DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request Information Collection Request Title: Health Resources and Service Administration Uniform Data System, OMB No. 0915-0193—Revision

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR must be received no later than September 24, 2019.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 14N136B, 5600 Fishers Lane, Rockville, Maryland 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call Lisa Wright-Solomon, HRSA Information Collection Clearance Officer at (301) 443-1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the ICR title for reference.

Information Collection Request Title: Health Resources and Services Administration Uniform Data System, OMB No. 0915-0193—Revision.

Abstract: The Health Center Program, administered by HRSA, is authorized

under section 330 of the Public Health Service (PHS) Act, most recently amended by section 50901(b) of the Bipartisan Budget Act of 2018, Public Law 115-123. Health centers are community-based and patient-directed organizations that deliver affordable, accessible, quality, and cost-effective primary health care services to patients regardless of their ability to pay. Nearly 1,400 health centers operate approximately 12,000 service delivery sites that provide primary health care to more than 27 million people in every U.S. state, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and the Pacific Basin. HRSA uses the Uniform Data System (UDS) for annual reporting by certain HRSA award recipients, including Health Center Program awardees (those funded under section 330 of the PHS Act), Health Center Program look-alikes, and Nurse Education, Practice, Quality and Retention (NEPQR) Program awardees (specifically those funded under the practice priority areas of section 831(b) of the PHS Act).

Need and Proposed Use of the Information: HRSA collects UDS data annually to ensure compliance with legislative and regulatory requirements, improve clinical and operational performance, and report overall program accomplishments. These data help to identify trends over time, enabling HRSA to establish or expand targeted programs and to identify effective services and interventions that will improve the health of medically underserved communities. HRSA analyzes UDS data with other national health-related data sets to compare the Health Center Program patient populations and the overall U.S. population.

HRSA plans to continue aligning several clinical measures reported in the UDS with the Centers for Medicare & Medicaid Services' (CMS) electronic specified clinical quality measures (eCQM) and is considering the following changes for 2020 UDS data collection:

- *Retiring CMS126 Use of Appropriate Medications for Asthma:* The CMS eCQM is no longer being
