Title: Annual Wildfire Summary Report.

OMB Number: 0596–0025.

Expiration Date of Approval: October 31, 2019.

Type of Request: Extension of a currently approved collection.

Abstract: The Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2101 (note) Sec. 10) requires the Forest Service to collect information about wildfire suppression efforts by State and local firefighting agencies in support of congressional funding requests for the Forest Service State and Private Forestry Cooperative Fire Program. The program provides supplemental funding for State and local firefighting agencies. The Forest Service works cooperatively with State and local firefighting agencies to support their fire suppression efforts.

State fire marshals and State forestry officials use form FS–3100–8 (Annual Wildfire Summary Report) to report information to the Forest Service regarding State and local wildfire suppression efforts. The Forest Service is unable to assess the effectiveness of the State and Private Forestry Cooperative Fire Program without this information. Forest Service managers evaluate the information to determine if the Cooperative Fire Program funds used by State and local fire agencies have improved fire suppression capabilities. The Forest Service shares the information with Congress as part of the annual request for funding for this program.

The information collected includes the number of fires responded to by State or local firefighting agencies within a fiscal year, as well as the following information pertaining to such fires:

- Fire type (timber, structural, or grassland);
- Size (in acres) of the fires;
- Cause of fires (lightning, campfires, arson, etc.); and
- Suppression costs associated with the fires.

The data gathered is not available from any other sources.

Estimate of Burden per Response: 30 minutes.

Type of Respondents: State fire marshals or State forestry officials.

Estimated Annual Number of Respondents: 56.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 28 hours.

Comment is invited on: (1) Whether this collection of information is

necessary for the stated purposes and the proper performance of the functions of the Agency, including whether the information will have practical or scientific utility; (2) the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the request for Office of Management and Budget approval.

Title: Land Exchanges.

OMB Number: 0596–0105.

Expiration Date of Approval: October 31, 2019.

Type of Request: Extension of a currently approved information collection.

Abstract: Land exchanges are discretionary, voluntary real estate transactions between the Secretary of Agriculture (acting by and through the Forest Service) and a non-Federal exchange party (or parties). Land exchanges can be initiated by a non-Federal party (or parties), an agent of a landowner, a broker, a third party, or a non-Federal public agency.

Each land exchange requires preparation of an Agreement to Initiate as required by Title 36 Code of Federal Regulations (CFR), part 254, subpart A—section 254.4—Agreement to Initiate. The Agreement to Initiate document specifies the preliminary and non-binding intentions of the non-Federal land exchange party and the Forest Service in pursuing a land exchange. The Agreement to Initiate can contain such information as the description of properties being considered in the land exchange, an implementation schedule of action items, identification of the party responsible for each action item, as well as target dates for completion of each action item.

As the exchange proposal develops, the Forest Service and the non-Federal land exchange party may enter into a binding Exchange Agreement, pursuant to Title 36 CFR part 254, subpart A, section 254.14—Exchange Agreement. The Exchange Agreement documents the conditions that must be met to complete the exchange. The Exchange Agreement can contain information such as identification of parties, description of lands and interests to be exchanged, identification of all reserved and outstanding interest, and all other terms and conditions necessary to complete the exchange.

The Forest Service collects the information from the non-Federal party (or parties) necessary to complete the Agreement to Initiate and the Exchange Agreement. The information is collected

by Forest Service personnel from parties involved in the exchange via telephone, email or in person. Data from this information collection is unique to each land exchange and is not available from other sources. No standardized forms are associated with this information collection.

Exchange Agreement: 1 hour.

Type of Respondents: Non-Federal party (or parties) that can include landowners, agents of landowners, brokers, a third party or a non-Federal public agency.

Federal Lands Recreation Enhancement Act

AGENCY: Forest Service, USDA.

ACTION: Notice of proposed fee changes.

SUMMARY: The Chippewa National Forest is seeking public comments on a proposal that would change recreation fees to enhance campgrounds. Fee changes are being proposed at the Norway Beach Recreation Area, including an \$8 amenity fee for those campsites with electricity. Fees are assessed based on the level of amenities and services provided, cost of operations and maintenance, and market assessment. These fees are proposed and will be determined upon further analysis and public comment. Funds from fees would be used for the continued operation and maintenance and improvements to the facilities within the recreation areas. An analysis of nearby recreation facilities with similar amenities shows that the proposed fees are reasonable and typical of similar sites in the area.

DATES: To ensure consideration of public comments, comments shall be submitted on or before September 30, 2019. If approved, new fees would be implemented in 2020.

ADDRESSES: Darla Lenz, Forest Supervisor, Chippewa National Forest, 200 Ash Avenue NW, Cass Lake, Minnesota 56633.

Revenue generated from the proposed fees would be used to make improvements, such as the addition of electrical hook ups as well as upgrades in existing hook ups to 50 amps; upgrading picnic tables, grills, fire rings, restroom facilities, signage; new septic systems in three campgrounds loops in Norway Beach Recreation Area and addition of group sites in the Norway Beach Loop.

Fees are assessed based on the level of amenities and services provided, cost of operations and maintenance, and market assessment. An analysis of nearby recreation facilities with similar amenities shows that the proposed fees are reasonable and typical of similar sites in the area.

The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) requires the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are proposed. Once public involvement is complete, these new fees will be reviewed by a Recreation Resource Advisory Committee prior to a final decision and implementation.
