Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to the EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments on the topic of this advisory activity, including the charge to the panel and the EPA review documents, and/or the group conducting the activity, for the SAB to consider during the advisory process. Input from the public to the SAB will have the most impact if it consists of comments that provide specific scientific or technical information or analysis for the SAB panel to consider or if it relates to the clarity or accuracy of the technical information.

Oral Statements: In general, individuals or groups requesting an oral presentation at the will be limited to five minutes per speaker. Interested parties should contact Dr. Holly Stallworth, DFO, in writing (preferably via email), at the contact information noted above by August 15, 2019, to be placed on the list of public speakers for the orientation teleconference.

Written Statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by Committee/Panel members, statements should be supplied to the DFO (preferably via email) at the contact information noted above by August 15, 2019, for consideration at the teleconference on August 22, 2019.

It is the SAB Staff Office general policy to post written comments on the web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its website. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: To request accommodation of a disability, please contact Dr. Stallworth at 202-564-2073 or stallworth.holly@epa.gov. To request accommodation of a disability please

contact Dr. Stallworth, preferably at least ten days prior to the teleconference, to give the EPA as much time as possible to process your request.
