

18, 1983, promulgated on June 29, 1984, and amended on October 17, 2000. These regulations apply to facilities with rotogravure printing lines used to print or coat flexible vinyl or urethane products for which construction, modification or reconstruction commenced after January 18, 1983. This information is being collected to assure compliance with 40 CFR part 60, subpart FFF.

In general, all NSPS standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.

Respondents/affected entities: Flexible vinyl and urethane coating and printing facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart FFF).

Estimated number of respondents: 41 (total).

Frequency of response: Initially and semiannually.

Total estimated burden: 1,310 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$525,000 (per year), which includes \$376,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in the change in burden in this ICR compared to the previous renewal. This is due to two considerations: (1) There has been an increase in the estimated number of respondents from the prior ICR, based on a review of sources reported in the Agency's Integrated Compliance Information System (ICIS); and (2) the increase in the number of respondents also results in an increase in the operation and maintenance costs. Growth in the industry is anticipated to remain consistent at one respondent over the three-year period of this ICR, therefore there are no changes to the capital or startup costs.

Courtney Kerwin,

Director, Regulatory Support Division.

FEDERAL RESERVE SYSTEM

Privacy Act of 1974; System of Records

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice of a modified system of records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, notice is given that the Board of Governors of the Federal Reserve System (Board) proposes to modify an existing system of records entitled, BGFRS-12 "FRB—Bank Officers Personnel System." BGFRS-12 is a system of records that contains personal information about Federal Reserve Bank officers. It is used by the Human Resources Section within the Board's Division of Reserve Bank Operations and Payment Systems (RBOPS) to assist the Board in its oversight of the Federal Reserve Banks including reviewing Reserve Bank compliance with the Federal Reserve Administration Manual through on-site reviews and off-site monitoring.

DATES: Comments must be received on or before August 29, 2019. This modified system of records will become effective August 29, 2019, without further notice, unless comments dictate otherwise.

The Office of Management and Budget (OMB), which has oversight responsibility under the Privacy Act, requires a 30-day period prior to publication in the **Federal Register** in which to review the system and to provide any comments to the agency. The public is then given a 30-day period in which to comment, in accordance with 5 U.S.C. 552a(e)(4) and (11).

ADDRESSES: You may submit comments, identified by *BGFRS-12: FRB-Bank Officers Personnel System*, by any of the following methods:

- *Agency Website:* <https://www.federalreserve.gov>. Follow the instructions for submitting comments at <https://www.federalreserve.gov/apps/foia/proposedregs.aspx>.

- *Email:* regs.comments@federalreserve.gov. Include SORN name and number in the subject line of the message.

- *Fax:* (202) 452-3819 or (202) 452-3102.

- *Mail:* Ann E. Misback, Secretary, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue NW, Washington, DC 20551.

All public comments will be made available on the Board's website at <https://www.federalreserve.gov/apps/foia/proposedregs.aspx> as submitted,

unless modified for technical reasons, or to remove sensitive PII. Public comments may also be viewed electronically or in paper in Room 146, 1709 New York Avenue NW, Washington, DC 20006, between 9:00 a.m. and 5:00 p.m. on weekdays.

FOR FURTHER INFORMATION CONTACT: David B. Husband, Senior Attorney, (202) 530-6270, or david.b.husband@frb.gov; Legal Division, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue NW, Washington, DC 20551.

SUPPLEMENTARY INFORMATION: The Board is modifying this system in order to reflect minor changes to the use of the system. Specifically, the Board is making changes to the types of information collected, adding more detail to the purpose of the system, changing the title for the System Manager, changing the system location, amending the specifics of the access controls, and making changes to the record retention policies and practices. The Board has also determined that the system-specific routine use providing that “the records may be used to provide reports, such as the Board’s Annual Report to Congress, agencies and the public on characteristics regarding the Federal Reserve Bank officer work force” is no longer needed. The Board’s practice is to release only aggregate, non-identifiable information through such reports. Accordingly, as the release of aggregate information is not a release of Privacy Act information because the information does not identify any individual, the Board proposes to delete the system-specific routine use.

The Board is also making technical changes to BGFRS-38 consistent with the template laid out in OMB Circular No. A-108. Accordingly, the Board has made technical corrections and non-substantive language revisions to the following categories: “Policies and Practices for Storage of Records,” “Policies and Practices for Retrieval of Records,” “Policies and Practices for Retention and Disposal of Records,” “Administrative, Technical and Physical Safeguards,” “Record Access Procedures,” “Contesting Record Procedures,” and “Notification Procedures.” The Board has also created the following new fields: “Security Classification” and “History.”
