Analysis of Comments Received

All issues raised in the parties' briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed is attached to this notice.⁹ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Changes From the Preliminary Results

Based on our analysis of the comments received, Commerce made certain revisions to the rates assigned to Jiangsu Senmao and Riverside Plywood. The Issues and Decision Memorandum contains descriptions of these revisions.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Act. For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.¹⁰ The Issues and Decision Memorandum contains a full description of the methodology underlying Commerce's conclusions, including any determination that relied upon the use of adverse facts available pursuant to sections 776(a) and (b) of the Act.

Partial Rescission of Administrative Review

As noted in the *Preliminary Results*, Commerce timely received no-shipment certifications from Anhui Boya Bamboo & Wood Products Co., Ltd., Chinafloors Timber (China) Co., Ltd., Hunchun

Clarification of the Scope of the Antidumping and Countervailing Duty Orders, 82 FR 27799 (June 19, 2017).

⁹ See Appendix I.

¹⁰ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

Forest Wolf Wooden Industry Co., Ltd. (Hunchun Forest), Jiangsu Keri Wood Co., Ltd., Jiashan On-Line Lumber Co., Ltd., Kingman Floors Co., Ltd., Linyi Bonn Flooring Manufacturing Co., Ltd., and Zhejiang Shiyou Timber Co., Ltd. We inquired with U.S. Customs and Border Protection (CBP) whether these companies had shipped merchandise to the United States during the POR. CBP provided no evidence to contradict the claims of no shipments made by these companies, except for Hunchun Forest. Accordingly, we stated our intention to rescind the review with respect to these companies in the *Preliminary Results*. As the facts have remained the same since the *Preliminary Results*, we are rescinding the administrative review of these companies, pursuant to 19 CFR 351.213(d)(3).

On October 29, 2018, Huzhou Muyun Wood Co., Ltd. (Muyun Wood) filed a no-shipment certification. On November

13, 2018, we rejected Muyun Wood’s request for no-shipment status because the request was untimely filed. Therefore, we are including Muyun Wood in this administrative review for purposes of the final results.

Hunchun Forest also timely filed a no-shipment certification. However, Hunchun Forest subsequently withdrew its no-shipment submission. Therefore, we are including Hunchun Forest in this administrative review for purposes of the final results.

Rate for Non-Selected Companies Under Review

In this review, in addition to the two selected mandatory respondents, there are 132 companies for which a review was requested and not rescinded, but which were not selected for individual examination (non-selected companies). For these companies, we applied the average of the rates calculated for the mandatory respondents, Jiangsu Senmao

and Riverside Plywood, which are above *de minimis*. For further information on the calculation of the non-selected rate, refer to the section in the Issues and Decision Memorandum entitled, “*Ad Valorem* Rate for Non-Selected Companies Under Review.” Concerning Jiaxing Brilliant’s April 23, 2019, comments, we note that we inadvertently included the company in our review. Jiaxing Brilliant was excluded from the order as a result of the final determination in the investigation segment of this case.¹¹ Therefore, Jiaxing Brilliant is not subject to this review and is excluded from the list of non-selected companies receiving a rate below.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (Secretary) to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographic region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

The MMPA states that the term "take" means to harass, hunt, capture, kill or attempt to harass, hunt, capture, or kill any marine mammal.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as any act of pursuit, torment, or annoyance which: (i) Has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine

mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

The National Defense Authorization Act (NDAA) for Fiscal Year 2004 (Public Law (Pub. L.) 108-136) removed the "small numbers" and "specified geographical region" limitations indicated above and amended the definition of "harassment" as it applies to a "military readiness activity" to read as follows (Section 3(18)(B) of the MMPA): (i) Any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) Any act that disturbs or is likely to disturb a marine mammal or marine mammal stock in the wild by causing disruption of natural behavioral patterns, including, but not limited to, migration, surfacing, nursing, breeding, feeding, or sheltering, to a point where such behavioral patterns are abandoned or significantly altered (Level B harassment). On August 13, 2018, the 2019 NDAA (Pub. L. 115-232) amended the MMPA to allow incidental take regulations for military readiness activities to be issued for up to seven years.

Summary of Request

On March 11, 2019, NMFS received an adequate and complete application from the Navy requesting authorization for the take of marine mammals, by Level A harassment and B harassment, incidental to training, testing, and routine military operations (all categorized as military readiness activities) from the use of sonar and other transducers and in-water detonations. In addition, the Navy is requesting authorization of three takes of large whales by serious injury or mortality resulting from vessel strikes. NMFS received a revised application on June 24, 2019. The requested regulations would be valid for seven years, from 2020 through 2027.

This will be the third time NMFS has promulgated incidental take regulations pursuant to the MMPA relating to similar military readiness activities in the NWT Study Area, following those effective from November 9, 2010 through November 8, 2015 (75 FR 69275; November 10, 2010) and from November 9, 2015 through November 8, 2010 (80 FR 73555; November 24, 2015).

Description of the Specified Activity

The NWT Study Area is composed of established maritime operating and warning areas in the eastern North
