[C-570-081]

#### Glycine From the People's Republic of China: Notice of Correction to Final Affirmative Countervailing Duty Determination and Countervailing Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**FOR FURTHER INFORMATION CONTACT:** Tyler Weinhold, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1121.

#### SUPPLEMENTARY INFORMATION:

#### Background

On May 1, 2019, the Department of Commerce (Commerce) published the *Final Affirmative Countervailing Duty Determination* on glycine from the People's Republic of China (China).<sup>1</sup> On June 21, 2019, in accordance with section 706(a) of the Tariff Act of 1930, as amended (the Act), Commerce published the *Countervailing Duty Orders* on glycine from China.<sup>2</sup> In both the *Final Affirmative Countervailing Duty Determination* and the *Countervailing Duty Orders*, Commerce made a typographical error with respect to the spelling of the company name of Simagchem Corp., a mandatory respondent subject to the countervailing duty investigation on glycine from China. Specifically, Commerce misspelled the company name as "Sigmachem Corp" in the subsidy rate tables of both the *Final Affirmative Countervailing Duty Determination* and the *Countervailing Duty Orders*. The correct spelling of the company name is "Simagchem Corp." As a result, we hereby correct the *Final Affirmative*

*Countervailing Duty Determination* and the *Countervailing Duty Orders*.

#### Correction

Commerce has corrected the spelling of the company name of Simagchem Corp. in the subsidy rate tables of the *Final Affirmative Countervailing Duty Determination* and the *Countervailing Duty Order*. The estimated subsidy rates remain unchanged. The corrected subsidy rate table is as follows:

Exporter/producer	Subsidy rate (percent)
JC Chemicals Limited .....	144.01
Simagchem Corp .....	144.01
All Others .....	144.01

This correction to the *Final Affirmative Countervailing Duty Determination* and the *Countervailing Duty Orders* is issued and published in accordance with sections 777(i)(1) and 706(a) of the Act.

Dated: July 17, 2019.

**Jeffrey I. Kessler,**

*Assistant Secretary for Enforcement and Compliance.*

### National Oceanic and Atmospheric Administration

#### Notice of Intent To Develop a Policy for Determining Harmful Algal Bloom (HAB) and Hypoxia Events of National Significance in Marine or Coastal Waters; Opportunity To Provide Information

**AGENCY:** National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

**ACTION:** Notice; request for comments.

**SUMMARY:** The Harmful Algal Bloom and Hypoxia Research and Control Amendments Act of 2017 (HABHRCA) provides NOAA with authority to determine that a harmful algal bloom (HAB) or hypoxia event in marine or coastal waters is an event of national significance. NOAA may make this determination on its own initiative or upon the request of the Governor of an affected state. Following an event of national significance determination, NOAA is further authorized to make sums available to the affected state or local government for the purposes of assessing and mitigating the detrimental environmental, economic, subsistence

use, and public health effects of the event of national significance. Funds would be subject to the availability of appropriations. The Federal share of the cost of any activity carried out for the purposes described above may not exceed 50 percent of the cost of that activity. NOAA is soliciting comments to inform the development of agency policy for determining HAB and hypoxia events of national significance in marine and coastal waters. NOAA will subsequently issue, in the **Federal Register**, notice of availability of the draft policy and provide an opportunity for formal public comment on the draft policy after it is prepared. Note that HABHRCA provides the United States Environmental Protection Agency (EPA) with comparable authority for determining freshwater hypoxia or HAB events of national significance. The EPA will issue a separate notice to solicit comments on freshwater hypoxia or HAB events.

**DATES:** Comments must be received on or before Monday, September 9, 2019.

**ADDRESSES:** You may submit information by any of the following methods:

- **Electronic Submission:** Public comments can be submitted electronically either through the National Centers for Coastal Ocean Science web page (<https://coastalscience.noaa.gov/>).

- **Email:** You may submit comments via email to [nccos.eventsofsignificance@noaa.gov](mailto:nccos.eventsofsignificance@noaa.gov). Please indicate "HAB and hypoxia event of national significance" in the email subject line.

- **Mail:** Submit all written comments to Caitlin Gould at NOAA, National Centers for Coastal Ocean Science, SSMC-4, Rm. #8237, 1305 East-West Highway, Silver Spring, MD 20910. Please mark the outside of the envelope "HAB and hypoxia event of national significance."

- **Instructions:** Comments must be submitted by one of the above methods to ensure that the information is received, documented, and considered by NOAA. Comments sent by any other method, or received after the comment period, may not be considered by NOAA. Do not submit confidential business information or otherwise sensitive or protected information. NOAA will accept anonymous comments.

**FOR FURTHER INFORMATION CONTACT:** Maggie Broadwater at (843) 460-9684.

**SUPPLEMENTARY INFORMATION:** HAB and hypoxic events are some of the most scientifically complex and economically damaging coastal issues challenging our ability to safeguard the health of our
