SUPPLEMENTARY INFORMATION:

I. Background

The changes to the organization and delegation of powers and duties reflect changes to the agency’s organization and powers of certain agency officials. Specifically, section 1000.2 provides more detailed definitions for the roles and responsibilities of the Board’s Executive Director and General Counsel. Section 1000.3 presents the Board’s revised organizational structure, which has changed from the time the organizational structure was originally published. Finally, Section 1000.5 provides greater specificity regarding how the Board handles delegations and designations.

II. Regulatory Analysis and Notices

Administrative Procedure Act

This rule is a rule of agency organization, procedure, or practice. The Board publishes it as a final rule in accordance with 5 U.S.C. 553(b)(A).

Regulatory Flexibility Act/Executive Order 13272: Small Business

The Board certifies that this rule will not have a significant economic impact on a substantial number of small entities.

Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 (UMRA), Public Law 104–4, requires each agency to assess the effects of its regulatory actions on state, local, and tribal governments, and the private sector. Agencies must prepare a written statement of economic and regulatory alternatives any time a proposed or final rule imposes a new or additional enforceable duty on any state, local, or tribal government or the private sector that causes those entities to spend, in aggregate, $100 million or more (adjusted for inflation) in any one year (defined in UMRA as a “federal mandate”). This rule will not result in any such expenditure, nor will it significantly or uniquely affect small governments.

Small Business Regulatory Enforcement Fairness Act of 1996

This rule is not a major rule as defined by 5 U.S.C. 804. The Board is aware of no monetary effect on the economy that would result from this rulemaking, nor will there be any increase in costs or prices; or any effect on competition, employment, investment, productivity, innovation, or the ability of United States-based companies to compete with foreign-based companies in domestic and import markets.

Executive Order 12866

The Board does not consider this rule to be a “significant regulatory action” under Executive Order 12866, section 3(f), Regulatory Planning and Review. The Board has reviewed this rule to ensure its consistency with the regulatory philosophy and principles set forth in Executive Order 12866. This rule deals with the structure of the Board and sets forth greater authority for agency delegations and will not impose any costs on the public. The Board has determined that the benefits of this regulation, i.e., providing transparency to the public regarding its current structure and its authority for agency delegations, outweigh any costs.

Executive Orders 12372 and 13132: Federalism

This regulation will not have substantial direct effects on the States, on the relationship between the national government and the States, or the distribution of power and responsibilities among the various levels of government. The rule will not have federalism implications warranting the application of Executive Orders 12372 and 13132.

Executive Order 12988: Civil Justice Reform

The Board has reviewed the regulation in light of sections 3(a) and 3(b)(2) of Executive Order 12988 to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burden.

Executive Order 13563: Improving Regulation and Regulatory Review

The Board has considered this rule in light of Executive Order 13563, dated January 18, 2011, and affirms that this regulation is consistent with the guidance therein.

Executive Order 13771: Reducing Regulation and Controlling Regulatory Costs

This rule is not expected to be a regulatory action under Executive Order 13771 because this rule is not significant under Executive Order 12866.

Paperwork Reduction Act

Under the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 et seq., federal agencies must obtain approval from the Office of Management and Budget for each collection of information they conduct, sponsor, or require through regulations. This rule does not impose new or revised information collection requirements under the provisions of the PRA.
