

activity may physically alter or disturb the wreck or wreck site of RMS *Titanic* such that an authorization is required and, if so, whether the NOAA Administrator can issue an authorization. To facilitate the NOAA Administrator's review, NOAA recommends that any person proposing to conduct any research, exploration, salvage, or other activity at the wreck or wreck site of RMS *Titanic* submit to NOAA, at least 120 calendar days prior to the proposed project date, information sufficient to demonstrate that the proposed project will comply with the Annex Rules of the International Agreement and to obtain any necessary authorization, if applicable. NOAA also encourages requestors to review the NOAA Guidelines as well as the International Maritime Organization Circular MEPC.1/Circ.779 (Pollution Prevention Measures in the Area Surrounding the Wreckage of RMS *Titanic*).

Section 113 Authority Reserved by the Secretary of Commerce

The Secretary of Commerce reserved authority under Section 113 to make all decisions arising under Article 5 of the International Agreement when a Party to the Agreement opposes an authorization under consideration by the United States. Article 5 of the International Agreement provides, among other things, that each Party to the Agreement shall provide copies of and its preliminary views on requests for authorizations to the other Parties for comment. The Party considering the authorization must provide a 90-day comment period to the other Parties following transmission of the request for authorization to the other Parties.

Status of the International Agreement

The International Agreement will enter into force when at least two countries ratify it. The United Kingdom ratified the International Agreement on November 6, 2003. The United States signed the Agreement on June 18, 2004, subject to acceptance following the enactment of implementing legislation. As of the date of this notice, the Agreement has not yet entered into force.

Coordinating With the United States District Court for the Eastern District of Virginia

The United States District Court for the Eastern District of Virginia ("the Court") has constructive *in rem* jurisdiction over RMS *Titanic* and has granted exclusive salvage rights to RMS *Titanic*, Incorporated ("RMST"). NOAA intends to notify the Court of any

project that may require a Section 113 authorization and will encourage any person requesting authorization to coordinate directly with the Court and any salvor-in-possession of RMS *Titanic*. Any person proposing a project involving the salvage of *Titanic* wreck or wreck site, as determined by the Court, must also obtain approval by the Court in addition to any authorization required by Section 113. NOAA also intends to provide the Court with a copy of any authorization the NOAA Administrator issues pursuant to Section 113.

Privileged or Confidential Information

NOAA handles requests for agency records under the Freedom of Information Act (FOIA) (5 U.S.C. 552 *et seq.*) and the Privacy Act (5 U.S.C. 552a *et seq.*) in a manner consistent with these laws and the Department of Commerce regulations on the Disclosure of Government Information. 15 CFR part 4. FOIA Exemption (b)(4) applies to trade secrets and commercial or financial information that is privileged or confidential. If any person requesting a Section 113 authorization submits such information to NOAA, he or she should clearly label it "Contains Confidential Information," consider submitting such information as a separate attachment, and request that NOAA treat it as confidential. NOAA will not disclose such information if it qualifies for exemption from disclosure under FOIA. See 15 CFR 4.9. NOAA will also seek to protect personally identifiable information affecting an individual's privacy consistent with FOIA Exemption (b)(6).

DEPARTMENT OF DEFENSE

Office of the Secretary

Announcement of Federal Funding Opportunity

AGENCY: Office of Economic Adjustment (OEA), Department of Defense.

ACTION: Federal funding opportunity announcement.

SUMMARY: As the Department of Defense (DoD) seeks to implement the National Defense Strategy by increasing our military capabilities and enhancing the lethality and readiness of our forces, it is in our Nation's best interests for states and communities around the nation to collaborate with our local installation's leadership to: Address instances where civilian activities may impair the utility of local installations; and ensure local civilian development does not negatively impact our missions, test facilities, and training ranges. In addition, local communities have the opportunity through development initiatives to enhance the military value and security of our bases and provide for the quality of life for our troops and their families. The purpose of the program is to enhance the operational utility of installations through a series of installation-community engagements that will identify and carry out civilian actions to improve the readiness and lethality of the force. These engagements allow the Department to utilize the particular civilian expertise that can be found across states and communities to augment our local missions' efforts to improve the combat capability of our forces while leveraging the comparative advantages these civilian partners can provide to support the Department's efforts.

This notice announces an opportunity to request funding from the Office of Economic Adjustment (OEA), a DoD Field Activity, for community planning assistance to assist states and communities to work with their local military installations to promote and guide civilian development and activities which are compatible and support the long-term readiness and operability of military installations, ranges, special use air space, military operation areas, and military training routes. Many installations have recently
