

also proposing updates to definitions in the survey glossary to provide more clarity.

The Board proposes the following revisions to the FR 3064b:

Remove question about number of merchant establishments (Section I, Question 5). Because information about the number of locations at which merchants accept payments on the respondent's network is not used in the Board's analysis, the Board is proposing to delete the question.

Remove question about offering an interchange fee schedules that differentiates between exempt and non-exempt issuers (Section I, Question 6). This question was originally included to enable the Board to establish whether payment card networks were offering interchange fee schedules that differentiate between issuers based on their status under Regulation II. The existence of such differential fee schedules has been established and can further be inferred from responses to subsequent questions in the survey. As a result, the Board is proposing to remove the question.

Remove questions about refunds of interchange fees to acquirers for chargebacks and returns (Section II, Question 2b, 2b.1, 2b.2, 2c, 2c.1, 2c.2, 2d, 2d.1, 2d.2, 2e, 2e.1, and 2e.2).

Currently, the survey poses a series of yes/no questions asking payment card networks if they refund to acquirers the ad valorem component, fixed per-transaction component, or the entire interchange fee for returns and chargebacks that compose an entire purchase transaction or a portion of it. These questions were originally included to address a series of issues that now have been resolved, so the Board is proposing to remove them.

Update Survey Instructions and Glossary of Terms. The Board is proposing additional language in the instructions to clarify reporting expectations for entities who own multiple networks. The Board is also proposing updates to definitions in the survey glossary to provide more clarity.

Legal authorization and confidentiality: The FR 3064 is authorized by subsection 920(a) of the Electronic Fund Transfer Act, which was amended by section 1075(a) of the Dodd-Frank Act.² This statutory provision requires the Board, at least once every two years,³ to disclose aggregate or summary information concerning the costs incurred and

interchange transaction fees charged or received, by issuers or payment card networks in connection with the authorization, clearance or settlement of electronic debit transaction as the Board considers appropriate and in the public interest.⁴ It also provides the Board with authority to require issuers and payment card networks to provide information to enable the Board to carry out the provisions of the subsection.⁵ The FR 3064 is mandatory. In accordance with the statutory requirement, the Board releases aggregate or summary information from the survey responses. In addition, the Board releases, at the network level, the percentage of total number of transactions, the percentage of total value of transactions, and the average transaction value for exempt and not-exempt issuers obtained on the FR 3064b. The Board has determined to release this information both because it can already be determined mathematically based on the information the Board currently releases on average interchange fees and because the Board believes the release of such information may be useful to issuers and merchants in choosing payment card networks in which to particulate and to policymakers in assessing the effect of Regulation II on the level of interchange fees received by issuers over time.

The remaining individual issuer and payment card information collected on these surveys is kept confidential under exemption (b)(4) of the Freedom of Information Act (FOIA) because, if released, this information would cause substantial harm to the competitive position of the survey respondents.⁶

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Report title: Reporting, Recordkeeping, and Disclosure Requirements Associated with Regulation NN.

Agency form number: FR NN.

OMB control number: 7100-0353.

Frequency: Event generated.

Respondents: Banking institutions.

Estimated number of respondents:

Reporting: 1; recordkeeping: 2; disclosure: 2.

Estimated average hours per response: Reporting: 16; recordkeeping: 183; disclosure: 787.

Estimated annual burden hours: Reporting: 16; recordkeeping: 366; disclosure, 1,574; total: 1,956.

General description of report: Regulation NN includes certain reporting, recordkeeping, and disclosure requirements for banking institutions that elect to provide foreign currency exchange services to retail consumers. The regulation applies to state member banks, uninsured state-licensed

branches of foreign banks, financial holding companies, bank holding companies, savings and loan holding companies, agreement corporations, and Edge Act corporations (collectively, "banking institutions") that engage in retail foreign exchange transactions.

Legal authorization and confidentiality: The reporting, recordkeeping, and disclosure requirements in Regulation NN are authorized pursuant to section 2(c)(2)(E) of the Commodity Exchange Act (CEA) (7 U.S.C. 2(c)(2)(E)). Section 2(c)(2)(E) of the CEA prohibits a United States financial institution and its related persons under the supervision of a Federal regulatory agency, such as the Board, from offering or entering into certain types of foreign exchange transactions with retail customers except pursuant to a rule or regulation prescribed by the appropriate Federal regulatory agency allowing the transaction under such terms and conditions as the Federal regulatory agency shall prescribe.

Regulation NN's reporting requirement (12 CFR 240.4), recordkeeping requirements (12 CFR 240.7, 240.9(b)(2), and 240.13(a)) and disclosure requirements (240.5(a), 240.6, 240.7, 240.9(b)(2), 240.10, 240.13(a) & (c)-(d), 240.15, and 240.16(a) and (b)) are mandatory for banking institutions that engage in retail foreign exchange transactions.

The reporting requirement under section 240.4 of Regulation NN requires a banking institution to provide a prior written notice to the Board that includes information concerning customer due diligence; the policies and procedures for haircuts to be applied to noncash margin; information concerning new product approvals; and information on addressing conflicts of interest. The disclosure of this information is reasonably likely to result in substantial competitive harm to the banking institution, and therefore, may be kept confidential under exemption (b)(4) of the Freedom of Information Act (FOIA), which protects "trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential" (5 U.S.C. 552(b)(4)). In addition, the prior written notice must also include a resolution of the banking institution's board of directors certifying that the institution has written policies, procedures, and risk measurement and management systems and controls in place to ensure retail foreign exchange transactions are conducted in a safe and sound manner and in compliance with Regulation NN. Generally, this resolution by the board of directors would not be accorded
