

Abstract: Title 12 CFR part 715 prescribes the responsibilities of the supervisory committee to obtain an audit of the credit union and verification of member accounts as outlined in Section 115 of the Federal Credit Union Act, 12 U.S.C. 1761d. A supervisory committee audit is required at least once every calendar year covering the period since the last audit and to conduct a verification of members' accounts not less frequently than once every two years.

The information is used by both the credit union and the NCUA to ensure through audit testing that the credit union's assets, liabilities, equity, income, and expenses exist, are properly valued, controlled and meet ownership, disclosure and classification requirements of sound financial reporting. A written report on the audit must be made to the board of directors and, if requested, NCUA. Working papers must be maintained and made available to NCUA. Independence requirements must be met; standards governing verifications and the methods used to verify member's passbooks and accounts are set forth. Section 741.202 makes these requirements applicable to federally insured state-chartered credit unions.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated No. of Respondents: 6,025 (FCUs and FICU).

Estimated Annual Frequency: 4.35.

Estimated Total Annual Responses: 26,228.

Estimated Total Annual Burden Hours: 44,411.

Reason for Change: Adjustments are attributed to updated data since the previous submission.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on July 23, 2019.

Dated: July 23, 2019.

Mackie I. Malaka,

NCUA PRA Clearance Officer.

NATIONAL CREDIT UNION ADMINISTRATION

Agency Information Collection Activities: Proposed Collection; Comment Request; Production of Non-Public Records and Testimony of Employees in Legal Proceedings (Touhy Request)

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice and request for comment.

SUMMARY: The National Credit Union Administration (NCUA), as part of a continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on the extension of a currently approved collection, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments should be received on or before September 27, 2019 to be assured consideration.

ADDRESSES: Interested persons are invited to submit written comments on the information collections to the Mackie Malaka, National Credit Union Administration, 1775 Duke Street, Suite 6058, Alexandria, Virginia 22314, or email at PRAComments@NCUA.gov.

FOR FURTHER INFORMATION CONTACT: Address requests for additional information to the address above or telephone (703) 548-2704.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0146.

Title: Production of Non-public Records and Testimony of Employees in Legal Proceedings (Touhy Request).

Type of Review: Extension of a currently approved collection.

Abstract: 12 CFR part 792, subpart C requires anyone requesting NCUA non-public records for use in legal proceedings, or similarly the testimony of NCUA personnel, to provide NCUA with information regarding the requester's grounds for the request. This process is also known as a "Touhy Request". The information collected will help NCUA decide whether to release non-public records or permit employees to testify in legal proceedings. NCUA regulations also require an entity or person in possession

of NCUA records to notify the NCUA upon receipt of a subpoena for those records. The NCUA requires this notice to protect its records and, when necessary, intervene in litigation or file an objection to the disclosure of its confidential information in the appropriate court or tribunal.

Affected Public: Private Sector: Businesses or other for-profits.

Estimated No. of Respondents: 20.

Estimated Annual Frequency: 1.

Estimated Annual Number of Responses: 20.

Estimated Burden Hours per Response: 4 hours.

Estimated Total Annual Burden Hours: 80.

Reason for Change: An adjustment increase is being made to the number of hours per response to give a more accurate account of the time it takes to prepare a Touhy request.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on July 23, 2019.

Dated: July 23, 2019.

Mackie I. Malaka,

NCUA PRA Clearance Officer.

NATIONAL SCIENCE FOUNDATION

Notice of Workshop on Artificial Intelligence & Wireless Spectrum: Opportunities and Challenges

AGENCY: Networking and Information Technology Research and Development (NITRD) National Coordination Office (NCO), National Science Foundation.

ACTION: Notice of workshop.

SUMMARY: This workshop will focus on the opportunities and challenges posed by the application of existing and new Artificial Intelligence (AI) techniques in the wireless spectrum context.

DATES: August 28–29, 2019.

ADDRESSES: The workshop will take place on August 28 from 9:00 a.m. to 5:00 p.m. (ET) and August 29, from 8:30 a.m. to 12:30 p.m. (ET), at the Griffiss Institute Center for Information Assurance, Rome, NY. Due to meeting space limitations, in-person attendance is by invitation only; remote participation for the plenary sessions will be available via webcast. The agenda and information about how to join the webcast will be available the week of the event at: <https://www.nitr.gov/nitrgroups/index.php?title=Artificial-Intelligence-Wireless-Spectrum>.

FOR FURTHER INFORMATION CONTACT: Joyce Lee at (202) 459–9674 or email wsrd-register@nitr.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Overview. This notice is issued on behalf of the NITRD Wireless Spectrum Research and Development (WSRD) Interagency Working Group (IWG). Agencies of the WSRD IWG are conducting a workshop focused on the application of existing and new AI techniques in the wireless spectrum context.

Wireless spectrum has been managed and utilized over many decades through a complex regulatory framework and a patchwork of policies. The current manual process of assessing spectrum needs is a growing problem due to the high-level of interdependencies in the spectrum domain. Existing and emerging methods for allocating spectrum are often driven by small studies that suffer from inherent biases. As a result, spectrum policies and usage are often sub-optimal and rigid, preventing efficient use of wireless spectrum. To maintain our Nation's global leadership in 5G technologies and deployment, we need fast and efficient wireless spectrum policy creation, adoption, and management of wireless spectrum.

AI techniques have been successfully applied in many other domains, such as image classification or autonomous navigation, which previously relied on either model-based approaches or a vital human-in-the-loop element. Despite the differences between multimedia and

radio frequency signals, researchers have shown that the judicious integration of AI techniques can provide similar gains in the wireless spectrum domain.

Potential areas to be explored in this workshop include, but are not limited to:

- Artificial Intelligence for Future Communications Networks
- Artificial Intelligence for Dynamic Spectrum Allocation and Policy Management
- Artificial Intelligence for Spectrum Sharing

Experts from government, private industry, and academia will discuss current use cases, effective technology, tools, and practices, while identifying gaps and issues that will require additional research to resolve.

Workshop Objectives. Identify areas where artificial intelligence techniques can help increase efficiency of wireless spectrum use; and discuss ongoing efforts in federal, industrial and academic domains to utilize AI techniques in the wireless spectrum domain.

Submitted by the National Science Foundation in support of the Networking and Information Technology Research and Development (NITRD) National Coordination Office (NCO) on July 24, 2019.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50–293; NRC–2019–0130]

Entergy Nuclear Operations, Inc.; Pilgrim Nuclear Power Station

AGENCY: Nuclear Regulatory Commission.

ACTION: Exemption; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing an exemption in response to a November 16, 2018, request from Entergy Nuclear Operations, Inc. (the licensee or Entergy). The issuance of the exemption would permit Entergy to use funds from the Pilgrim Nuclear Power Station (Pilgrim) decommissioning trust fund (DTF) for spent fuel management and site restoration activities.

DATES: The exemption was issued on July 22, 2019

ADDRESSES: Please refer to Docket ID NRC–2019–0130 when contacting the

NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov/> and search for Docket ID NRC–2019–0130. Address questions about NRC docket IDs in [Regulations.gov](https://www.regulations.gov/) to Jennifer Borges; telephone: 301–287–9127; email: Jennifer.Borges@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.

- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Scott P. Wall, Office of Nuclear Reactor Regulation; U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–2855; email: Scott.Wall@nrc.gov.

SUPPLEMENTARY INFORMATION: The text of the exemption is attached.

Dated at Rockville, Maryland, this 23rd day of July 2019.

For the Nuclear Regulatory Commission.

Scott P. Wall,

Senior Project Manager, Plant Licensing Branch III, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

Attachment—Exemption.

NUCLEAR REGULATORY COMMISSION

Docket No. 50–293

Entergy Nuclear Operations, Inc.

Pilgrim Nuclear Power Station

Exemption

I. Background.

Entergy Nuclear Operations, Inc. (Entergy, the licensee), is the holder of Renewed Facility Operating License No. DPR-35 for the Pilgrim Nuclear Power
