

Any grant funds actually advanced and not needed for grant purposes shall be returned immediately to OEA. Upon award, OEA will provide include a schedule for reporting periods and report due dates in the Grant Agreement.

### III. Federal Awarding Agency Contacts

For further information, to answer questions, or for help with problems, contact: David Kennedy, Compatible Use, Office of Economic Adjustment, 2231 Crystal Drive, Suite 520, Arlington, VA 22202-3711. Office: (703) 697-2136. Email: [david.r.kennedy.civ@mail.mil](mailto:david.r.kennedy.civ@mail.mil).

The OEA homepage address is: <http://www.oea.gov>.

### IV. Other Information

#### a. Grant Award Documentation

Selection of an organization under this Federal Funding Opportunity does not constitute approval of a grant for the proposed project as submitted. Before any funds are awarded, OEA may enter into negotiations about such items as program components, staffing and funding levels, and administrative systems in place to support implementation of the award. The amount of available funding may require the final award amount to be less than that originally proposed by the respondent. If the negotiations do not result in a mutually acceptable submission, OEA reserves the right to terminate the negotiations and decline to fund a resulting application. OEA further reserves the right not to fund any proposal received under this Federal Funding Opportunity.

In the event OEA approves an amount that is less than the amount proposed, the respondent will be required to modify its grant application to conform to the reduced amount before execution of the grant agreement. OEA reserves the right to reduce or withdraw the award if acceptable modifications are not submitted by the respondent within 15 working days from the date the request for modification is made. Any modifications must be within the scope of the original application and approved by both the respondent and OEA. OEA reserves the right to cancel any award for non-performance.

#### b. No Obligation for Future Funding

Amendment or renewal of an award to increase funding or to extend the period of performance is at the discretion of OEA.

Dated: July 30, 2019.

#### Proposed Reduction in Hours of Operation at Lock and Dam 1, Located in Minneapolis, MN

**AGENCY:** U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice.

**SUMMARY:** The St. Paul District is proposing to reduce the hours of operation at Lock and Dam 1 from 10 hours per day, 7 days per week to 10 hours per day on weekends and holidays and 6 hours per day on Mondays and Fridays. Commercial lockages would be available by appointment only with 24 hours' notice Tuesday through Thursday during normal duty hours of 0700-1530. Proposed hours of operation are 1200-1800 Fridays and Mondays, and 0800-1800 Saturdays, Sundays and holidays. Hours of operation at Lower St. Anthony Falls will not change. This change will help achieve the goal of providing consistent levels of operating service for all locks across the Inland Marine Transportation System (IMTS) with a consistent approach, optimizing Operations and Maintenance expenditures for these assets and extending the service life of navigation locks by optimizing usage. The navigation season on the Upper Mississippi normally begins in March and ends in December, but varies based on river conditions. Pool levels will not be affected by this change of operating hours.

**DATES:** Submit written comments concerning this notice by September 4, 2019.

**ADDRESSES:** Submit comments to Ms. Tamara Cameron, Deputy Chief, Operations Division, U.S. Army Corps of Engineers, 180 Fifth Street East, Suite 700, St. Paul, MN 55101-1678, or by email at [LOS.Comments@usace.army.mil](mailto:LOS.Comments@usace.army.mil).

**FOR FURTHER INFORMATION CONTACT:** Mr. David Frantz at Corps of Engineers Headquarters in Washington, DC, by phone at 202-761-0250.

**SUPPLEMENTARY INFORMATION:** There are three (3) Mississippi River locks located in Minneapolis, MN. One of the three

locks (Upper Saint Anthony Falls) was closed to navigation on June 10, 2015. The two Mississippi River locks still in operation in Minneapolis, MN, (Lower St. Anthony Falls, and Lock and Dam 1, currently operate 10 hours per day/7 days per week during the navigation season.

Section 2010 of the Water Resources Reform and Development Act of 2014 (WRRDA) directed the Secretary of the Army to close the Upper St. Anthony Falls Lock and Dam located on the Mississippi River at river mile 853.9 no later than one (1) year after the enactment date of WRRDA 2014. To comply with WRRDA, the Corps closed Upper St. Anthony Falls Lock to navigation on June 10, 2015.

With the closing of Upper St. Anthony Falls Lock, a reduction in lockages at the remaining two Minneapolis locks has been observed. The proposed change in level of service complies with the guidance from the Corps IMTS Board of Directors.

The legal authority for the regulation governing the use, administration, and navigation of the Twin Cities locks is Section 4 of the River and Harbor Act of August 18, 1894 (28 Stat. 362), as amended, which is codified at 33 U.S.C. Section 1. This statute requires the Secretary of the Army to "prescribe such regulations for the use, administration, and navigation of the navigable waters of the United States" as the Secretary determines may be required by public necessity. Reference 33 CFR 207.300.
