Utility Scale Wind Towers From Canada, Indonesia, and the Socialist Republic of Vietnam: Initiation of Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable July 29, 2019.

SUPPLEMENTARY INFORMATION:

The Petitions

On July 9, 2019, the U.S. Department of Commerce (Commerce) received countervailing duty (CVD) petitions concerning imports of utility scale wind towers (wind towers) from Canada, Indonesia, and Vietnam, filed in proper form on behalf of the Wind Tower Trade Coalition (the petitioner).¹ The Petitions were accompanied by antidumping duty (AD) petitions concerning imports of wind towers from Canada, Indonesia, the Republic of Korea, and Vietnam.

During the period July 12 through 18, 2019, Commerce requested supplemental information pertaining to certain aspects of the Petitions in separate supplemental questionnaires.²

¹ See Petitioner's Letter, "Petitions for the Imposition of Antidumping and Countervailing Duties on Utility Scale Wind Towers from Canada, Indonesia, The Republic of Korea, and the Socialist Republic of Vietnam," dated July 9, 2019 (the Petitions).

² See Commerce's Letters, "Petitions for the Imposition of Antidumping Duties on Imports of Utility Scale Wind Towers from Canada, Indonesia, the Republic of Korea, and the Socialist Republic of Vietnam and Countervailing Duties on Imports of Utility Scale Wind Towers from Canada, Indonesia,

The petitioner filed responses to the supplemental questionnaires between July 16 and 19, 2019.³

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Governments of Canada, Indonesia, and Vietnam (GOC, GOI, and GOV, respectively) are providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of wind towers in Canada, Indonesia and Vietnam, and that imports of such products are materially injuring, or threatening material injury to, the domestic wind tower industry in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating CVD investigations, the Petitions are accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(E) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support necessary for the initiation of the requested CVD investigations.⁴
