SUPPLEMENTARY INFORMATION:

I. Introduction

Since 2005, DOL and participating State workforce agencies have been addressing individual reemployment needs of Unemployment Insurance (UI) claimants and working to prevent and detect UI improper payments through the voluntary UI Reemployment and Eligibility Assessment (REA) program and, beginning in FY 2015, through the voluntary RESEA program.

On February 9, 2018, the President signed the BBA, which included amendments to the SSA creating a permanent authorization for the RESEA program. The RESEA provisions are contained in section 30206 of the BBA, enacting new section 306 of the SSA. 42 U.S.C. 506. Section 306, SSA also contains provisions for funding the RESEA program.

The primary goals of the RESEA program are to: Improve employment outcomes for individuals that receive unemployment compensation (UC) by reducing average duration of receipt of UC through employment; strengthen program integrity and reduce improper payments; promote alignment with the broader vision of the Workforce Innovation and Opportunity Act through increased program integration and service delivery for job seekers; and establish RESEA as an entry point to other workforce system partner programs for individuals receiving UC. Core services that must be provided to RESEA participants are:

- UI eligibility assessment, including review of work search activities, and referral to adjudication, as appropriate, if an issue or potential issue is identified;
- Labor market and career information that address the claimant's specific needs;
- Enrollment in Wagner-Peyser Act funded Employment Services;
- Support to the claimant to develop and implement an individual reemployment plan; and
- Information regarding, and access to, American Job Center services and providing referrals to reemployment services and training, as appropriate, to support the claimant's return to work.

II. Background

Section 306, SSA, specifies three uses for amounts appropriated for the RESEA program and designates the proportion of annual appropriations to be assigned to these uses: (1) Base funding (84 percent to 89 percent of the appropriation depending on the year) for States to operate the RESEA program, (2) outcome payments (10 percent to 15 percent of the
