and passcode will be provided by email to registrants.

Requests to register (including to speak) and any written comments should be submitted to: National Travel and Tourism Office, U.S. Department of Commerce, 1401 Constitution Ave. NW, Room 10003, Washington, DC 20230 or by email to TTAB@trade.gov. Members of the public are encouraged to submit registration requests and written comments via email to ensure timely receipt.

FOR FURTHER INFORMATION CONTACT: Brian Beall, the United States Travel and Tourism Advisory Board, National Travel and Tourism Office, U.S. Department of Commerce, 1401 Constitution Ave. NW, Room 10003, Washington, DC 20230; telephone: 202–482–0140; email: TTAB@trade.gov.

SUPPLEMENTARY INFORMATION:

Background: The Board advises the Secretary of Commerce on matters relating to the U.S. travel and tourism industry.

Public Participation: The meeting will be open to the public. Any member of the public requesting to join the meeting is asked to register in advance by the deadline identified under the DATES caption. Last minute requests will be accepted but may not be possible to fill. There will be fifteen (15) minutes allotted for oral comments from members of the public joining the meeting. To accommodate as many speakers as possible, the time for public comments may be limited to three (3) minutes per person. Members of the public wishing to reserve speaking time during the meeting must submit a request at the time of registration, as well as the name and address of the proposed speaker. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the International Trade Administration may conduct a lottery to determine the speakers. Speakers are requested to submit a written copy of their prepared remarks by 5:00 p.m. EDT on Thursday, August 15, 2019 for inclusion in the meeting records and for circulation to the members of the Board.

In addition, any member of the public may submit pertinent written comments concerning the Board’s affairs at any time before or after the meeting. Comments may be submitted to Brian Beall at the contact information indicated above. To be considered during the meeting, comments must be received no later than 5:00 p.m. EDT on Thursday, August 15, 2019 to ensure transmission to the Board prior to the meeting. Comments received after that date and time will be distributed to the members but may not be considered during the meeting. Copies of Board meeting minutes will be available within 90 days of the meeting.

Brian Beall,

Deputy Director for Policy and Planning, National Travel and Tourism Office, Industry & Analysis, International Trade Administration, U.S. Department of Commerce.

Circular Welded Carbon Quality Steel Line Pipe From the People’s Republic of China: Final Results of the Expedited Second Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the antidumping duty order on circular welded carbon quality steel line pipe (welded line pipe) from the People’s Republic of China (China) would be likely to lead to continuation or recurrence of dumping, at the level indicated in the “Final Results of Sunset Review” section of this notice, infra.

DATES: Applicable August 6, 2019.

SUPPLEMENTARY INFORMATION:

Background

On May 13, 2009 Commerce published in the Federal Register the antidumping duty order on welded line pipe from China.1 On April 1, 2019, Commerce published the notice of initiation of this sunset review of the Order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).2 On April 16, 2019, Commerce received a timely and complete notice of intent to participate in the sunset review from California Steel Industries, TMK IPSCO, Welspun Tubular, and Zekelman Industries (collectively, domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i).3 The domestic interested parties claimed interested party status under section 771(9)(C) of the Act as manufacturers in the United States of the domestic like product.4 On April 30, 2019, pursuant to 19 CFR 351.218(d)(3)(i), the domestic interested parties filed a timely and adequate substantive response.5 Commerce did not receive a substantive response from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(i)(C)(2), Commerce conducted an expedited (120-day) sunset review of the Order.

Scope of the Order

The merchandise covered by this order is circular welded carbon quality steel pipe of a kind used for oil and gas pipelines (welded line pipe) not more than 406.4 mm (16 inches) in outside diameter, regardless of wall thickness, length, surface finish, end finish or stenciling.

The welded line pipe products that are the subject of the order are currently classifiable in the HTSUS under subheadings 7306.19.10.50, 7306.19.51.10, and 7306.19.51.50. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.6

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation of the Order and the magnitude of the margins likely to prevail if the Order were to be revoked, is provided in the accompanying Issues and Decision Memorandum, which is

2See Initiation of Five-Year (Sunset) Reviews, 84 FR 12227 (April 1, 2019).

4Id. at 2.

6For a complete description of the scope of the Order, see Memorandum, “Issues and Decision Memorandum for the Expedited Second Sunset Review of the Antidumping Duty Order on Circular Welded Carbon Quality Steel Line Pipe from the People’s Republic of China,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).
The petitioner filed responses to the supplemental questionnaires between July 16 and 19, 2019.\footnote{See Petitioner’s Letter, “Petitions for the Imposition of Antidumping and Countervailing Duties on Imports of Utility Scale Wind Towers from Canada, Indonesia, the Republic of Korea, and the Socialist Republic of Vietnam: Supplemental Questions,” (General Issues Supplemental Questionnaire), “Petition for the Imposition of Countervailing Duties on Imports of Utility Scale Wind Towers from Canada: Supplemental Questions,” “Petition for the Imposition of Countervailing Duties on Imports of Utility Scale Wind Towers from Indonesia: Supplemental Questions,” and “Petition for the Imposition of Countervailing Duties on Imports of Utility Scale Wind Towers from the Socialist Republic of Vietnam: Supplemental Questions,” dated July 12, 2019; see also Memorandum, “Phone Call with Counsel to the Petitioner,” dated July 18, 2019 (July 18, 2019 Memorandum).} In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Governments of Canada, Indonesia, and Vietnam (GOC, GOI, and GOV, respectively) are providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of wind towers in Canada, Indonesia and Vietnam, and that imports of such products are materially injuring, or threatening material injury to, the domestic wind tower industry in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating CVD investigations, the Petitions are accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(E) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support necessary for the initiation of the requested CVD investigations.\footnote{See Petitioner’s Letters, “Utility Scale Wind Towers from Canada, Indonesia, the Republic of Korea, and the Socialist Republic of Vietnam: Responses to First Supplemental Questions on Common Issues and Injury Volume I of the Petition,” dated July 16, 2019 (General Issues Supplemental); “Utility Scale Wind Towers from Canada: Response to First Supplemental Questions on Canada CVD Volume III [sic] of the Petition,” (Canada CVD Supplement Response), “Utility Scale Wind Towers from Indonesia: Supplemental Questions,” and “Utility Scale Wind Towers from the Socialist Republic of Vietnam: Response to First Supplemental Questions on Vietnam CVD Volume VII of the Petition,” (Indonesia CVD Supplement Response), and “Utility Scale Wind Towers from Indonesia: Response to First Supplemental Questions on Indonesia CVD Volume VII of the Petition,” (Indonesia CVD Supplement Response), each dated July 17, 2019; and, “Utility Scale Wind Towers from Canada, Indonesia, the Republic of Korea, and the Socialist Republic of Vietnam: Responses to Second Supplemental Questions on Common Issues and Injury Volume I of the Petition,” dated July 19, 2019 (Scope Supplement).}
