Food and Nutrition Service

Title: Generic Information Collection and Clearance of FNS Fast Track Clearance for the Collection of Routine Customer Feedback.

OMB Control Number: 0584–0611.

Summary of Collection: This is an extension of a previously approved collection. Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that our programs are effective and meet our customers' needs, Food and Nutrition Service (FNS) (hereafter "the Agency") seeks to obtain OMB approval for the extension of a generic clearance to collect qualitative feedback on our service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

Need and Use of the Information: This collection of information is necessary to enable the Agency to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with the Agency's programs. This feedback provides insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It also allows feedback to contribute directly to the improvement of program management.
