ICE Clear Europe does not believe the proposed rule changes would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The changes are being proposed in order to update the Delivery Procedures in connection with the listing of the Contracts for trading on the ICE Futures Europe market. ICE Clear Europe believes that the Contracts would provide additional opportunities for interested market participants to engage in trading activity in the New York Harbour ultra low sulphur diesel and ultra low sulphur heating oil market. ICE Clear Europe does not believe the amendments would adversely affect competition among Clearing Members, materially affect the cost of clearing, adversely affect access to clearing in Contracts for Clearing Members or their customers, or otherwise adversely affect competition in clearing services. Accordingly, ICE Clear Europe does not believe that the amendments would impose any impact or burden on competition that is not appropriate in furtherance of the purpose of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any comments received with respect to the proposed amendments.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission and Advance Notice and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and paragraph (f) of Rule 19b-4¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, security-based swap submission or advance notice is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-86412; File No. SR-NASDAQ-2019-057]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing of Proposed Rule Change To Amend Rule 4121

July 19, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 16, 2019, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 4121 (Trading Halts Due to Extraordinary Market Volatility) to enhance the re-opening auction process for Nasdaq listed securities following trading halts due to extraordinary market volatility.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the re-opening auction process for Nasdaq listed securities following trading halts due to extraordinary market volatility (*i.e.*, "market-wide circuit breakers") to be similar to the process currently employed following a Trading Pause initiated pursuant to the Plan to Address Extraordinary Market Volatility (*i.e.*, the "Limit Up-Limit Down" or "LULD" Plan). In 2017, the Exchange amended its auction process for re-opening a Nasdaq listed security following a Trading Pause initiated pursuant to the LULD Plan.³ Specifically, the Exchange modified its rules such that initial Auction Collars following a Trading Pause would be calculated using a new methodology based on the Price Band that triggered the Trading Pause, and instituted the process for extending the auction and
