area, and any potential exposures were controlled through the deed restriction. No future five-year reviews are needed because the MCL cleanup goals have been attained throughout the Site, all monitoring wells have been closed, and the deed restriction is being terminated.

Community Involvement
EPA held community meetings before and during the Site cleanup, most recently in 2009. EPA released a fact sheet shortly before publication of this Notice informing the community of the proposal to delete the surface soil portion of the Site from the NPL and how to submit comments.

Determination That the Site Meets the Criteria for Deletion in the NCP
EPA has followed all procedures required by 40 CFR 300.425(e), Deletion from the NPL. EPA consulted with the State of California prior to developing this Notice. EPA determined that the responsible party has implemented all appropriate response actions required and that no further response action for the Site is appropriate. EPA is publishing a notice in a local newspaper, The Santa Clara Weekly, of its intent to delete the Site and how to submit comments. EPA placed copies of documents supporting the proposed deletion in the Site information repositories; these documents are available for public inspection and copying.

The implemented groundwater remedy achieved the degree of cleanup and protection specified in the ROD for the Site. The selected remedial action objectives and associated cleanup levels for the groundwater are consistent with agency policy and guidance. Based on information currently available to EPA, no further Superfund response is needed to protect human health and the environment.

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Duell & Gardner Landfill Superfund Site

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; notification of intent.

SUMMARY: The Environmental Protection Agency (EPA) Region 5 is issuing a Notice of Intent to Delete the Duell & Gardner Landfill Superfund Site (Duell & Gardner Site) located in Dalton Township, Muskegon County, Michigan, from the National Priorities List (NPL) and requests public comments on this proposed action. The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Michigan, through the Michigan Department of Environment, Great Lakes and Energy (MDEGLE), have determined that all appropriate response actions under CERCLA, other than operation and maintenance, monitoring and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

SUPPLEMENTARY INFORMATION: In the “Rules and Regulations” Section in this issue of the Federal Register, we are publishing a direct final Notice of Deletion of the Duell & Gardner Site without prior Notice of Intent to Delete because EPA views this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this deletion in the preamble to the direct final Notice of Deletion, and those reasons are incorporated herein. If we receive no adverse comment(s) on this deletion action, we will not take further action on this Notice of Intent to Delete. We will, as appropriate, address all public comments in a subsequent final Notice of Deletion based on this Notice of Intent to Delete.
